John McCarthy

COUNCIL ON AGING
Dorothy LeClair, Chairman
Mae Dickinson Linda Blakesley Bob Gray
Donna Clifford Karen Laptew
Bonnie King

BUILDING INSPECTOR
Joseph LeClair Jr.

DOG WARDEN
Ann Marie Clendenin

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Granville:

Two issues dominated the business of the Town during 1981. They were the continuing effort to achieve reasonable revenues from the City of Springfield's power generating facility located in Granville, and Proposition 2 1/2. Both issues involved cooperation between various boards and officials of the Town. Without this cooperation little progress would have been made.

The Springfield issue was persued on two fronts. Legislation and negotiation. A Bill filed on behalf of the Town by Representative Connelly passed the House but was blocked in the Senate by Springfield after two readings. This bill would have provided us with the opportunity to tax the generating facilities at "Fair Value" and a portion of the tunnel system conveying water to the generators. We have attemtpted to get this legislation through the legislature on two occasions and have not been successful. Negotiation with Springfield was somewhat more productive. An arrangment was drafted which would strike the restrictive $1,100,000 valuation from the existing law and provide defined revenues to the Town for a period of 5 years. At the end of that period we would be free to renegotiate with Springfield for payments or set a value on the Power facilities and tax the City accordingly. The Board of Selectmen feel that the 5 year provision is important since it permits the town to review the status of that facility under conditions prevailing at the time rather than being locked into a legislative arrangment permanently as we have been. This arrangment has been conveyed to the House committee on Taxation and they are sponsoring it in the legislature. At this writing the bill has passed the house and prospects are good for passage by the Senate. We are optimistic that this issue will be resolved before the end of FY 1981. It has taken a great deal of effort on the part of the Assessors, Treasurer, and other officials both past and present. The Board of Selectmen would like to acknowledge their efforts.

Proposition 2 1/2 has required the Town to make sacrifices in many areas. These sacrifices were not easy. Services to the town had to be reduced in some areas and much needed upgrades in equipment and facilities were delayed. Proposition 2 1/2 is still with us and will require continued reductions. With careful planning and cooperation the Town can provide necessary services to the residents of Granville.

Proposition 2 1/2 points out a need for cooperation. Officials and boards must work together and the residents of Granville must work with them. In some areas individual effort, such as recycling at the dump, can contribute directly to a reduction in the cost of services. In other areas the officials of the Town need input - what services should be reduced or increased and where should those benefits go. The Town meeting decides these issues. Attendance and participation at the Town meeting helps the Town boards to understand the wishes of the people. It is vital that the residents of Granville get concerned for their Town government. Attendance at Town meetings has been poor. Interest in holding elected office is very poor. Town offices had no candidates running for them in past years and the Board of Selectmen have found it difficult ot find people to appoint to fill these open slots. If our Town is to continue to provide quality government, it is important that every Citizen gets concerned about that government and takes the time to participate in it.

Richard N. Kirsche, Chairman
Frank W. Barrett
George Woodger
Board of Selectmen

REPORT OF THE FINANCE COMMITTEE

This past year, Granville was forced to labor under the constraints of Proposition 2½. For a small town such as ours, with very little excess to begin with, Prop. 2½ caused everyone involved in the budgeting process to take a long hard look for any reductions possible.

At the annual town meeting, a budget of $790879.68 was approved by the town. This was broken down by departments as follows:

General Government	4.4%
Highway Department	18.4%
Public Safety	2.7%
Health & Sanitation	2.5%
Public Library	1.4%
School Department	64.0%
Unclassified	6.6%
TOTAL	100.0%

At the special town meeting on 3 September the town agreed to provide an additional $18,000 to the school budget; $13,670 to pay for insurance, machinery, and firehouse bills. This money was from the cherry sheet showing funds being returned to us from the state. The balance of the cherry sheet monies, amounting to $15,924 was voted into free cash to offset any possible emergencies.

At another special town meeting on 11 January, the town voted to provide an additional $2,450 to the firehouse fund.

So far, there have not been any requests for funds to cover shortages in present budgets, but we do anticipate requests before the year has ended.

The Finance Board is pleased to welcome Tom Monteith who is replacing Stuart Egerton.

Granville Finance Committee
Conrad Clendenin, Chairman
Walter P. Pflumm
Mary Stosick
Richard Woodger

REPORT OF THE BOARD OF APPEALS

The Board of Appeals was involved in the following decision:

Ralph and Lynn Emerson were granted a permit to use a trailer as a dwelling while building their house.

Dean Lafrve was granted a permit to use a trailer as a dwelling while building his house.

William and Mary Tryon were denied a permit to have an Antique Shop on the advise of the town lawyer, who advised that the Zoning By-Laws do not allow the establishment of retail businesses.

Edward Roberts, Chairman
Millard Eller, Co-Chairman
Marilyn Hiers, Secretary
Donn Pendleton, Member
Harold Lovelace, Member
Ralph Dickinson, Alternative Member

REPORT OF THE LIBRARIAN

To the citizens of the Town of Granville;

1981 marked a record high year for book costs. Our book selection took on greater importance. Some of the extras had to go.

Our magazines are generously supplied by the Granville Library Club. We must maintain a collection of 35 magazines to meet state requirements. This entire bill is paid by the Library Club.

The Western Regional Public Library System has moved from Springfield City Library to Hatfield, Ma. Our Inter Library Loan book drop has been terminated. All requests now move through the mail. This costs the local patrons time. Due to a decrease in their budget, the Bookmobile stops once every 2 months. We miss not seeing them every month.

The Ladies of the town have maintained a coupon collection at the Library. This is a savings to all who take advantage of it.

A special thank you to the people who volunteered their time as substitutes.

Respectfully submitted,
Dena Benton, Librarian
Merrilee Connors, Assistant

Any Snow Days will be made up after last scheduled date.

GRANVILLE SCHOOL COMMITTEE REPORT

The Granville School Committee has spent the majority of its efforts this past year in dealing with the impact of reduced spending levels for education, and with attempting to define and improve educational goals and policies for the Granville School system in the fact of these fiscal restraints. It has been nearly an impossible task.

However, the Committee, in conjunction with the Superintendent, teachers, and interested parents, has embarked on a program to determine the philosophy and objectives of our elementary educational system. This group will then guide the school administration in updating our curriculum in order to meet those objectves. We hope that this project will be completed in 82-83.

The Committee has spent considerable time and study in investigating alternatives to the tuition arrangement we have had for high school students at Southwick. After thoroughly considering alternative tuition situations at Westfield; Granby, Conn.; and East Granby, Conn.; the Committee unanimously voted to continue sending its high school students to Southwick. These deliberations were widely reported in the local papers and Superintendent Josselyn has included a detailed financial analysis of the situation elsewhere in this report.

At the time of this writing the Committee is still involved in negotiating a two-year contract with the Granville Teachers Association. We are hopeful that these negotiations will soon be concluded to the satisfaction of both parties. Throughout the negotiating sessions, the Committee has tried to keep the best interest of its dedicated and competent teaching staff in balance with the fiscal realities that we face.

Much work is still to be done on the finalization of a budget for the fiscal year 1983. Your School Committee will continue to do all that it can to preserve and improve the quality of our schools in the years to come. We continue to enjoy the support and assistance of parents and citizens in this endeavor.

Respectfully submitted,
Avery W. Bates, Chairman
Sheridan H. Moore

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my fifth annual report as Superintendent of Schools for the Berkshire-Hampden Southwest School Union (Massachusetts School Supervisory Union #39), it being the eightieth of such reports.

Proposition 2½ - Effects & Implications

Proposition 2½ has had a serious effect on the Granville School system for the current school year and has even more gloomy implications for the future. In actuality the Granville School Committee budget increased by $1436 over the previous year. But to hold the increase to this level required action by the voters at a Special Town Meeting in September for the redistribution of additional state financial aid.

To meet the fiscal limitations the School Committee reduced the amount of art and music taught in the system, introduced some significant energy savings, reduced expenditures in books, supplies, equipment, teachers' salaries, transportation, field trips and the physical education program. These changes were introduced in spite of an inflation rate of 9.8% in 1981 which followed the high (13.5%) inflation period of 1980.

The current and future financial problems are exacerbated by the fact that 97% of the 1981-82 budget is found in a limited number of categories - especially those over which the School Committee has relatively little control. These are salaries (44%), tuition (38%), transportation (10%) and fuel and utilities (5%).

The truth of the matter is that there are relatively few directions in which the Committee can move to effect large savings. Closing the West Granville School would result in savings but would impose serious restrictions on programs at the Village School as well as severely straining facilities in that building.

Part of the problem lies in the fact that enrollment is remaining fairly stable. Since class size in each grade is in a satisfactory range there is little or nothing that can be done in terms of staff reduction.

The crux of the problem is that Proposition 2½ has taken away the independence and autonomy of Granville and all other local governments. What seemed to be an ideal tax limiting law has in reality turned out to be an outside force which limits a community's ability to deal effectively with its own affairs.

DETERMINATION OF TUITION COSTS

Tuition and transportation are two major ingredients of the Granville school budget. Most of us can understand why transportation costs continue to escalate since there is a direct correlation between miles traveled and increased fuel costs. The calculation of tuition at Southwick, however, is a more involved and complicated process. Since tuition costs are such an important factor in the Granville Budget and because it has presently become an issue it seems worthwhile to explain what is involved in its calculation.

First, it should be noted that the foundation for the coming year's tuition is based on the past year's state report. This means that the 1982-83 tuition is based on the reports of the 1980-81 school year. This procedure is used as a result of recommendations made by state auditors several years ago. It does mean that there is always a year's lag in computing costs. Generally, this reflects a lower per pupil cost than is actually occurring during the present year.

The items which determine per pupil costs are generally broken into two categories - Direct Costs and Indirect Costs. Direct costs include salaries; supplies; textbooks; library; guidance; athletic and student activity items. Indirect costs include custodial salaries, supplies and equipment; utilities; maintenance; new and replacement of equipment; and superintendent and general maintenance.

Up to the present time there have been some other Indirect Costs which were borne directly by the Town of Southwick and not listed in the school department budget. These items include Blue Cross and Blue Shield contributions from the town; payroll and legal costs; Building Insurance; Snow Plowing and Sanding; Retirement; and Short term interest.

The present Southwick School Committee has determined that the Indirect Costs borne by the town are indeed educational costs and should be included in the per pupil figures. Accordingly, half of the Town of Southwick's Indirect Costs are to be included in the 1983 tuition figures and the other half will be included in the 1984 tuition figures. The Southwick School Committee does not include the remaining costs of bonding and interest on Southwick High School although the Committee would be completely within its jurisdiction to do so.

All of these Direct and Indirect Costs are added up by category (Kindergarten, Elementary, Middle School, High School and Special Needs). The total is then divided by the number of students attending that school to reach a per pupil figure for each category. This figure then determines the tuition cost which is voted by the Southwick School Committee. The number of pupils served in each category is of crucial importance. Even though costs have been rising due to inflation, the decreasing enrollment, especially at the high school level, is even more critical. If fewer students are being serviced then it is almost automatic that the costs will increase.

The effects of Proposition 2½ would normally be felt in Fiscal '84 (school year 1983-84) since the current school year (1981-82) will be the basis for that determination. However, the fact that high school enrollment has declined again during this current year, plus the fact that the Town of Southwick has had to pick up the costs of additional Blue Cross-Blue Shield fees as well as unemployment costs may not lead to a static or reduced per pupil cost.

In the following record of recent Southwick tuition charges the comparison with the state average should be noted. The latest and most available state figures are for 1979-80.

SOUTHWICK TUITION CHARGES

LEVEL	1979	1980	1981	1982	State Avg. 1979-80
Kindergarten	700	700	550	625	1206
Elementary	1150	1200	1300	1450	1790
Middle School	1150	1300	1450	1600	2067
High School	1650	1700	1800	2100	2184
Special Needs	2400	2500	4950	4150	

Basic Skills Improvement

Testing in reading, writing and mathematics was instituted in grades 3 and 6 during 1980-81. This is a program which is mandated by the Massachusetts Board of Education and will be continued this year and in the future. It should be emphasized that this is a testing program which measures minimal competencies with the objective of identifying students who are lacking basic skills. The identified students are then given remedial help and retested until each meets the minimum standard.

I am pleased to report that all students met the minimal standard in all tests at the Sixth Grade level. In the Third Grade we had four students (19%) who did not meet minimal standards in writing; one (5%) in mathematics; and five (24%) in reading.

We are hopeful that future efforts will not only result in all students passing the basic skills testing program but will result in higher standards for all.

Summary

The reports which follow are part of this report. You are urged to read them and if you have questions the persons who wrote them will be glad to discuss them with you.

My thanks and appreciation go to the School Committee, Mr. Johnson, Mr. Rockwell, staff members, parents and the Union 39 office staff who help the school system function so effectively. Without the work and concern of all of these people the job of educating the young people of Granville would not be accomplished.

The dedication of Mr. Rockwell and the professional staff to the education of the children of Granville is most commendable.

Respectfully submitted,

Louis S. Josselyn
Superintendent of Schools

NO SCHOOL

The NO-SCHOOL signal will be broadcast on stations WTIC-1080, WHYN-560 and WLDM-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

WORK PERMITS

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from Christine at the Village School or from the Superintendent of Schools in Southwick.

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

This is my seventeenth report as Principal of Granville Public Schools.

Mrs. MacIver is back from maternity leave to half time. Mr. Kenneth Longstreeth is our new music teacher two days a week. Mrs. Barbara Sandman is doing physical education at West. Mrs. Myrna MacNair is Special Education Aide almost full-time. Mr. Ronaid Albee replaced Dana Lessard as custodian at Village School.

We have a committee working now on a philosophy for our school. We will be going from philosophy to curriculum work. This does not infer we have not had either but we are trying to make them current. This committee has School Committee, staff, and parents represented. Your input is requested.

The school is still operating during afternoons and evenings as a social center and a center for many activities. Most of the week something is going on.

We have had several people contribute to parent letters. These letters have come from people who have spent time here in many ways. We have a few people who spend a day a week at school being most helpful. The development of responsibility in this individual age is not easily done on a twenty-five to one basis so these helpers are a great asset.

We would like to thank many people who work for youth in town such as the Recreation Committee, Library Committee, Church, and just the everyday support of those in the neighborhood. Interpersonal development is one of the most difficult tasks we face. For some reason or reasons, going to school is not a simple effort. All children do not face school easily. Some children find school confusing. We want to thank all those who are willing to light a candle rather than curse the darkness.

A special thanks to Mr. Bergeron for writing last year's report. A special thanks to the School Committee who spend many hours working on our behalf. A special thanks to the Superintendent, Mr. Johnson, and their office staff who are a great help.

We are blessed with your youth. It is mostly their good will that keeps us happy and moving in the right direction. They make this mostly a happy place for all of us.

Sincerely,

Everett O. Rockwell

REPORT OF THE SCHOOL NURSE

I hereby submit my fourth annual report as School Nurse for the Granville Public Schools.

The spring immunization clinics continue to provide all student with the opportunity to stay up-to-date with their immunization needs.

In March '81, the film "Naturally...A Girl" was shown to the 5th and 6th grade girls.

In May '81, postural screening was done on all 5th through 8th grade students, in compliance with Chapter 71 Section 57 of the Massachusetts General Laws. Some students were referred to their family physicians for further observation. In June '81, the film strip "The New You Coming-for Boys" was shown to the 5th and 6th grade boys.

In October '81, Dr. Beattie did physical examinations on 35 students in Kindergarten, 4th and 7th grades. The remaining 34 students from these grades had physicals done by their private physicians.

Vision and Hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physician.

I have made home visits to those parents whose children are undergoing full 766 Special Needs evaluations.

I continue to enjoy my work with the children of Granville. I wish to thank Mr. Rockwell, all parents and staff for their continuing cooperation in meeting the health needs of all students.

Respectfully submitted,

Linda Duval, R.N.

REPORT OF THE CAFETERIA MANAGER

To the Superintendent of Schools:

This is my 20th Annual Report as Manager for the Granville Public Schools cafeteria.

The inflation problem is as large here as it is at home. We have taken advantage of can-can sales at Shop Rite to Keep up. We hope to break even on our .50¢ lunch, one of very few .50¢ lunches left. Susan Behl is serving lunch at West as part of her Aide position. The mini-bus carries lunch to West.

We need greater numbers to help us after fixed charges.

Government commodities seem to be the same as usual but short on meat.

Thanks to all those who are friends of lunch. Thanks also to Joan Miller as the first Assistant for Lunch.

Respectfully submitted,

Arlene B. King

REPORT OF THE PUBLIC LIBRARY

July 1, 1980 to June 30, 1981

Respectfully submitted,

Joanne E. Fuller, Trustee

REPORT OF RECYCLING COMMITTEE

To the Board of Selectmen, Granville

Gentlemen:

After approximately eight months of concentrated effort in the Recycling Program, I would like to bring you up to date on our progress. As you know, the primary emphasis has been on the recycling of glass, paper, and aluminum, with some cardboard as limited storage space permitted. You will recall that we agreed that the proceeds from glass would go to the town, and that earnings from paper and aluminum would be placed in the school Activities Fund. Expenses would be paid out of earnings. (Please see attached financial statement.) You should know that expenses were paid in cash and by cheque. Before his summer trip, Everett Rockwell used the school account into which proceeds from recycling were deposited. During his absence, in order to facilitate matters, I opened a NOW account at Woronoco for the Granville Recycling Committee on which Chris Schultz and Molly Barrett are co-signers.

Our objectives were many-fold: to reduce the operation cost of the dump; to provide income for special school activities, and to educate the citizenry -- making them aware of the benefits, philosophical and real, of such a program by creating an awareness of the need to conserve energy, land-fill space, and resources through recycling. Thanks to the efforts of a small but diligent committee, a good start has been made. Please understand, as you consider this program and its results, that: (1) the market for recycleables varies (price is a function of demand, not supply;) (2) savings to the town are a function of price per compactor load and numbers of loads reduced by keeping recycleables out of the compactor; (3) it is impossible to determine what portion of the total population is actively recycling.

The following observations and suggestions are based on the committee's experience since May, 1981.

GLASS: (two options)

I. Recycling Enterprises of Oxford, Ma. will pick up. Should be a minimum of 15 tons to get his best price per ton. He will negotiate for lower price if we don't meet his mimimum weight requirement

Glass must be color-sorted and "uncontaminated" (i.e., must be free of sand and dirt.)

Town labor is required to load glass.

In order to meet the 15-ton requirement, it looks as if an additional bin for white glass will be necessary.

II. American's United Recycling in Chicopee, Ma. offers consistently higher prices, but no pick-up service. Their quality controls are strict and well-enforced.

Glass must be color-sorted, metal-free, and absolutely "uncontaminated."

Town labor and equipment for loading and delivering would be required.

Time involved in sorting and removing of metal would obviously be greater.

Earnings on glass are modest, particularly when the glass is picked up, but savings are substantial in terms of bulk kept out of the compactor. Even with a bottle bill in Massachusetts, there should still be enough volume to justify separating it -- perhaps the volume would increase with heightened awareness on the part of the public of the value of glass. I would strongly recommend that the glass bins be covered, if only with chicken wire. Careless or deliberate mis-sorting of glass causes needless hours of labor in undoing the damage and, sometimes, so damages the contents of a bin that they become worthless.

To date, the control and sorting of glass has been done by volunteers and the moneys have gone to the town. I would recommend that, in the future, this be a function of the dumpmaster.

PAPER: Sunoco, in Holyoke, Ma., offers far and away the best price in the area for paper. These prices vary and are a function of demand. In addition, the set-up at Sunoco is ideally suited to our delivery system. -- To minimize labor, we need to be able to dump large quantities of loose paper.

Richard Woodger has made his silage truck available for deliveries at a cost of $50 per load (approx. seven tons.) Paper is loaded by hand and with the assistance of the town front-end loader. We depend on student aid for manpower and have also relied on help from the town crew.

Paper should be stored in truck, either in brown bags or tied in bundles.

> Newsprint should comprise 70% of total with no more than 30% magazines and mixed paper. (Pure newsprint would bring a much higher price if we had a market for it -- a possibility for the future.)
>
> No brown paper, no rubber bands, no plastic and no carbon.

The town probably saves the cost of a compactor load for every seven tons of paper recycled. Judging from the volume of paper coming into the truck, the townspeople seem to be responding very positively to this aspect of the program. This system works well as long as Richard Woodger can provide the hauling service. Control of the contents of the truck requires time which should be provided by volunteers if the school fund is to benefit from income derived from paper recycling. If enough volunteers cannot be obtained to provide labor and supervision of children in paper and aluminum recycling, then the town should keep all the money from glass and aluminum and pay only for unloading of the truck by students. I would be sorry to see the school lose this opportunity to raise a fairly substantial amount of money. However, if the town provided the labor, it should realize the profits.

It should be noted that Mr. Derrig has been very supportive of the recycling program, particularly in sponsoring paper drives at school and organizing and working on the unloading operations. He feels that it is a learning experience for the children and an opportunity for then to raise funds for special projects at school.

For safety and ease of loading, I would recommend that the trailer be dropped to ground level -- assuming, of course, that it is not roadworthy. At the very least, the stairs should be repaired.

Finally if a volunteer program fails to materialize, the town will have to decide whether or not to continue recycling paper and would have to make its own commitment to providing the necessary labor. There is really no reason why the dump-master's responsibilities could not include the management of paper recycling.

ALUMINUM: Commercial Distributing Co. of Westfield, Ma. buys 100% aluminum cans at a consistently compettitive price. To date, volunteers have delivered cans to Westfield when a sufficient volume has been accumulated.

Labor required to process aluminum is considerable. Bi-metal cans must be weeded out and cans must be smashed to reduce bulk.

Only 100% aluminum cans can be recycled.

The town must provide secure storage, at the dump for aluminum. To date, it has been carted out and stored privately at the end of each dump day.

Experience has taught us that we should confine ourselves to the recycling of 100% aluminum cans only. The labor required to prepare scrap aluminum makes it impractical to recycle at this time. It is necessary to sort and smash aluminum. Again, if the proceeds are to go to the school, volunteers should provide the labor. Otherwise, the dumpmaster should be in charge. We have kept five-cent deposit cans separate. They are a valuable source of income.

CARDBOARD: Sunoco buys "corrugated" at top price. The facility is adapted to bulk delivery. The town would have to haul or pay Richard Woodger a delivery fee.

Proper and adequate storage must be provided for clean, dry card board and some sort of provision should be made to facilitate the breaking down of the cardboard, and the bailing of same.

While the income from recycled cardboard is not great (volune to weight ratio is poor and labor involved is considerable), the savings would be substantial if all cardboard were kept out of the compactor.

This is a town decision. Labor and supervision have to be provided by the dumpmaster. If the town decides against the recycling of cardboard, people could still be required to break down the cardboard thus relieving in some measure the load on the compactor.

SPECIAL CATEGORIES: Plastics, batteries, tires, used motor oil, etc.

As markets develop for these items, and as the cost of rubbish disposal rises, these items, to name but a few, will become valuable recycleables. Right now, Bob Alden is heating his garage with "recycled oil" -- perhaps he could use more, or perhaps the Town Barn might consider such a system. This year alone, Smitty made $171 for the Recycling Program on batteries.

It is gratifying to see the extent to which the townspeople have supported this program. However, it is unrealistic to think that it can be sustained by volunteers. Much of the recycling work is very physical. The dumpmaster needs to be given specific recycling rules to enforce and a means whereby to enforce them. A more precise definition of the dumpmaster's responsibilities and some real communication from the Selectmen's Office would be helpful.

It is clear that "solid waste management" is a problem that the town must face in a business-like manner. My objective in launching recycling was to prove that Granville could benefit economically from such an effort -- in terms of savings as well as earnings. Hopefully, the enclosed financial statement will speak for itself!

In my opinion, a recycling program such as I have described should be manageable for an unassisted dumpmaster, particularly if the townspeople are made aware of their responsibilities through specific regulations.

Earlier this year, you asked how and by whom the School Activities Fund is administered. That is a question best addressed to Everett Rockwell who will be able to tell you how the money has been put to use up to this point. It is important that you communicate with him in the course of determining how much of a commitment the town wishes to make to recycling.

This report would not be complete without some attempt to explain how we had hoped the volunteer aspect of this program would work. The objective of recycling was to generate funds for school activities as well as to save town expenses. In addition to trying to create an understanding of the inportance of conservation on the part of our youngsters, we had hoped to enlist their active participation. Implicit in that plan was the assumption that there would be adults who were willing to take on the supervision of the children at the dump. Their basic responsibilities were to have been the management of the paper truck, the sorting and smashing of aluminum, and the sorting of glass. As an incentive, we agreed to pay our junior helpers 50 cents an hour (subject to budgetary fluctuations) after each ten-hour unit of work. No worker was to be given credit for more than two hours on any given day -- subject to the discretion of the supervisor. The adult in charge was to rate each child's performance -- Superior, Average, or Below Average. This was done to establish a record for each child which he could use as a job reference.

Sad to say, the program died a-borning. There were a few reliable hardworkers, but not enough to carry the program. More serious was the lack of adult participation. After a summer in which only three regulars (adults) carried the load, it was decided that, if the school was to continue to be beneficiary of this program, a minimum of eight adults from eight different families (one per class) should be willing to commit themselves to one Saturday in every eight weeks at the dump. Hopefully, this would keep the activity from becoming too much of a chore. Despite considersble publicity and pleas for help, not to mention the financial incentive, we have had only four families volunteer and, of those, two have been mainstays of the program.

In addition to the actual labor performed at the dump, it is necessary to consider numerous hours involved in coordinating the recycling activities and the keeping of records.

Finally, my personal commitment to the concept of recycling is obvious. At the same time, I realize that the town must make its decision based on practicalities. I undertook this project to try to prove that a recycling program is viable and desirable to the town as a function of the economical management of the dump. Hopefully, foregoing will provide you with the information you need to resolve the issue constructively.

Respectively yours,

Molly H. Barrett
Molly H. Barrett

REPORT OF THE HIGHWAY DEPARTMENT

This winter we used a great deal more sand and salt than in the past two winters, also fuel and gasoline.

More plowing and sanding and overtime have drained our funds to almost nothing as of March 1st.

Many of the storms hit on weekends where we had to work Saturday and Sunday which added to the overtime.

Granted we are not alone, most all towns are in the same situation.

Having our own sand supply at the pit saved us money and time. We would like to stock sand again this year if possible and keep adding to what we already have.

We have a lot of limbs and brush to clean up this year caused by the ice storm. This will be done before our regular spring work of sweeping sand, cleaning catch basins and regular maintenance.

We were unable to overlay with type I last year because state funds were not received in time. This year we have funding to do some overlay work.

Respectfully submitted,

Arthur Sheets
Highway Superintendant

REPORT OF THE PLANNING BOARD

During the year 1981 the Planning Board received 12 plot plans and one subdivision. We meet every first and third Mondays at the Town Hall during the good weather and from November to May at the Library.

Respectfully submitted,
Philip Dickinson, Chairman
Arthur Anderson
William Boucher
Wilson Rider

BUILDING INSPECTOR REPORT

Julius Holl of Southwick is the Plumbing Inspector. Carl Bloomberg, Main Roadf gave up the job of Electric Inspector because of ill health. We are looking forward to Carl picking up enough to come back to do the inspecting.

The following permits were issued in 1981:
Homes – 8
Garages – 1
Barns – 1
Additions – 4
Sheds – 1
Wood Stove – 9
Total cost of construction – $368,250.00.

Joseph W. LeClair, Jr.
Inspector of Buildings

Conrad Clendenin

REPORT OF THE GRANVILLE FIRE DEPARTMENT

Since July 1, 1981 through March 6, 1982, we have had a busy year. There have been 14 fire calls and 83 ambulance runs.

Regardless how many firecalls or ambulance runs are involved, it is very rewarding to know we could help somebody or some family.

We have cleaned and inspected lots of chimneys this year. It is a service the Fire Department performs to help keep hazards down in town. Call us anytime.

We have had several rather large donations this year. Through these, we've been able to buy a new Anatomic Annie for CPR training and a valve for our new tanker. The Women's Auxiliary donated $1,500.00 for a new pump and the Fire Department spent $1,500.00 on a new tank. It was finally put into service in November of 1981. It's a great improvement over the old tanker - plus it carries 800 gallons more water.

We are at this time running another EMT course to keep enough qualified personnel for ambulance service. We have two firefighters that have graduated from the Hartford County Fire School, and by the end of this year we will have several more. I hope taxpayers realize that all this fire and ambulance service costs the town each year is maintenance on vehicles, gas and oil, heat, and maintenance of the buildings. The rest of the cost for supplies, etc. are paid for by donations or fund raisers.

I would like at this time to thank the Ladies Auxiliary for their financial help throughout the year. Also, their moral backing and coffee and sandwiches they bring when we are at a lengthy fire is much appreciated.

I would like at this time to say this report is in part a memoriam to one of our firefighters, Robert Shaw. He was a very dedicated fireman and a graduate of Hartford County Fire School. He was killed in a tragic accident on Granville Hill late last fall.

Harlon Hansen, Chief

REPORT OF THE POLICE DEPARTMENT

Despite a 35% budget-cut over the past year, your Police Department has had a successful year.

Gasoline thefts seemed to be the fad for 1981. It did, however, prove to be an unhealthy fad with a high conviction rate in Westfield Court.

Our activity in investigating these crime's lead to success in other areas including lower accident and B & E rates. While patrol hours were down due to budget cuts, patrols were of a more visable nature which act as a deterrent.

Traffic citations were up again this year with a greater percentage of complaints. This corresponds to a reduced accident rate. We can only believe that citation activity acts as a deterrent to high speed driving, thereby reducing the accident frequency.

Above we mentioned that the B & E rate dropped over 1981, however, it should be noted, that the value of items stolen increased. Our best deterrent against this type of crime is the alert citizen. If you see a strange car, write down the plate number and don't be afraid to report it. One case lately involved four separate citizen reports of a strange car. The car was on proper business, but it was good to know that neighbors do care and are concerned enough to help.

Paul Holcomb, Police Chief

Report of
Granville Center Water Company

To The Honorable Board of Selectmen of the Town of Granville, Massachusetts

Gentlemen:

In accordance with the provisions of Section 12 of Chapter 466 of the Acts of 1910, we submit herewith the following itemized statement of receipts and expenditures of the Company for the calendar year 1981:

Receipts

Water Rents:		
Minimum Charges	$2,613.	
Excess Charges	44.	$2,657.
Interest - Westfield Savings Bank		79.
Total Receipts		2,736.

Expenditures

Insurance	100.	
Taxes - Municipal, State and Federal	827.	
Maintenance of Transmission System	82	
Superintendance	125.	
Accounting Service	600.	
Office Supplies and Expense	17.	
Power Purchased	307.	
Fees and Licenses	66.	2,124.
		$ 612.

Note: In addition to the foregoing expenditures the Company has, during the year, charged to operating expenses and carried to Reserve for Depreciation an amount of $250.

Respectfully submitted,

GRANVILLE CENTER WATER COMPANY

By J Houser
Accountant

REPORT OF THE COUNCIL ON AGING
(Federal Law, January 4, 1975)

The Selectmen appoint seven members to the Granville Council On Aging. We have numerous volunteers who help us supply the following services.

The Senior Trolley, a bus available to the Seniors, is for doctor visits, shopping etc. Bob Gray is the dispatcher.

Mim Rockwell along with Donna Roberts and numerous volunteer E.M.T.'s conduct blood pressure clinics, every other month on the 3rd Tuesday. This service is open to all townspeople.

Highland Valley Elder Service Center provide a nnontime meal "Meals-On-Wheels" for Senior shut-ins. Priscilla Buy organizes this project.

Cards of cheer are sent to the Senior shut-ins by Helen Johnson.

Bonnie King is in charge of the Tuesday luncheon and drop in. Bonnie picks up the meals, ably prepared by Arline King and Joan Miller at the Village School, serves the food and cleans up. Marion Hooper keeps track of reservations. Visiting and card playing follow the noon meal. Bonnie also organizes out of town activities. Sue Michnovez makes a special cake for the "birthday luncheon", which is observed on the 3rd. Tuesday of each month. Bonnie sends cards to the Seniors having birthdays in that month and all enjoy the treat. The Council pays for part of the lunch and supplies some of the staples.

The Country CAller is our town newspaper, delivered to each family in town. Anna Hansen does an excellent job of keeping track of subscriptions and typing the labels. Karen Laptew gathers the material and along with Rose Copeland, Molley Barrett and Mary Ann Burns edit the paper. We have volunteer typists and printers. Leona Clifford, Marion Hooper and Edna LeClair collate the paper. The cost of supplies and postage keeps rising. Without the contributions we could not continue.

As always a very hearty "thank you" to all of our volunteers. Without them we could not supply these services.

Respectfully submitted,

Linda Blakesley,Secretary; Karen Laptew, Treasurer;Donna Clifford,
Mae Dickinson, Robert Gray, Pat Hodur, Bonnie King and Associate Members.

DOG OFFICER'S REPORT

The time period from July 1, 1980 through June 31, 1981 was a relatively quiet period. Seven stray dogs were destroyed, three were placed in good responsible homes and one dog was returned to the owner.

Even though economic conditions are very poor and animal problems are the lowest priority, much more attention is being given to the overpopulation of cats and dogs, the suffering it causes and all the human and financial problems it brings. As of this writing, it is anticipated that a regional dog pound complete with a low cost spay and neuter program will open July 1, in Agawam and will service cities such as Springfield that has an overwhelming dog problem. It is a step forward in the right direction. However, because Granville is handling so few strays it would not be to our advantage to be part of this program.

I have been doing animal welfare work for ten years and I hope I have made a positive difference in this town. I know that I have seen the number of strays drop, and that more and more pet owners are spaying or neutering their cats and dogs. When I get a "holdout" who continues to let his cat breed and breed, and then finally has it spayed, this is most gratifying. I have been known to nag a person so much, that he finally gives in and has the animal done to get me off his back.

Dr. Martinell of the Southwick Animal Hospital held a rabies clinic for Granville in April. The clinic was well advertised and many pet owners took advantage of it. Dr. Martinell kindly split the profit from the clinic between Concerned Citizens For Animals, Inc. and the Granville Ambulance Fund.

My capacity as dog officer is to care for the stray and lost dogs and cats. If dog complaints cannot be worked out neighbor to neighbor, then the selectmen must be notified in writing.

I would like to see the coming year produce even less strays. You can help me by being a responsible pet owner. Have your female cats and dogs spayed, your male cats and dogs neutered and keep them at home where they belong. A licensed dog wearing a tag may mean the difference between a returned pet and a hopelessly lost dog.

Sincerely,
Annmarie Clendenin
Dog Officer

RECREATION COMMISSION

To the people of Granville:

We of the Recreation Commission submit this report in appreciation for your continued support for recreational programs for the community. A very special thanks to all the dedicated and hard working coaches who helped to insure the sucess of this past year's soccer, baseball, softball, and kickball teams. Also thanks to the parents and children who worked with them. Other sponsored activities have included the making of secret May Day baskets by youngsters for Granville's senior citizens, summer game nights for the entire family, and a creative writing contest in honor of National Education Week for grade school children.

The 1981 Independence Day celebration was one to remember as the townspeople enjoyed a dance, movies, the big parade capped by inspiring speeches, a runner's marathon, picnic and games, all with the theme "Seems Like Old Times". We greatly appreciate all the donations of time, effort, and materials given enthusiastically by the townspeople who made this traditonal event very special. We were fortunate to have been able again to offer the popular Red Cross course in swimming and water safety skills to Granville youths at Hier's Lake. Many thanks go to the Buys for allowing us use of their property. Hopefully we will be able to offer this valuable program again this coming season.

The All Hallow's Eve festival on the town green this year was a grand sucess- complete with magician, games, treasure hunt, haunted house, hayrides, and dances. Thanks are due, again, to all those who helped or gave donations. We appreciate you. Winter brought more outside fun with the 2nd annual Snow Picnic in Feb. when over 60 children gathered together to enjoy a full day of skating, skiing, and games, and built snow sculptures.

As we round out a second year as commission members we have found that a sucessful year of recreational programs depends much less on funds than on enthusiastic volunteer help and willingness to share ideas, time, efforts, and materials. Granville, it seems, is wealthy in both human and natural resources, creating limitless opportunities for recreation. We the commission have greatly appreciated your help and support and respectfully submit this report.

BUILDING INSPECTOR

Joseph LeClair Jr.

REPORT OF THE BOARD OF SELECTMEN

Money was expected to be very tight this year, but because of the effort of the Tax Collector to collect back taxes and state reimbursement for flood damage of a year ago, the surplus has turned up large this year. That, with a tuition surplus from the school department, has made enough money available to satisfy most department requests. This has allowed the Finance Board to present a budget that lives with the 2½ requirement and holds taxes about the same. Property values have risen as indicated by the assessors posted information memo. This should not affect the tax dollars. Some may go up others down but not in any large amounts. We should point out that the collecting of back taxes and flood money's came at a good time but is a one time deal.

The Town Hall has been shut down for the winter to save fuel, but has proven a larger inconvenience than expected. Next winter it is proposed to shut off the water and turn the heat on when the hall is needed and use the toilet facilities in the Fire House. This would make the Town Hall available and keep the fuel bills to a minimum.

The Grange is dissolving and is offering the old grange property to the town. We recommend the acceptance of this property. We continue to recommend a change in the by laws to allow more flexibility for the Appeals Board.

We have run into many legal problems this year and our costs have tripled in the area. We expect they will remain high because of the complexity of todays rules and the demands of the people.

SELECTMEN'S REPORT
July 1, 1981 to June 30, 1982

FINANCE COMMITTEE REPORT

It is a pleasure to report that Granville is successfully coping with the restraints of Proposition 2½. The cooperation of all the departments has led to a financially successful year.

At the 1982 Annual Town Meeting, a budget of $837,626.00 was approved by the town for year ending June 30, 1983. This was broken down by departments as follows:

DEPARTMENT	PREVIOUS YEAR	Y/E 6/30/83
General Government	4.4%	3.9%
Highway Department	18.4%	12.8%
Public Safety	2.7%	2.6%
Health & Sanitation	2.5%	2.7%
Public Library	1.4%	1.4%
School Department	64.0%	66.0%
Assessors	*	1.3%
Unclassified	6.6%	9.3%
Total	**100%**	**100%**

* Included in unclassified for previous year.

The Finance Board is pleased to announce Richard Woodger as our new chairman and Jim Roberts as a new member, replacing Conrad Clendenin.

GRANVILLE FINANCE COMMITTEE:

Richard Woodger, Chairman
Tom Monteith
Walter Pflumm
Jim Roberts
Mary Stosick

REPORT OF THE BOARD OF APPEALS

The Board of Appeals was involved in the following decisions:

Edward Gogal was granted a variation from the Zoning By-Laws so as to permit the building of a porch addition and root cellar up to within 22 feet of the Stevenson line.

The Granville Mountain Realty Trust was granted a permit for "The Mill in the Meadow", Natural Food and Fitness Center—to provide room and board while teaching organic, natural food preparation, and total fitness through diet, exercise, and attitudes.

Edward Roberts and Donn Pendleton resigned from the Board last summer. We thank them for their many years of dedicated service.

Millard Eller, Co-Chairman
Marilyn Hiers, Secretary
Harold Lovelace, Member
Ralph Dickinson, Alternate Member

REPORT OF THE TOWN CLERK

NOTICE OF ANNUAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden ss
To either of the Constables of Granville

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on June 14, 1982 at 7:00 P.M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen, Tax Collector, Treasurer, Assessors, School Committee and act thereon:

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming months, Fiscal 1983.

Article 3. To see if the Town will vote to use Revenue Sharing Funds as follows: Town Dump, $18,500.00, Fire House Maintenance, $6,500.00, Fire and Police Fuel, $3,000.00.

Article 4. To see what sums the Town will appropriate for General Government.

Article 5. To see if the Town will vote to carry over the sum of $4,902.47 to be used by the Board of Assessors to update and improve the Town Assessment.

Article 6. To see if the Town will vote to raise and appropriate the sum of $1,500.00 to update and improve the Town Assessment records.

Article 7. To see if the Town will vote to carry over the balance in the Assessor's Legal.

Article 8. To see if the Town will vote to raise and appropriate the sum of $1,500.00 to initiate work on the Assessor's map.

Article 9. To see what sums the Town will appropriate for General Highway purposes.

Article 10. To see if the Town will vote to raise and appropriate the sum of $23,250.00 or such other amount the State may provide for the construction of town roads under the provisions of Chapter 577, Sec 8 (1980).

Article 11. To see if the Town will vote to raise and appropriate the sum of $33,417.00, or such other amount made available by the State to be used for highway purposes. These funds to be expended in anticipation of reimbursement from the State.

Article 12. To see if the Town will vote to raise and appropriate the sum of $20,000.00 for the Road Machinery Account.

Article 13. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 14. To see if the Town will vote to carry over the balance in the Police Cruiser Maintenance Account.

Article 15. To see what sums the Town will vote to appropriate for Health and Sanitation.

Article 16 To see if the Town will vote to raise and appropriate the sum of $306.00 for the Westfield Area Mental Health and Retardation under the provisions of Chapter 735 of the Acts of 1966 as amended.

Article 17. To see what sums the Town will vote to Veterans Administration.

Article 18. To see if the Town will vote to carry over the unused balance for veterans benefits.

Article 19. To see what sums the Town will vote for Veterans Benefits.

Article 20. To see if the Town will vote to change the base year for calculation from fiscal 1979 to fiscal 1981 under Chapter 782 that provided that cities and towns under 2 1/2 in fiscal 1981 may use either that 1981 percentage or the fiscal 1979 percentage up to a maximum of 2 1/2%.

Article 21. To see what sums the Town will appropriate for the Town Library.

Article 22. To see if the Town will vote to transfer from surplus the sum of $1,250.00 for the Library in anticipation of being reimbursed by the State.

Article 23. To see what sums the Town will appropriate for Educational Purposes.

Article 24. To see if the Town will vote to raise and appropriate the sum of $5,442.00 for the purchase of one new mini school bus and authorize the Treasurer to borrow the sum of $8,358.00 for two years toward the purchase of the bus and to authorize the school committee with the approval of the Selectmen to sell, trade, or dispose of the used vehicle it replaces or take any action thereon.

Article 25. To see what sums the Town will appropriate for Unclassified Departments.

Article 26. To see if the Town will vote to accept the provision of General Laws, Chapter 323, Section 7A; "Shall the Town, in addition to the payment of 50% of a premium for contributory group life insurance for employees in the service of the Town and their dependent, pay a subsidiary or additional rate".

Article 27. To see if the Town will vote to increase the Town percentage for the premiums for contributory group life and health insurance from 50% to 65%.

Article 28. To see if the Town will vote to carry over the balance in the Memorial Day Fund.

Article 29. To see if the Town will vote to raise and appropriate the sum of $100.00 for Conservation Commission maintenance.

Article 30. To see if the Town will vote to raise and appropriate the sum of $1.00 for the Conservation Fund.

Town of Granville
Office of the Town Clerk
Granville, Massachusetts

Commonwealth of Massachusetts
Hampden ss
To either of the Constables of Granville

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville, in said county, qualified to vote in Town Affairs to bring in their votes at the Town Hall in Granville Center on April 12, 1982 to elect candidates for the following offices, the polls to be open at 10:00 A.M. and close at 8:00 P.M.

1 Moderator for one year
1 Selectman for three years
1 Assessor for three years
2 School Committee for three years
1 Auditor for one year
1 Library Trustee for three years
1 Recreation Commission for one year
1 Planning Board for three years
2 Planning Board for two years
1 Planning Board for one year
1 Constable for three years

And you are hereby directed to serve this warrant by posting attested copies, thereof, in each of the usual places in the Town for posting such notices seven days at least before the time of holding said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 3rd day of April 1982.

Richard N. Kirsche
Frank W. Barrett
George E. Woodger
Board of Selectmen

I have served this warrant by posting true and attested copies in each of the usual places in Town for posting such notice.

Constable
Paul Holcomb

RESULTS OF THE ELECTION:

Moderator for 1 year	Edward C. Roberts	55
Selectman for 3 years	Richard N. Kirsche	52
Assessor for 3 years	Edward A. Jensen, Jr.	53
School Committee for 3 years	William C. Bacon	50
Auditor for 1 year	Frank W. Barrett	51
School Committee for 3 years	Margaret Jones	46
Library Trustee for 3 years	Carol C. Pflumm	47
Recreation Commission for 1 year		
Planning Board for 3 years		
Planning Board for 2 years		
Planning Board for 1 year		
Constable for 3 years	Conrad R. Clendenin	14
	Albert Benham	44

Schools close June 26 or whenever 180 days have been completed.

GRANVILLE SCHOOL COMMITTEE REPORT

At the time this report goes to press, the School Committee is preparing its budget for presentation to the voters at the Annual Town Meeting. This budget will once again reflect austerity constraints imposed by Proposition 2½. The Committee will endeavor to provide for the best educational services for the town, consistent with these restraints in this, our third year, under Proposition 2½. Because such a large percentage of our school budget is composed of expenses over which we have little or no direct control (Chapter 766 Special Education and Secondary School tuition), the impact of spending limits becomes more severe on those areas where we do have direct control. (Teaching staff, general education programs, supplies, etc.) Only because of an unanticipated decline in high school enrollment during the current year, was the Committee able to reinstate programs of instruction in Art and Music which were not funded at the time of the Annual Town Meeting.

The Committee is hopeful that it will not be necessary to eliminate any educational programs during the 83–84 school year. This is possible because of anticipated savings in heating and transportation fuels, coupled with basically level or reduced spending in most other areas. One major expense item that is not clear yet is teacher's salaries. The Committee is presently negotiating a contract with the Granville teachers. We expect that these negotiations will be complete by the Annual Meeting.

Once again, the Committee wishes to point out the unfair burden placed on general education (Chapter 70) by the state-mandated requirements of special education (Chapter 766). Because they are not totally funded by the state, the cost of these programs has been met at the expense of general education. The Committee feels that all Special Education programs required at the state level should be totally funded by the state — not the Town of Granville. A bill which would require full funding by the state for Special Education is before the 1983 legislative session. We urge your support of this measure.

The Committee would like to acknowledge the dedicated and professional services given by the teachers and administrative staff over the past year. We also would like to thank the many parents and citizens who have volunteered their time and effort for the benefit of our schools. Through this wonderful support we are able to continue many of the programs and services which would otherwise be impossible.

Respectfully submitted,
Avery Bates, Chairman
Sheridan H. Moore
William C. Bacon
Daniel L. Stosick
Denise M. Czapracki

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my sixth annual report as Superintendent of Schools for the Berkshire-Hampden Southwest School Union (Massachusetts School Supervisory Union 39), it being the eighty-first of such reports.

Have Our Schools Been Successful?

We expect a great deal from our public schools. . . .and we should! We have, for example, expected our public schools to help integrate our society. We require our schools to prepare students to deal with the social, political, technological and economic problems our nation will face in the future. We expect our schools to provide students with a firm foundation in the basics. And we expect our schools to provide that kind of education for *all*, not just the chosen few.

For awhile, test scores dipped as our nation extended educational opportunities to those who had been neglected. But the tide is turning. Here is the good news:

- For the first time in years, SAT scores have stabilized nationally. In Southwick we turned the corner several years ago.
- The National Assessment for Educational Progress (NAEP) is showing marked improve-

ment for 9 year olds in all areas of reading performance. The reading performance of 13 year olds is also on the rise.

- Our nation's literacy rate is among the highest in the world, 99 per cent.

Despite the remarkable success of our schools in providing education for all students, our nation faces a deep education crisis. It is a crisis spurred by a fast changing world. Our nation is moving rapidly from an industrial to an information based economy. To be truly literate in the future will require a new set of basics.

We must be sure our students are prepared, as citizens, to live in and prosper in a world heavily influenced by the new technology. They will need technical skills, to be sure, but they will need critical thinking and problem solving skills. They will need special skills that will allow them to analyze, to organize and to synthesize. Tomorrow's citizens must be able to apply what they know to real problems. They must be able to make decisions. They must understand how to make the most of their creative abilities and they must be excellent communicators.

Our schools are challenged to provide the education and training that will prepare today's students to live full and productive lives in a fast changing world. It is a challenge our schools cannot ignore. And as citizens, neither can we.

No matter how successful our schools have been, we must support them and encourage them to become even more effective as we prepare tomorrow's citizens to lead our nation.

The Cost of Neglect

We have in our elementary and secondary schools today the generation of people who will lead our nation, for good or for ill, between the years 1994 and 2047. Think about that. Our high school seniors, now about 18, will be about 30 years of age, entering the most productive years of their lives in 1994. Our kindergartners, now about age five, will be approximately 70 years of age, just leaving this period of maximum productivity, in about 2047. In other words. . .we have in our schools today the people who will lead our communities, our states, our nation. . .even our world. . . .between 1994 and 2047.

As a nation, as a state, as a community, we have a choice. We can invest in the education and training of this generation of people. Or we can enter an era of educational neglect. We will not notice the effects of that neglect right away, because the lead time in the development of a human being is about 30 years. But that neglect may condemn the future of our great nation.

The signs of neglect are everywhere. For example:

- The present administration has proposed slashing its support for schools by 36%. Programs for the disadvantaged, youth employment programs, assistance for the handicapped, student loans, have all been placed on the chopping block.
- The passage of Proposition 2½ as a tax limitation measure makes it difficult or impossible to raise needed funds. The harsh reality in Massachusetts for schools is that 66.5 per cent of all municipal personnel cutbacks were from the teaching force.
- Our nation faces a crisis in math and science education. Yet our schools are unable to compete with business and industry in this category. Five times more science and math teachers left teaching in 1981 for employment in non-teaching jobs than left through retirement.

An investment in people pays off. People are our nation's most important resource. Educated people are our best hope for a viable economy, a strong defense and a strong competitive position among the nations of the world.

If we fail to make that investment in people, we will still pay. . .and pay and pay and pay. Without high quality education to prepare people for our changing world, our jobless rate will increase. People out of work mean more people on welfare, fewer people able to stimulate our economy through the purchase of goods and services.

Our schools must continue to improve. We must encourage them to be even better. We must help them correct what *must* be corrected and assure that they are teaching the knowledge and skills the people our community and national will need as we face the future. But we must also support our schools. We must give before we can get. We must assure that education is on our national, state and local agenda. Why? Because there is one thing this nation cannot afford. . . the cost of neglect.

Southwick Tuition

A summary of past, present and future tuition charges is listed below. In general the 1983-84 tuition rates are lower than for the past 1982-83 school year. These lower rates represent the impact of Proposition 2½ budget cuts for the 1981-82 school year. As was pointed out in the 1981 School Committee report, the next year's (1983-84) rates are based on the information which was filed for the previous school year (1981-82). There is always a two-year lag in the computation of tuition rates. This procedure is based on the recommendation of state auditors.

The 1982-83 Southwick School Committee budget is over $300,000 higher than that for 1981-82. This fact, along with lower school enrollment, practically assures a higher tuition rate for the following year (1984-85).

TUITION CHARGES

Level	1980	1981	1982	1983	Per Pupil Costs 1981-82 State Avg.
Kindergarten	700	550	625	600	1320
Elementary	1200	1300	1450	1460	1998

Special Needs	2500	4950	4150	4750	
Westfield Vocational			3146	3461	

Tolland Tuition Students at West Granville

Arrangements were made during the school year for Tolland Kindergarten and Grade One students to attend the West Granville School. During this 1982-83 school year there are two students in Kindergarten and two in Grade One.

At the present time this arrangement seems to be mutually advantageous to both Granville and Tolland. The class size remains desirable in West Granville and tuition income is generated which helps to offset some educational costs. Tolland benefits through transportation savings and less time spent in bussing the youngest students.

So Long—but not goodbye—

No report for this past year would be complete without reference to the retirement of two individuals who contributed much to the life and growth of Granville students. Beatrice Lewis, Art Teacher, and Josephine Trottier, Grade Three, gave 24 and 15 years respectively of their time and talents. We miss them and wish them well for the future.

SUMMARY

My thanks and appreciation go to the School Committee, Mr. Rockwell and his very competent staff, the Union 39 office staff and to the great number of parents and citizens of Granville who contribute so much to the education and life of Granville students. The work and concern of all of these people help to make education for Granville young people a very special affair, both in school and in the community.

The reports which follow are part of this report. You are urged to read them and to discuss them with the authors if you have any questions.

Respectfully submitted,
Louis S. Josselyn
Superintendent of Schools

NO SCHOOL

The NO-SCHOOL signal will be broadcast on stations WTIC-1080, WHYN-560 and WLDM-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as to whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

WORK PERMITS

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from the Village School office or from the Superintendent of Schools in Southwick.

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

This is my eighteenth report as Principal of Granville Public Schools.

Mrs. Nitkiewicz is on maternity leave with Mrs. Elizabeth Rainka serving as her replacement for 1982–83. Norma Turcotte is our new Music teacher as Mr. Longstreeth acquired a full time job in Westfield. Janet Johnson is our Art teacher since Beatrice Lewis retired. Mary James is the third grade teacher replacing Mrs. Trottier who retired.

We should give special thanks to Mrs. Trottier for fifteen years of diligent and conscientious service. Beatrice Lewis deserves a real pat on the back for twenty four years as Art teacher and role model for our youth. Thank you both!

We have adopted our new philosophy and should get on to making sure our curriculum all fits in. At the current moment we have eight of nine homeroom teachers taking at least one course. We will proceed shortly on the curriculum update.

We feel the budget pinch, as many of you do, but we hope we are not contributing to a downward spiral. A bumpt in the road or a bridge out remains obvious to all. Many of us have a shortage of education or training and have compensated for that. But, will that shortage by obvious to us when we get to that place where we should or could correct? The bump in the road will continue to be evident and eventually fixed. The shortage of education or training may continue and be ever perpetuated. We do not wish to contribute to this.

We would like to thank all those in town who are working for youth such as Recreation Committee, Library Committee, Church, Scouts and everyday support in any neighborhood.

A special thanks to Superintendent Josselyn and Business Manager Kenneth Johnson. We appreciate the many hours spent by the School Committee who spend a great deal of time on our behalf.

We thank you for the use of your youth. They keep this a happy place.

Sincerely,
Everett O. Rockwell
Principal

REPORT OF THE SCHOOL NURSE

I hereby submit my fifth annual report as School Nurse for the Granville Public Schools.

The spring immunization clinics continue to provide all students with the opportunity to stay up-to-date with their immunization needs.

In March '82 the film "Naturally a Girl" was shown to the 5th & 6th grade girls The filmstrip "A New You Coming for Boys" was viewed and discussed by the 5th & 6th grade boys. In May '82, postural screening was done on all 5th through 8th grade students, in compliance with Chapter 71 Section 57 of the Massachusetts General Laws. A few students were referred to their family physicians for further observation.

Due to illness and other family concerns Dr. Beattie has not been able to do the school physical examinations for the Kindergarten, 4th and 7th grades. This will be attended to in the spring of '83.

Vision and hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physician.

I have made home visits to those parents whose children are undergoing full 766 Special Needs evaluation.

I continue to enjoy my work with the children of Granville. I wish to thank Mr. Rockwell, all parents and staff for their continuing cooperation in meeting the health needs of all students.

Respectfully submitted,
Linda Duval, R.N.

LIBRARIAN'S REPORT

To the Citizens of the Town of Granville:

The year 1982 was a good year at the Granville Public Library. New attention was paid to the children's room. Books of non-fiction for the middle grades were added. *Beginning to read* books for the first and second graders were also added. A lot of paperback editions of popular young adult fiction joined the hard bound copies. In 1983 we hope to add to the record collection and add new fiction to the middle grade section.

The bookmobile services our library once every two months. Inter-Library loan answers our requests. The region also helps us with specific cataloguing problems.

The Granville Library Club sponsored three science programs in the spring. Laughing Brook from Hampden, MA presented "Animals in Granville". Rooring Brook from Canton, CT presented a popular program of "snakes". The children were allowed to pet a boa constrictor. Mr. Dick Lucus from West Springfield, MA presented to us his "Birds of Prey". He brought with him a falcon, a hawk and a golden eagle. These were exceptional programs.

Thank you to the Library Club.

After working hard to complete a college degree, Mrs. Connors left us to practice her profession. We miss her very much. Mrs. Mary Ann Burns is now assisting me. Welcome Mary Ann.

We at the library are looking forward to 1983!

Yours truly,
Dena Cosmus
Librarian

REPORT OF THE CAFETERIA MANAGER

To the Superintendent of Schools:

This is my 21st annual report as Manager for the Granville Public Schools Cafeteria; 28 years total service.

The inflation problem is as large here as it is at home. We are now in the black and trying to serve a bit more variety and goodies to keep the daily count up. Susan Behl is serving lunch at West as part of her aide position. Marge Bloomberg, with the aid of the mini-bus, carries lunch to West.

We ask for your help with (1) comments, (2) purchase of meals, (3) visits for lunch with your child. We need to maintain greater numbers!

Thanks to all those who are friends of lunch. Thanks, especially, to Joan Miller, who has been my right hand for 9 years.

Respectfully submitted,
Arlene King

Trustee

REPORT OF THE HIGHWAY DEPARTMENT

This year we had funds available to overlay with type I. From the bottom of Granville Hill we overlayed for a distance of 5,360 ft. west which took us to Blandford Road intersection. The complete length of Barnard Road was also overlayed, a distance of 6,083 ft. This was a road that was in need of repairs for sometime. The fire house parking lot was also overlayed at the same time.

The roads were swept to clean up winter sand and all catch basins were cleaned.

Yellow traffic lines were painted on the Main Road in some places. We were limited because of funds.

We widened a section of McCarthy Road, putting in gravel, dust and ditching. We also did the same on a section of Lovers Lane. These two roads had to be repaired because a house was being built on each road. This also contributes to more maintenance and plowing of snow.

Our snow plows and sanders were sand blasted and painted, also some truck bodies and frames.

We did not make winter sand because of winter road funds being cut over $5,000.00. We were very fortunate that we had a mild winter and did not have to use a lot of sand.

Next winter we may not be as lucky, and if we don't make our own sand we will have to purchase it. This can be very expensive because of the trucking distance and fuel used in doing so plus the cost of the sand. From our own pit one truck puts in 40 loads of sand in one day & uses eight gals. of fuel. From Southwick two trucks put in 20 loads of sand & use approximately 40 gallons of fuel in one day.

Respectfully Submitted
Arthur Sheets
Highway Superintendent

REPORT OF THE INSPECTOR OF BUILDINGS
for 1982

Julius Holl of Southwick is the plumbing inspector. Carl Bloomberg has given up the job of electric inspector because of ill health. The Board of Selectmen have appointed Alan Daigneau of South Lane #1.

The following permits were issued for 1982:

Sheds — 2
Homes — 5
Garages — 5

Additions — 4
Wood Stoves — 5

Total cost of construction — $215,800.00

Respectfully submitted,
Joseph W. LeClair, Jr.
Inspector of Buildings

REPORT OF THE FIRE DEPARTMENT

To the Citizens of Granville:

1982 was another busy year for us. Ambulance runs were down a little from 1981. We only had 84 calls. Fire calls were up to 16. This is mostly due to calls on chimney fires. We are very glad to be called out. It is a lot better and easier to control a chimney fire than to let it get out of hand and have a house fire.

We are continuing fire school at the Hartford County Training Classes in Bloomfield, Connecticut. All firemen are required by law to be qualified in CPR and First Aid. This covers their First Responder obligation. We are requiring that new members graduate from the Hartford County Fire School.

In January, 1982, we held another EMT Class and gained four more ambulance personnel.

I would like at this time to thank the police department for their cooperation at fires and accidents. Their help has been greatly appreciated.

I also want to thank all Fire and Ambulance personnel for their hard work and cooperation. Without it, we could not be the success we have become.

Thank you,
Harlon R. Hansen, Chief

REPORT OF THE POLICE DEPARTMENT

Some trends seem to be coming to light as we examine this year's crime activity. It is apparent that "breaking and entering" is becoming the preferred crime, while your more petty crimes are on the decline. While stolen property values have remained fairly constant, the rate of burglary crime has dropped by 50%, meaning an increase in value per burglary. This also relates to a dramatic increase in police courtroom activity.

With a reduced police budget we have attempted to give the town more value for its budget dollar. It is our belief that a visible police force is one which detours crime. To become more obvious, we have increased our traffic activity. This yielded a 41% increase in citations plus two arrests.

We always close our report with a reminder that your neighbor is your best protection against crime. Let them know you are gone and ask them to watch in your absence. Also, remember that you are someone's neighbor, help them.

Calls To Department	495
Domestic Complaints	7
Auto Thefts	0
Larceny	5
Burglary	14
Value Of Stolen Property	$10,473.00
Arrested For Larceny	0
Malicious Destruction Of Property	3
Traffic Citations	
Arrests	2
Complaints	77
Warnings	141
Equipment Violations	17
Accidents	
Reported	19
Unreported	3

Paul Holcomb
Police Chief

VETERANS SERVICE REPORT
1982

I hereby submit my annual report as Agent and Director of Veteran Services. As you know, the District Director for the past twelve years, John J. McCarthy, retired as of September 1982. John loved his work and made many friends over the years. He will continue to represent veterans of the V.F.W. on Tuesday afternoons at the Springfield V.A.

The Western Hampden District Veterans Service Office is located in the Annex, rear of the Town Hall, Agawam. Telephone number is 786-0400, extension 236 or 237. Office hours are Monday through Friday from 8:30 A.M. to 12:00 noon and 1:00 P.M. to 4:30 P.M., except holidays.

Veterans Benefits under Chapter 115 of the Commonwealth of Massachusetts General Laws include financial aid, fuel, doctors medication and miscellaneous expenses provided to those veterans who meet the eligibility requirements. This service is paid by the community of residence and reimbursed by the Commonwealth of Massachusetts at a rate of 50%.

We also assist the veteran in applying for Federal Benefits such as service connected and non-service connected disability, educational allowances for dependents of deceased veterans and widows pensions. The veteran signs the necessary forms allowing this office to represent him on the Federal and State level in securing any benefits that may be due him or his dependents.

We anticipate an increased workload in the District due to high unemployment rate and expired unemployment benefits. Therefore, I strongly suggest that all veterans register a copy of their discharge, DD 214, with this office, because without it we can not assist you. If you are unable to locate your discharge paper, please call with the necessary information and we will try to secure a copy for you.

In a sincere effort as your new Veteran Service Department Director, I am anxious to be of assistance to you. Due to the fact that my work requires home investigation and hospital visits, may I suggest you call ahead for an appointment.

I wish to take this opportunity to thank the Board of Governors of the Western Hampden District for appointing me and I look forward to the challenge ahead in assisting fellow veterans.

Respectfully submitted,
Ruth A. Fields
Director of Veterans' Services

Granville
ANNUAL REPORT

GEORGE E. WOODGER

Much has been said and written concerning the public service record of George E. Woodger. His efforts on behalf of, and his dedication to the Town of Granville spanned almost half a century. He occupied at one time or another almost every public office.

At this time it is proper to focus on the man. A neighbor, a colleague and a friend, George was always willing not only to lend an ear but lend a hand. A man of learning and a man of seemingly infinite practicality, his advice was based on knowledge and his help certified by experience.

To the memory of George E. Woodger, the man, this annual report is respectfully and affectionately dedicated.

REPORT OF THE BOARD OF SELECTMEN

The Town continues to function under the provisions of proposition 2½ and the Springfield tax abatement. Tight budgets and inflation have eroded the Town's ability to provide services and maintain its facilities. At best budgets have remained constant over the past few years and in many areas they have been cut. The areas which have been most neglected are the areas of repair and maintenance. The lack of repair and the degredation by the cold temperatures sustained when the Town Hall was shut down during the past few winters is an example of the effects of the tight budgets which we have been working with. In virtually every case, budgets have not kept pace with inflation. The money to continue operations has been drawn from other areas.

The Town has managed some capital improvements during this period. During the past year, the Town acquired a new office copy machine to replace one which has outlived its usefulness. The new machine is providing good service and it is being utilized by many boards. The Town also obtained several pieces of surplus equipment. We have a large tractor and trailer system which the Highway Department is using to transport equipment. This is reducing the wear on older pieces of equipment such as the backhoe, and the tractor unit can be outfitted to assist in snow removal operations. We have also acquired two ¾-ton utility trucks and a typewriter for the selectman's office.

A co-operative effort has started between various committees and boards to develop a list of common needs. The objective of this study is to determine if it is possible to have a single person handle some of the work of various areas and if it makes sense to employ a small computer system to accomplish some of the functions now handled manually. The project has not progressed much beyond the study phase at this time.

We are looking at some problem areas which will have to have some attention in the future. The Town's legal costs are running higher and higher each year as attorney's fees increase and more and more issues are settled in court. Our various boards are calling on Town Counsel more and more often. We are anticipating some large budget increases in this area in the future. We are facing sharply escalating insurance bills. Much has been done to eliminate coverage to keep our insurance affordable. Even so, insurance charges continue to increase. One possibility may be to look into self insurance in more areas. A third area of concern for the future is the Highway Department. This department is one area where budgets have not been able to keep pace with costs. The budget will have to expand to realistic numbers if Granville is to continue to enjoy good winter roads.

Recent Town Caucuses have been marked by a shortage of candidates for various offices. If Granville is to continue to enjoy good government, it must have the participation of its citizens. It is a time for each person to reflect and see if they can't find some time to insure that Granville is a good place to live.

FINANCE COMMITTEE REPORT

At the 1983 Annual Town Meeting a budget of 911,526.19 was approved by the town for year ending June 30, 1984. This was broken down by department as follows:

	1982	1983	1984
General Government	4.4%	3.9%	3.9%
Highway Department	13.4%	12.8%	13.4%
Public Safety	2.7%	2.6%	4.5%
			Capital ex { Ford tanker Police cruiser
Health & Sanitation	2.5%	2.7%	2.6%
Public Library	1.4%	1.4%	1.2%
School Department	64.0%	66.0%	61.6%
Assessors		1.3%	1.7%
Unclassified	6.6%	9.3%	8.3%
Stabilization			2.8%

Constraints of Prop 2½ make it necessary for the town's people to make policy decisions on some of the following issues:

1. Town Building (Town Hall, Schools, Library, etc).
2. Policy on Self Insurance.
3. Budgets—Realistic and Adhered to by Departments
4. School—Continued Cooperation Tuition Cost, Competitive Salaries, Curiculum.

GRANVILLE FINANCE COMMITTEE:

Richard Woodger, Chairman
Tom Monteith
Walter Pflumn
James Roberts
Mary Stosick

REPORT OF THE BOARD OF APPEALS

The Board of Appeals was involved in the following decisions during the year of 1983:

Ernest and Mark Beckmen were not granted a permit for the buying and selling of used cars. The Board is in one agreement with the Planning Board for change in the Zoning By-Laws.

Richard Evans was granted a permit to build a house on a 4.9 acre lot with a 50 feet frontage on Silver St. with a 15 feet wide road from Silver Sy. to dwelling for fire purposes.

William and Linda Blakesley in behalf of Edith Dickinson were granted a permit to build a one-family dwelling on a nonconforming lot if the frontage on Maple St. is increased to a minimum of 50 feet.

Edward F. and Elaine D. Gogal were granted a permit for the building of a 14 feet deck within 2 feet of the stonewall bordering the Bradley Stevenson property.

Karen Mroz — Chairman
Millard Eller — Vice Chairman
Marilyn Hiers — Secretary
Harold Lovelace — Member
Peter Batyte — Member
Ralph Dickinson — Alternate member

Article 24. To see if the Town will vote to raise and appropriate the sum of $1.00 for the Conservation Fund.

Article 25. To see if the Town will vote to abolish the Recreation Committee and direct the selectmen to appoint committees from time to time for special event.

Article 26. To see if the Town will vote to raise and appropriate the sum of $500.00 for use for recreational purposes.

Article 27. To see if the Town will vote to raise and appropriate the sum of $250.00 for Interest & Certifying.

Article 28. To see what sums the Town will appropriate for the Workmen's Liability Fund.

Article 29. To see if the Town will vote to raise and appropriate the sum of $1.00 for the maintenance of the Old Westfield Road Cemetery, $200.00 for the Woodland Cemetery, $300.00 for the West Granville Cemetery, and $1.00 for the Beech Hill Road monument.

Article 30. To see if the Town will vote to raise and appropriate the sum of $1.00 to be expended in the Town by the Hampden County Trustees for County Cooperative Extension in accordance with the provisions of the General Laws of Massachusetts, Chapter 128, Section 42.

Article 31. To see if the Town will vote to raise and appropriate the sum of $23,193.00 for the Hampden County Retirement.

Article 32. To see if the Town will vote to raise and appropriate the sum $1,000.00 for the Town Inspector of Buildings.

Article 33. To see if the Town will vote to raise and appropriate the sum of $100.00 for the Town Inspector of Building's maintenance Fund.

Article 34. To see if the Town will vote to raise and appropriate the sum of $500.00 for the Council on Aging.

Article 35. To see if the Town will vote to raise and appropriate the sum of $900.00 for the Town News Letter.

Article 36. To see if the Town will vote to raise and appropriate the sum of $1.00 for the Historical Commission Building Maintenance.

Article 37. To see if the Town will vote to transfer the sum of $5,000.00 from Overlay Reserve to the Reserve Fund.

Article 38. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1983 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 39. To see if the Town will vote to exempt $40,000.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal 1984.

Article 40. To see if the Town will vote to transfer from free cash the sum of $35,000.00 to the Stabilization Fund.

Article 41. To see if the Town will vote to raise and appropriate the sum of $7,500.00 for the Town audit.

Article 42. To see if the Town will vote to amend Chapter 71 of the General Laws by inserting after section 71E the following section:

Section 71F. In any city or town which accepts this section, all monies received by the school committee as tuition payments for non-resident students as state reimbursements for students who are foster care children shall be deposited with the treasurer of the town or city and held as separate accounts. The receipts held in such separate account may be expended by said school committee without further appropriation for expenses incurred in providing education for such nonresident students or for such students who are foster care children, notwithstanding the provisions of section fifty-three of chapter forty-four. A city or town may appropriate funds for expenses incurred in providing education for such non resident students or for such students who are foster care children, which funds shall be expended by the school committee in addition to funds provided from other sources. (not recommended by the Finance Committee.)

Article 43. To see what action the Town will vote to take concerning the Degano property.

Article 44. To see if the Town will vote to accept the Grange Hall property and take such action thereof.

Article 45. To see if the Town will vote to sell the following used equipment: a LeRoy Gas engine, used school bus, a snow blower, and a Ford tanker and take what action thereof.

Article 46. To see if the Town will vote to accept the following change in the By-Laws: An Article or Articles with similar intent, voted down at an Annual Town Meeting shall not be brought up until the next Annual Town Meeting and this article only to be changed at an Annual Town Meeting.

Article 47. To see if the Town will vote to authorize the Treasurer to take 25% of the Revenue from Cobble Mountain Power Plant and use said revenue to lower the tax rate for the next three years.

Article 48. To see if the Town will vote to amend the zoning by-laws to permit Mark A. Beckman and Ernest A. Beckman of Main Road, S.R. Box 59, Granville, Massachusetts, to engage in the purchase, sale and/or trade of motor vehicles on the premises located on Main Road, S.R. 59, Granville, Massachusetts. This Premise is presently in the classification Agricultural/Residential.

Article 49. To see if the Town will vote to authorize the Board of Selectmen to issue to Mark A. Beckman and Ernest A. Beckman of Main Road, S.R. Box 59, Granville, Massachusetts, a license to repair, buy, sell and/or trade motor vehicles.

Article 50. To see if the Town will vote to accept and then authorize and direct the Board of Selectmen to seek passage and enactment of the following special act by the General Court of the Commonwealth, to wit:

"Section 1. Notwithstanding the provisions of Section One of Chapter forty-one of the General Laws, the Board of Selectmen of the Town of Granville shall appoint a suitably qualified person to hold the office of Town Clerk of said Town. The person so appointed shall have all the powers and shall perform all of the duties imposed by law upon Town Clerks, and shall be appointed for a term of three years and shall serve until his successor is appointed and qualified. Said Board of Selectmen shall fill any vacancy in said office by appointing a qualified person for the remainder of any unexpired term.

Section 2. This act shall take effect upon its passage.

Article 51. To see if the Town will vote to accept Massachusetts General Laws, Chapter 148, Section 26E concerning smoke detectors in private buildings.

Article 52. To see if the Town will vote to raise and appropriate the sum of $500.00 for house inspections by the Granville Volunteer Fire Department to be reimbursed by the title holder.

Article 53. To see if the Town will vote to raise and appropriate the sum of $3,000.00 for the purchase of a copy machine.

Article 54. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrnt by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 16th day of May, 1983.

George Woodger, Chairman
Richard N. Kirsche
Edwin A. Beckwith
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Paul Holcomb, Constable

Donna A. Clifford
Town Clerk

Special Town Meeting

Commonwealth of Massachusetts
Hampden, ss
To Either of the Constables of Granville

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town affairs, to meet at the Town Hall in Granville Center on October 17, 1983 at 8:00 o'clock P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to permit Mark A. Beckman and Ernest A. Beckman of Main Road, S.R. Box #59, Granville, MA., to engage in the purchase, sale and/or trade of motor vehicles on the premises located at Main Road, S.R. Box #59, Granville, MA.

Article 2. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL this 3rd day of October 1983.

Edwin A. Beckwith, Chairman
Henry C. Turner
Richard N. Hirsche
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in event of the usual places in Town for posting such notices, October 3, 1983.

Constable
Paul Holcomb

Special Town Meeting
October 17, 1983

Moderator called meeting to order at 8:05 P.M. A quorum was present.

Article 1. A motion was made, seconded and voted to amend the article to read as follows: "To see if the Town will vote to amend the zoning by-laws to permit a business use of a piece of real estate located on Main Road, S.R. Box #59, Granville, Massachusetts. This real estate is now owned by John and Bernadette Beckman and is presently zoned Agricultural/Residential. The proposed business of the real estate is to engage in the purchase, sale and/or trade of motor vehicles."

A motion was made, seconded and ***Not Voted*** to amend the previous amendment by the Planning Board as follows:

Sec. VII "Beckman's Amendment"

A. A business license may be issued by the Board of Selectmen for the afore mentioned property only for the purchase and sale of motor vehicles.
   1. After a proper plot plan has been approved by the Granville Planning Board. Such a plot must;
      a. Have 200 ft. frontage on a way
      b. Have a minimum of 44,000 sq. ft.
      c. Meet boundary requirements for structures existing on the plot specified elsewhere in these By-Laws.
      d. Not place abutting properties in non compliance.
   2. After acceptance by the Board of Selectmen on reports from the following inspectors;
      a. A Fire Inspector to require that the business property and structures meet State and local fire safety codes for public buildings.
      b. A Health Inspector to require that the business property and structures meet state and local health codes for public buildings.
      c. Building and Electrical Inspectors to require compliance with these By-Laws and the business license granted or to be granted.

3. For a period of one calendar year from Jan. 1 to Dec. 31, and may be renewed for each calendar year after requirements of Sec. VII A. 2. have been met.

B. A business license for the afore mentioned property must require;
  1. That no waste be emitted to the environment in the form of solids, liquids, gas, radioactivity, heat, light or noise.
  2. That no waste storage be permitted on the premises and that all waste be removed at the owners expense.
  3. That no waste be removed to a sight within the Granville Town Boundaries except through special agreement with the Board of Selectmen at a fee to be determined by the Board of Selectmen.
  4. Off street parking only to be permitted along any way abutting the business property.
  5. That the business property both be used as a residence or recreational area while a business license is in effect.
  6. That all structures to be constructed shall be approved by the Granville Planning Board to insure compliance with the architectural norms of the area.
  7. That signs be permitted that comply with Sec. III G. 3 of the By-Laws.
  8. That no business activity be conducted within 40 ft. of a way or 25 ft. from abutting properties except signs as restricted by Sec. VII B. 7, or the display of product to be sold.

C. The business license may be revoked at anytime by the licensing board upon evidence that the property is not in conpliance with these By-Laws, or if evidence is shown that activities are being conducted in an illegal manner, or if evidence is shown that activities are being conducted outside of the business license restrictions.

The accepted amended article was ***Not Voted.*** yes — 40 no — 27 A ⅔ majority vote was not attained.

Article 2. Motion was made and seconded to reconsider the amended Article 1. yes — 38 no — 26 Not a ⅔ majority vote.

Meeting adjourned at 9:40 P.M.

Attest:
Donna A. Clifford
Town Clerk

REPORT OF THE SCHOOL COMMITTEE

School Committee

Sheridan Moore, Chairman	1984
William Bacon, Secretary	1985
Daniel Stosick	1984
Denise Czapracki	1985
Karen Ball	1986

Administration

Dr. Louis S. Josselyn	Superintendent of Schools
Kenneth L. Johnson	Director of School Business Services

Superintendent's Office (School Union No. 39)

Address: 63 Feeding Hills Road
Southwick, MA. 01077

Telephone: (413) 569-5391
or 569-5392

Hours: School Days - 8:00 to 4:00 Non-School Days - 8:00 to 3:30

The office is open daily Monday through Friday except legal holidays. Appointments to see the Superintendent may be made by calling his office.

Office Staff (Union No. 39 Office)

Barbara Stromgren	Secretary-Receptionist
Barbara Watson	Senior Financial Clerk
June Kennedy	Junior Financial Clerk

Meetings

Regular meetings are held the second Monday of each month from September through July and such special meetings as necessary.

All meetings are open to the public. Meetings are called to order at 7:30 P.M. Opportunity for public comment is offered at the beginning of each meeting.

The October and May meetings are held in West Granville. All other meetings are held at the Village School.

No School

The NO SCHOOL signal will be broadcast on stations WTIC-1080, WHYN-560 and WLDM-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as to whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

Work Permits

Education certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from the Village School office or from the Superintendent of Schools in Southwick.

SCHOOL UNION 39
SCHOOL CALENDAR 1984–85 (Tentative)

June 24	5 Snow Days	5	185

Schools close June 21 or whenever 180 days have been completed.

GRANVILLE SCHOOL COMMITTEE REPORT

Your School Committee has been very busy this year! In addition to the usual matters of policy and budget to consider, we looked at the pros and cons of closing or keeping open West Granville School, and we are at this moment screening applicants for a new Granville Principal.

We are happy to report that in spite of constraints imposed by Proposition 2½, the quality of education in Granville has been maintained at our past high standard. We are very appreciative of the many contributions of extra time and effort made by our staff and administration to make this happen.

However, as in the past, we have been frustrated by the fact that we have so little choice in spending. State law has mandated that 15% of our budget be spent on Chapter 766 (Special Needs), and for the 1984/85 school year, our secondary tuition rate will jump from $2,000 to $2,500 per student. For the 1983/84 school year, the total secondary tuition accounts for 23% of our budget. So 38% of our budget is decided before we ever start to put a budget together. This 38% combined with the teachers' salaries, representing 32% of our budget, adds up to 70% of our total budget.

As the years go by we are continually forced to put off maintenance projects and equipment purchases. We fear that one day there will be nothing left to maintain and no reason to buy equipment. We know that you share our pride in our school buildings and we hope that funds will be made available soon to remedy this situation.

In the fall, the School Committee appointed a West Granville Study Committee to look into pros and cons of closing or maintaining the West Granville School. School Committee members Denise Czapracki and Karen Ball were co-chairman of the Study Committee. Other members were Charlcy Oleksak, Thomas Barrett, Susan Behl, Gerard Bergeron, Donna King, Joyce Ripley, and Everett Rockwell. They concluded that: (1) It is not advisable at this point in time to consolidate Grades K–8 at the Village School as its classroom space is presently used to the maximum; (2) We recognize that the West Granville School continues to be an integral part of this Town's School System, but also acknowledge a responsibility to continue looking for ways to enhance our educational program. We all agree that our educational program would be more efficient and effective if all grades were consolidated into one facility and therefore recommend that this study continue to investigate the feasibility of renovating the Village School toward that end; and (3) We further recommend that this study into the renovation of the physical structure of the Village School also consider an expansion of facilities, specifically addressing issues of storage space, Special Needs space, Library facilities, continued Art and Music programs, computer program, and vocational courses for the Junior High program.

After 19 years of service to our school and community, Everett Rockwell is retiring this year. At this writing a Screening Committee consisting of Dr. Josselyn, School Committee members, P. Girard, S. Clary, T. Jones, K. MacIver and R. Lessard is reviewing the 43 applications received and will interview 6 candidates in order to aid in the appointment of a new principal.

The Committee would like to thank Mr. Rockwell for his 19 years of dedication and love for Granville's children. We are going to miss his many contributions. We will never be able to replace him. Thank you!

Respectfully submitted,
Sheridan H. Moore, Chairman
William C. Bacon, Secretary
Daniel L. Stosick
Karen Ball
Denise M. Czapracki

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my seventh annual report as Superintendent of Schools for the Berkshire-Hampden Southwest School Union (Massachusetts School Supervisory Union 39), it being the eighty-second of such reports.

School Union 39 Administrative Expenses

At its fall meeting the Union 39 School Committee voted to adopt a new formula for Union 39 administrative expenses. For practically all of its previous years the School Union 39 formula had a historic percentage breakdown of 70% for Southwick, 15% for Sandisfield, 10% for Granville and 5% for Tolland. Beginning in the 1985 Fiscal Year the formula is based on the proportionate number of students which each community has in the public schools on the previous October 1st. Since the Superintendent of Schools' office is located in Southwick, the Southwick School Committee is allowed a two (2) per cent deduction for its costs for heat, electricity, custodial, etc. The overall effect for Granville, however, is to raise its costs for Fiscal 1985 to 14½% percent of the administrative costs.

Kindergarten

The Mass. Department of Education notified the Granville School Committee in October 1983 of non-compliance with state regulations in regard to Kindergarten. Essentially, the problem lies in the requirement that Kindergarten must be scheduled for 180 days, albeit half days. For the past three years the Granville Kindergarten has been meeting three full days per week. Even though Kindergarten meets 60% fewer days, the overall increase in hours amounts to 32% or 150 more hours. The increased amount of time, however, does not meet Department of Education regulations. This is the essence of the problem.

The Granville School Committee originally scheduled 180 half days of Kindergarten in 1973, the first year Kindergarten was mandated. This practice was continued through the 1980-81 school year. At that time the School Committee was forced to reconsider a number of its policies and practices as a result of the financial pressures exerted by Proposition 2½. The three day Kindergarten program was inaugurated as a cost-saving measure. But it also served to be beneficial to both parents and the School Committee in terms of transportation time and schedules, amount of transportation and increased efficiency and amount of learning time available.

In November 1983, at the request of the Department of Education, all parents were surveyed as to their preferences for either five half-days or three full days. The vast majority indicated a preference for the three full day program. The Sandisfield School Committe also reaffirmed by vote its preference for three full days.

We are presently awaiting further Department of Education instructions and direction. Since the three full days of Kindergarten are in violation of regulations probably the best we can hope for is a waiver from days to hours for the present year, and perhaps next year, and/or five half days next year. There is an outside chance that a waiver might be offered for 1984–1985 to proceed on an experimental basis of three full days, specifically Monday, Wednesday and Friday. This is a long shot, at best.

The situation is also compounded by the possible loss of state aid if the School Committee does not conform to regulations.

We are hopeful that a mutually agreeable solution can be reached in the near future. At the present time the matter has not been resolved.

Tuition Students

An examination of the number of tuition students from Granville at Southwick High School over the past eight years would seem to reflect the national downward trend in high school enrollment. The Census Bureau projects a continuing decline of almost 20% by 1990 after which there will be a slow increase. In a community the size of Granville it is sometimes difficult to make the same type of comparison. The loss or gain of several large families can make a significant difference and confound any prediction. The present figures do seem, however, to parallel the national trend.

It is interesting to note also that a great deal of the high school student loss in the past year has *not* been to students attending private schools. Eight of the last ten Granville students who have withdrawn from Southwick High School have done so because of a change of family address.

Staff Changes

Significant staff changes have occurred in the past year and are in process for the coming year. Leroy Clink retired after making a substantial contribution to the welfare of the Granville students as custodian at the West Granville School for twenty years. Tim Derrig and Janis Shea were more than valuable members of the professional staff for seven and six years respectively as math/science and kindergarten teachers. Both left for other teaching positions.

In addition, Everett Rockwell gave notice of his planned retirement in June of 1984. "Rocky" has devoted nineteen of his thirty-five years in education to the students and community of Granville. Perhaps even more remarkable is that Everett has been an administrator during every one of those thirty-five years, having served in his early years in the Principal/Teacher capacity. I think we all understand that Everett is an unusual person who makes great contributions of time, talent and energy to every one of his many projects.

There is an old baseball expression, "You never appreciate a good pitcher until you have another one." I think we will come to see Rocky in this capacity.

We wish Everett well in the future. We know he is not going to join the ranks of the inactive but will merely direct his great energies to other projects.

Summary

The reports which follow are part of this report. You are urged to read them and if you have any questions the persons who wrote them will be glad to discuss the report with you.

To the School Committee, Mr. Rockwell and his staff, to the Town of Granville and to the great number of parents and citizens of Granville, may I express my gratitude and appreciation for their interest and support of the schools. Without the work and concern of all of these people the job of educating the young people of Granville would not be accomplished.

The devotion and the quality of the professional staff services are especially commendable. Their interest is not confined strictly to the classroom but is evident in co-curricular activities and in the community.

Respectfully submitted
Louis S. Josselyn
Superintendent of Schools

REPORT OF THE CAFETERIA MANAGER

To the Superintendent of Schools:

I hereby submit my 22nd annual report as the Manager of the Granville School Lunch system.

The 1982–83 lunch program ended with a balance in the black which in these times is good. Our participation is 60%. We are charging $.55 per lunch if purchasing by the week or $.60 per lunch by the day. Our menus are still quite varied but we are limited on our meat supply as the U.S.D.A. commodities are not as available.

Linda Jensen is serving lunches efficiently for us in the West Granville School and Joan Miller is assisting me in all ways at the Village School.

We feel we have had a good year and want to thank all who contributed to this.

Respectfully,
Arlene King

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

This is my nineteenth report as Principal of Granville Public Schools.

Mrs. Nitkiewicz is back from maternity leave. Miss Linda Dickinson replaced Mrs. Janice Shea who moved to MacDuffy. Ann Dempsey replaced Mr. Timothy Derrig in Science half time. Lauri Schlosser replaced Mr. Timothy Derrig in math half time. Janet Johnson replaced Mrs. Beatrice Lewis in Art but left in early January. Susan Behl replaced Mrs. Lynn Mocarsky in Title I. Linda Jensen replaced Leroy Clink as Janitor at West. Linda Jensen replaced Susan Behl as aide at West. Linda Dickinson is doing Phys. Ed. and Title I at West. Lauri Schlosser is half time Special Needs at the Village. Linda Monstur is full time Special Needs Aide at the Village. These are the most changes in staff in many years.

We find school operating many hours in addition to the regular activities. Most of us have many concerns.

Mr. Bergeron and I have been meeting with the West Granville Study Committee. The West Granville staff and other staff have helped with this study. At the very least it has helped the members of the committee understand the complexities of a modern school. Short and long range planning play a big part.

I would be remiss if a large portion of this report was not reserved to give a big enveloping hug to many who have made this, my longest stay in any one location, the continuing challenge it has been. There has seldom been a dull moment and even then there was something to do. To Mrs. Nancy Wackerbarth, Mrs. Christine Schultz, and Mrs. Judy Smith I have to say thank you for taking care of all those mundane things I was supposed to be doing; to Mrs. King and Joan Miller for having a safe kitchen; to bus drivers who helped each other untangle the travels of the day, to a longer list of Janitors than one would wish but a list of many different strengths that leave your buildings better each year. The support staff has been great for this school.

I read the other day that good administration is having good people and then giving them time to be good at what you hired them for. It has been my good fortune since starting in administration in 1949–50 to be surrounded by people who were good (and willing) at what they were hired to do. The staff in Granville is no exception.

The necessity for the humane side of school increases with the years. Life, living, call it what you will, does not get easier. More knowledge leads to more choices and this leads to more needs from more places. Our students deserve this help.

A special thanks to your hard working school committee. A special thanks to Superintendent Dr. L. Josselyn, Mr. Kenneth Johnson, and their office staff who are a great help.

Thanks for this chance to be myself and giving me room to try some things I thought I was hired for.

Thanks, Granville youth, for lending me your ear — at times.

Sincerely,
Everett O. Rockwell
Principal

REPORT OF THE SCHOOL NURSE

I hereby submit my sixth annual report as School Nurse for the Granville Public Schools.

In March '83, the film "Naturally . . . A Girl" & the filmstrip "The New You Coming — for Girls" were shown & discussed with the 5th & 6th grade girls. At the same time, the 5th & 6th grade boys viewed the film strip "The New You Coming — for Boys".

The Spring immunization clinics continue to provide all students with the opportunity to stay up-to-date with their immunizations needs.

In May '83, postural screening was done on all 5th through 8th grade students in compliance with Chapter 71 Section 57 of the Massachusetts General Laws. Some students were referred to their family physicians for further observation.

Vision & Hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physicians.

In Nov. '83, Dr. Beattie did physical examinations on 40 students in Kindergarten, 4th & 7th grades. The remaining 31 students from these grades were seen by their private physicians.

I have made home visits to those parents whose children are undergoing full 766 Special Needs evaluations.

I continue to enjoy my work with the children of Granville. I wish to thank Mr. Rockwell, all parents and staff for their continuing cooperation in meeting the health needs of all students.

Respectfully Submitted,
Linda Duval R.N.

GRANVILLE PUBLIC LIBRARY

To the citizens of the Town of Granville;

We started the year off with a loud noise! The happy voices of the 2nd grade. What an afternoon! Such enthusiasm, such energy. We treated the youths to a story time in the "Robert A. Dowling" room for young children. They made book marks and were told the story of "The Doll that helped to build a Library."

We are planning to make this an annual event.

This summer Mrs. Burns headed up a children's reading program. It was a big success. At the end of the summer the children were treated to a "Fun Day".

Mrs. Burns has been a fine addition to our Library. She has brought with her a lot of enthusiasm and a love of the Library.

I will miss Mrs. Pflumm on our Trustee board. She has been a good friend to the Library. I will always consider her part of the Library family.

Mr. Bergeron has been encouraging the 6th, 7th, and 8th graders to read, read, read. They have a large reading list which consists mostly of classics. They have been a constant source of pleasure to see the youngsters coming and going.

Library club has been very generous in their support of our magazine.

The Bookmobile comes once every eight weeks.

Many thanks to Charity Newman and Jane Pollard for stopping by and giving a helping hand every once and a while.

Respectfully submitted
Dena Cosmus,
Librarian

WESTFIELD AREA MENTAL HEALTH AND RETARDATION BOARD

1983

(January 1–December 31)

SERVICES TO RESIDENTS OF: GRANVILLE

The 21 citizen representatives of the Westfield Area Mental Health and Retardation Board are responsible for ensuring that quality services are available to *all* residents in need from the eleven communities comprising the Greater Westfield Area: Agawam, Blandford, Chester, Granville, Huntington, Montgomery, Russell, Southwick, Tolland, Westfield, West Springfield.

Service recipients include children, men and women from all backgrounds and circumstances, each with unique strengths and needs. Some may require one-time, minimal assistance with a stressful situation, while others may require intensive, long-term support. Residential, vocational, educational, treatment and support services are available to meet individual needs.

The Westfield Area Mental Health and Retardation Board is committed to providing opportunities for *all* persons who live with mental retardation or experience mental illness to realize their full potential, to achieve as much independence as possible, and to live fulfilling lives within their community.

JULY 1983 — JANUARY 1984
REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE TOWN OF GRANVILLE, MASSACHUSETTS

The Hampden County Extension Service is a unique partnership of local, county, state, and federal governments established to provide continuing education programs to all residents of Hampden County. Essentially, it is an extension of the University of Massachusetts with the special mission of introducing the results of research and improved knowledge for practical application. Areas of special focus include child development and family relations, 4-H Youth Development, human nutrition, clothing and textiles, food and fiber production, preservation, marketing and utilization, horticulture as it affects the home and community, and community resource development.

In accordance with the General Laws of the Commonwealth — Chapter 128 the Trustees For County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town or by the Federal Government to support programs. During 1981–82 there was a question as to whether these funds would continue to be handled in this manner. (A Revolving City and Towns Account). These funds were, in essence, frozen for twelve months so no appropriation requests and few if any expenditures were made during this period.

FINANCIAL SUMMARY

Account — July 1, 1983	245.49
Total Expenditures for 7 Months	none
Account Balance January 31, 1984	$245.49

Trustees For County Cooperative Extension Service
Walter Melnick, Clerk

REPORT OF GRANVILLE CENTER WATER COMPANY

To The Honorable Board of Selectmen of the Town of Granville, Massachusetts

Gentlemen:

In accordance with the provisions of Section 12 of Chapter 466 of the Acts of 1910, we submit herewith the following itemized statement of receipts and expenditures of the Company for the calendar year 1983:

Receipts	
Water Rents:	
Minimum Charges	$ 3,008.
Interest — Westfield Savings Bank	66.
Total Receipts	3,074.

Expenditures		
Insurance	$ 333.	
Taxes — Municipal, State and Federal	1,243.	
Maintenance of Transmission System	549.	
Superintendance	375.	
Accounting Service	1,429.	
Office Supplies and Expense	32.	
Power Purchased	340.	
Fees and Licenses	48.	4,349.
		$(1,275.)

Note: In addition to the foregoing expenditures the Company has, during the year, charged to operating expenses and carried to Reserve for Depreciation an amount of $250.

Respectfully submitted,
GRANVILLE CENTER
WATER COMPANY
By J. Houser — Accountant

REPORT OF THE HIGHWAY DEPARTMENT

This year we had funds available to overlay with type I. We overlayed for a distance of 2,935 feet on Silver Street from 189 east. 3,806 feet on Blandford Road from Route 57 to the dirt section, and 1,660 feet on Sodom Street from below Jinks North.

The roads were swept to clean up winter sand and all catch basins were cleaned.

We hired 5,000 yards of winter sand and it was all consumed this winter plus the remainder we had from the year before.

This has been one of the worst winters in 17 years.

Respectfully submitted
Arthur Sheets
Highway Superintendent

REPORT OF THE INSPECTOR OF BUILDINGS
for 1983

More construction permits were issued in 1983 and the cost went up considerably. Julius Holl of Southwick is the Plumbing Inspector, and Alan Daigneau, South Lane #1 is the Electrical Inspector.

Permits Issued:

Barns — 1
Garages — 2
Additions — 7
Homes — 9

Total cost of construction — $477,600.00

Respectfully submitted,
Joseph W. LeClair, Jr.
Inspector of Buildings

REPORT OF THE PLANNING BOARD

The Planning Board has performed its primary function this year, that of approving the many plot plans submitted to it.

Much of our time has been spent wrestling with the issue of opening the town via a By-Law change to business. This issue was brought forth with a proposal to permit retail sale of used cars in Granville at a particular location. The proposed change was rejected by the town at a special town meeting after a public hearing on the matter held by the Planning Board.

By-Law revision for business has been a prime topic for discussion at our meetings. The complexity of the issue has consumed much of our time and raised considerable respect for the intricasies of the matter.

Our goal was and is to submit to the town for their approval, By-Law amendments to permit business within the town.

Albert A. Benham, Chairman
Adele H. Benham
Wilfred Goneau
Harlon Hansen
Wilson Rider

REPORT OF THE FIRE DEPARTMENT

To the Citizens of Granville. We're back for another year.

We have acquired a Dodge 4 × 4 from surplus that has been set up for brush and forest fires. It has already proved its value.

We had 126 ambulance calls; a number of these were real bad accidents.

Fire calls were: 2 house fires, 7 chimney fires, and 2 bush fires.

I would, at this time, like to thank everyone for their donations to the Fire Department and Ambulance Fund. All donations are put to good use. With some of these funds we have been able to buy two new radios for our trucks and partially equip the forest fire truck.

Donations for the Ambulance are used to update, equip and replace supplies such as oxygen, bandages, splints, sterile water and whatever else is needed.

We feel quite proud that one of our EMT's is considered a hero in Granby by saving a woman's life at the scene of an accident, just over the line in North Granby.

The Ladies Auxiliary has done another hell of a job again this year. I don't know what we'd do without them at the scene of a fire.

They have raised funds to add on to the room upstairs in the fire house. This will make more room for bingo and other functions.

I wish more townspeople that play bingo would back them up better. They have small, friendly games and all funds raised are used for things in town. They are a great bunch of girls.

Sincerely,
Harlon Hansen
Chief of the Fire Dep't.

VETERAN'S SERVICE REPORT
1983

The Veterans Service Departments in the Commonwealth of Massachusetts were established through the enactment of Chapter 599 in 1946. Prior to 1946 the office was known as the Soldiers and Sailors Relief Department. The Western Hampden District Department of Veterans' Services was formed in 1955 to provide the best possible service to veterans in the district towns of Agawam, Southwick, Granville and Tolland. Each town contributes a percentage of the administrative costs based on population as outlined in Chapter 115 M.G.L. thus resulting in a substantial savings to member towns.

The district office is located in the Annex, rear of the Town Hall, Agawam. Telephone number is 786-0400, extension 236 or 237. Business hours are from 8:30 A.M. until 12:00 noon and 1:00 P.M. until 4:30 P.M., Monday through Friday except holidays. As Director for the district I am required to make home investigations in all four towns as well as hospital visits, conferences and periodic trips to the State Office of Veteran Services in Boston. For your convenience I would suggest you call ahead for an appointment.

The responsibility of the Veterans' Services is to handle the numerous and complex questions regarding eligibility and availability to Federal and State Programs. Those benefits most used would be as follows: *Compensation* — is awarded a veteran who has an illness or disability incurred while on active duty in the armed forces. *Pension* — is awarded a veteran or his widow, with permanent disabilities not incurred during active duty, who meet the income criteria. *Hospitalization* — there are two categories — service connected disabled are given priority, non-service connected disabled, if hospitalization is deemed necessary and they are unable to meet the necessary cost of private hospitalization.

Services also provided on the federal level would be educational benefits, V.A. loans and eligibility certificates and burial benefits as well as processing necessary forms for grave markers. Veterans with a service connected disability of 10% or more may also be eligible for an abatement on their real estate taxes by applying for a certificate of eligibility.

In 1983 Federal benefits processed through this department for the Town of Granville amounted to $8,108.64, which is a direct savings to the town.

Under state law the Veterans' Services are required to record the discharges of veterans. We urge all veterans to have their discharges, DD 214, recorded in this office and advise family members to contact this office regarding possible benefits in the event of the veterans death.

Veterans benefits, Chapter 115, M.G.L., is a program for financial assistance granted to veterans and dependents in time of need. There are three basic requirements for these benefits: Honorable discharge, necessary wartime dates and need. The Commonwealth of Massachusetts reimburses the town of residence 50% of all monies spent on this program. In 1983 this office provided: ordinary benefits — $1,386.60; Fuel — $130.60, amounting to $1,517.20 for the Town of Granville.

We will continue during 1984 to provide prompt, efficient, and courteous service to our veterans and their dependents.

Respectfully submitted,
Ruth A. Fields
Director of Veterans' Services

REPORT OF THE POLICE DEPARTMENT

Calls to the Department	527
Domestic Complaints	11
Auto Thefts	0
Larceny	4
Breaking & Entering	11
Value Of Stolen Property	$24,985
Arrests	0
Malicious Destruction Of Property	3
Traffic Citations	
Arrests	0
Complaints	87
Warnings	154
Equipment Violations	33
Accidents	
Reported	31
Unreported	4

Increase, increase, increase; that's all you see when you compare this year's police activity with last year's. Value of property stolen increased by 140%. Calls to the Department up dramatically. 50% increase in motor vehicle accidents. Unfortunately, this also causes another increase—your insurance rates, both for home protection and auto insurance.

Your Police Department has attempted to do its part to hold these rates down. We have increased our police visibility as much as the budget allows. Unfortunately we are operating on a budget figure 35% less than pre 2½. We all want to keep our crime rate down. It helps the pocketbook and makes our community a more friendly place to live. You can help us, *PLEASE* be your own crime watch. Help us to help you. Keep an eye out to help your neighbor, knowing he is going to help you.

Paul Holcomb
Police Chief

1984

Granville

ANNUAL REPORT

In recognition of his forty-two years faithful service to the citizens of Granville as Constable and Chief of Police and as an expression of gratitude for his friendship and loyalty, this Town Report is affectionately dedicated to

REPORT OF THE BOARD OF SELECTMEN

Fiscal year 1984 marked the end of the payment to the City of Springfield of the abatement of taxes on the hydroelectric plant. This abatement, along with the constraints of proposition 2½ has made it very difficult for the Town to find sufficient funds to provide the services necessary for the residents of Granville. It is our hope that future years will see some easing of this situation as the revenues from the City of Springfield become available for town use. These funds will not end all of our problems but it will provide significant relief. The City of Springfield is near the end of negotiations with Northeast Utilities, the lessor of the Cobble Mountain plant. It is our hope that the results of these negotiations will increase the revenues paid to the Town of Granville. The Town will have to reopen negotiations with Springfield in the near future since the provisions of the act delineating payment to Granville end in 1988.

In 1984 the Board continued to wrestle with the problem of insurance for the Town. Our existing coverage was lacking in many areas and the cost of this coverage is increasing rapidly. The judgement against the Town of Ware has made insurance carriers wary of providing insurance to municipalities. There are few companies even writing insurance for Towns at this time. The Board engaged a consultant to assist us in this work. With his help, we put together a plan which should be fully implemented in 1985. Our basic philosophy has been to combine self insurance and high deductibles with substantial liability insurance to protect the Town from "the big one" and bear the cost of the smaller claims ourselves.

The Board would like to note the retirement of Everett Rockwell during 1984. His contribution to the Town and its youth was significant. He will be missed.

Serving on Town Boards and committees is a time consuming job and with the fast pace of our day to day lives it is easy to feel comfortable with the way things are going and let someone else do it. The Board has filled numerous elected posts by appointment during the past years. We would again like to repeat our call for the citizens of Granville to get involved. Pay attention to the way your Town is run, turn out and vote, and take the time to serve.

Richard N. Kirsche, Chairman
Edwin A. Beckwith
Henry C. Turner

FINANCE COMMITTEE REPORT

At the 1984 Annual Town Meeting a budget of 1,001,211 was approved by the town for year ending June 30, 1985. The following will show the breakdown by department.

	1983	**1984**	**1985**
General Government	3.9%	3.9%	3.8%
Highway Department	12.8%	13.4%	12.8%
Public Safety	2.6%	4.5%	4.9%
Health & Sanitation	2.7%	2.6%	2.7%
Public Library	1.4%	1.2%	1.2%
School Department	66.0%	61.6%	61.3%
Assessors	1.3%	1.7%	2.1%
Unclassified	9.3%	8.3%	8.4%
Stabilization		2.8%	2.8%

The finance committee has enjoyed working with all the departments of the town. We feel that great strides have been made in communication between the finance committee and other departments. Due to the cooperation of all departments we were able to stay within the constraints of proposition 2½.

GRANVILLE FINANCE COMMITTEE:

Richard Woodger, Chairman
Tom Monteith
Walter Pflumn
James Roberts
Mary Stosick—Secretary

Article 39. To see if the Town will vote to transfer the sum of $5,000.00 from Overlay Reserve to the Reserve Fund.

Article 40. To see if the Town will vote to exempt $20,000.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal year 1985.

Article 41. To see what sum the Town will vote to raise and appropriate for the Stabilization Fund.

Article 42. To see if the Town will vote to authorize the town Treasurer, with the approval of the Selectman, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1984 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 43. To see if the Town will vote to raise and appropriate the sum of $1,000.00 for the purchase of a lawn mower.

Article 44. To see if the Town will vote to transfer from Free Cash the sum not to exceed $10,000.00 to be used to reduce the property tax rate for Fiscal 1985.

Article 45. To see if the Town will vote to permit the use of alcholic beverages in public buildings.

Article 46. To see if the Town will vote to authorize the appointment of a study group for a housing authority for Granville.

Article 47. To see if the Town will vote to direct the Board of Selectmen to communicate with the governing bodies of the communities presently served by Western Massachusetts Electric Company to suggest the following course of action.

1. To form a regional Municipal corporation to distribute electricity to the residents of the region;
2. To displace electricity presently provided by Western Massachusetts Electric Company with power obtained from Hydro-Quebec of Canada;
3. To request Governor Michael Dukakis to consider their merits of entering into a contract with Hydro-Quebec of Canada as already entered into by the Governors of Maine, New Hampshire, Vermont and Rhode Island;
4. To seek an injunction against the granting of rate hikes for power provided by Western Massachusetts Electric Company.

Article 48. To see if the Town will vote to authorize the Treasurer to take 25% off the Revenue from Cobble Mountain Power Plan and use said revenue to lower the tax rate for the next year.

Article 49. To see if the Town will vote to set up a fund to receive donations to be handled by the Treasurer for the repair and maintenance of the Town Hall and to be administered by the Selectmen.

Article 50. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 1st Day of June, 1984

Edwin A. Beckwith, Chairman
Henry Turner
Richard Kirsche
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Yes 54 Opposed 0

Article 24. Voted to appropriate for unclassified Departments:

Health & Life	19,000.00 amended sum	Town Insurance	13,000.00
Memorial Day	300.00	Town Reports	2,100.00

Selectmen stated that the $13,000.00 for Town Insurance priority would be for liability for elected and appointed officials and EMT's subject to Finance Board approval. A unanimous non-binding sense of the meeting as to backing elected and appointed Town Officials was taken.

Article 25. Voted to carry over the unused balance in the Unemployment Compensation Fund.

Article 26. Voted to raise and appropriate the sum of $200.00 for the Conservation Commission maintenance.

Article 27. Voted to raise and appropriate the sum of $100.00 for the Conservation Fund.

Article 28. Voted to raise and appropriate the sum of $500.00 for use for recreational purposes.

Article 29. Voted to raise and appropriate the sum of $1.00 for Interest & Certifying.

Article 30. Voted to appropriate $1.00 for Workman's Liability.

Article 31. Voted to raise and appropriate the sum of $1.00 for the maintenance of Old Westfield Road Cemetery, $200.00 for the Woodland Cemetery, $200.00 for the Center Cemetery, $300.00 for the West Granville Cemetery and $1.00 for the Beech Hill Road monument.

Article 32. Voted to raise and appropriate the sum of $1.00 to be expended in the Town by the Hampden County Trustee for County Cooperative Extension in accordance with the provisions of the General Laws of Massachusetts, Chapter 128, Section 42.

Article 33. Voted to raise and appropriate the sum of $27,518.00 for the Hampden County Retirement.

Article 34. Voted to raise and appropriate the sum of $1,000.00 for the Town Inspector of Buildings.

Article 35. Voted to raise and appropriate the sum of $100.00 for the Town Inspector of Buildings maintenance fund.

Article 36. Voted to raise and appropriate the sum of $500.00 for the Council of Aging.

Article 37. Voted to raise and appropriate the sum of $1,000.00 for the Town News Letter.

Article 38. Voted to raise and appropriate the sum of $1.00 for the Historical Commission Building Maintenance.

Article 39. Voted to transfer the sum of $5,000.00 from Overlay Reserve to the Reserve Fund.

Article 40. Voted to exempt $20,000.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal 1985.

Article 41. Voted the amended sum of $5,000.00 to be raised and appropriated for the Stabilization Fund.

Article 42. Voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1984 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 43. Voted to raise and appropriate the sum of $1,000.00 for the purchase of a lawn mower.

Article 44. Voted to transfer from Free Cash the sum of $10,000.00 to be used to reduce the property tax rate for Fiscal 1985.

Article 45. Voted and amended to read — Voted to approve the issuance of special licenses under Massachusetts General Law Chapter 138, Section 14, as amended for the sale, possession, or consumption of alcoholic beverages on public property. Licenses to be issued by Selectmen.

Yes 34 Opposed 28 Abstain 2

Article 46. Voted to authorize the appointment of a study group for a housing authority for Granville. Moderator Ed Roberts appointed: Helen Day, Doris Beaulieu, William York and Leroy Clink.

Article 47. NOT VOTED to see if the Town will direct the Board of Selectmen to communicate with the governing bodies of the communities presently served by Western Massachusetts Electric Company to suggest the following course of action:

1. To form a regional municipal corporation to distribute electricity to the resident of the region;
2. To displace electricity presently provided by Western Massachusetts Electric Company with power obtained from Hydro-Quebec of Canada;
3. To request Governor Michael Dukakis to consider the merits of entering into a contract with Hydro-Quebec of Canada as already entered into by the Governors of Maine, New Hampshire, Vermont and Rhode Island;
4. To seek an injunction against the granting of rate hikes for power provided by Western Massachusetts Electric Company.

16 Favor 16 Opposed not a vote

Article 48. Voted and amended to read to authorize the Assessors to take 50% of net difference from Cobble Mountain Power Plant to lower maximum levy limit for fiscal 1986.

Article 49. Voted to set up a fund to receive donations to be handled by the Treasurer for the repair and maintenance of the Town Hall and to be administered by the Selectmen.

Article 50. Leroy Clink made a motion to have the moderator appoint a committee of 5, 1 member of the School Committee, 1 member of the Finance Board, 1 Selectmen, and two others, to look into sending our children to either Southwick or Westfield schools depending on the best curriculum and the lowest tuition.

Favor 9 Opposed 25 Not Voted

Motion to adjourn made and seconded. Meeting adjourned at 11:35 P.M.

SPECIAL TOWN MEETING

Commonwealth of Massachusetts
Hampden, ss
To either of the Constables of Granville

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on May 14, 1984 at 8:00 P.M. to vote upon the articles which follow:

1. To see if the Town will vote to transfer from Surplus the sum of $10,000.00 for Winter Roads.
2. To see if the Town will vote to transfer from the Fire Hydrant Account to Town Insurance the sum of $2,576.90.
3. To see if the Town will vote to transfer the sum of $226.29 from the Fire Hydrant Account, the sum of $555.00 from the Copy Machine Account, the sum of $300.00 from the Dog Warden Account all to the Town Hall Maintenance Account. The total sum is $1,081.29
4. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HAND AND SEAL THIS 29th day of April 1984

Edwin A. Beckwith, Chairman
Richard N. Kirsche
Henry C. Turner

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Paul Holcomb, Constable

SPECIAL TOWN MEETING May 14, 1984

A quorum was present. Meeting Began at 8:03 P.M.

Article 1. Voted the amended sum of $11,755.77 to transfer from Surplus for Winter Roads.

Article 2. Voted to transfer from the Fire Hydrant Account to Town Insurance the sum of $2,576.90.

Article 3. Voted to transfer the sum of $226.29 from the Fire Hydrant Account, the sum of $555.00 from the Copy Machine Account, the sum of $300.00 from the Dog Warden Account all to the Town Hall Maintenance Account. The total sum is $1,081.29.

Article 4. Ralph Dickinson pledged $100.00 toward maintaining the Town Hall and urged others to follow suit. Walter Pflumm asked for a concensus of the meeting to see if persons would vote for an overide of Proposition 2½ 8-Favor 22-Opposed

The Selectmen and Assessors agreed to meet to compose a letter to the Tax Commissioner asking for help in getting the City of Springfield to sign the contract for the Water Works. Moderator Edward Roberts appointed the following to figure cost of repairs for the Town Hall: Ralph Dickinson, Jim Roberts. Henry Turner, and Edwin Beckwith.

Meeting adjourned at 9:35 P.M.

Attest: Donna A. Clifford
Town Clerk

Christopher Mastropieri	1977

Administration

Dr. Louis S. Josselyn	Superintendent of Schools
Kenneth L. Johnson	Director of School Business Services

Superintendent's Office (School Union No. 39)

Address: 63 Feeding Hills Road
Southwick, MA. 01077

Telephone: (413) 569-5391
or 569-5392

Hours: School Days - 8:00 to 4:00 Non-School Days - 8:00 to 3:30

The office is open daily Monday through Friday except legal holidays. Appointments to see the Superintendent may be made by calling his office.

Office Staff (Union No. 39 Office)

Barbara Stromgren	Secretary-Receptionist
Barbara Watson	Senior Financial Clerk
June Kennedy	Junior Financial Clerk

Meetings

Regular meetings are held the second Monday of each month from September through July and such special meetings as necessary.

All meetings are open to the public. Meetings are called to order at 7:30 P.M. Opportunity for public comment is offered at the beginning of each meeting.

The October and May meetings are held in West Granville. All other meetings are held at the Village School.

No School

The NO SCHOOL SIGNAL will be broadcast on stations WTIC-1080, WHYN-560 and WLDM-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as to whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

Work Permits

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from the Village School office or from the Superintendent of Schools in Southwick.

SCHOOL UNION #39

June 25	5 Snow Days	5	185

Schools close June 18 or whenever 180 days have been completed.

GRANVILLE SCHOOL COMMITTEE REPORT

The Granville School Committee has appointed Peter Azar Principal of the Elementary School System. Mr. Azar was formally Vice Principal/Teacher at Michael Driscoll School. Brookline, Ma.

The Committee this past year has spent considerable time and study investigating parent, faculty and student perception of Southwick High School. A parent survey was conducted in conjunction with one on one school committee/parent interviews. A special school committee session was scheduled in February 85 with the Southwick High School administrators (Superintendent, Principal, and Vice Principal) and Guidance Department. This effort was made to establish the committees' responsibility to the secondary educational system.

The Committee has maintained its educational programs and fiscal responsibility to the townspeople. Our high standards were achievable through the efforts of our staff and administration. Much work is still required to finalize a budget for the fiscal year 1986. Our objective has been to preserve the educational system and make improvements where possible. Our major financial concerns still remain Special Education and rising tuition costs. Until special education programs are totally funded by the state they will remain a large share of our committed budget.

The State Board of Education has granted approval to conduct a three full day kindergarten pilot program. Members of our staff have been attending a workshop for administrators of curriculum.

Other members of our staff have been activily involved in the development of a computer program which could be incorporated into the curriculum.

The physical facilities of both schools, village and west, have been maintained. Major efficiencies of the heating system at west are required and may be a major expense when failure occurs.

The Committee wishes to express its appreciation to all residents of Granville and to the staff for their many efforts extended to the Granville School System.

Respectfully submitted,
Daniel L. Stosick, Chairman
William C. Bacon
Karen Ball
Denise M. Czapracki
Christopher Mastropieri

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my eighth annual report as Superintendent of Schools for the Berkshire-Hampden Southwest School Union (Massachusetts School Supervisory Union 39), it being the eighty-third of such reports.

Kindergarten

Perhaps you will recall at this time a year ago the kindergarten situation was very much up in the air. In fact, it appeared the Massachusetts Department of Education was going to mandate that the Granville Kindergarten meet five half days per week rather than continuing on the three full day schedule which had been in effect since 1982. A change to five half days would have been consistent with Department of Education regulations.

I am glad to report that as a result of much work as well as efforts on the part of the Department of Education, we have been able to resolve the problem.

The Department of Education approved a waiver for the Granville School Committee to hold Kindergarten on a three day basis as long as the schedule in Monday—Wednesday—Friday. In addition, Granville must participate in the Massachusetts Kindergarten Pilot Project along with Sandisfield and several other rural communities in Worcester County.

The Massachusetts Kindergarten Pilot Project is a study of the effects of full day programs on kindergarten age children. Faculty members are expected to attend a number of meetings and a special grant is being funded to help provide additional training of the staff through an "Early Prevention of School Failure" program.

Tolland Attendance in the Granville Schools

Tolland students are presently attending Kindergarten through Grade Three in the Granville Schools on a tuition basis. The Granville School Committee has a policy which restricts class size to twenty-five pupils or less per grade. Due to possible class size problems in the future the Granville School Committee has informed the Tolland School Committee that no pupils will be accepted in Grade Four in 1985–86. Any future decisions about students in any of Grades K–3 will be made on a year-to-year basis.

School Bus Transportation

The School Committee purchased a new 1984 65 passenger diesel bus which arrived in the middle of the 1983–84 school year. A new 1985 65 passenger diesel bus was authorized at the 1984 Annual Town Meeting with arrival scheduled sometime in the middle of the 1984–85 school year. This new bus will replace the oldest bus in the fleet, a 1972 gasoline model.

The arrival of the new bus means that all of the regular busses are diesels of 1979 or younger vintage. The process of updating the bus fleet has been financially difficult. Hopefully, there will be fewer repair bills as large as some in the past.

At the present time the 1976 gasoline powered bus is used only as a spare.

Southwick High School Evaluation

The New England Association of Schools and Colleges completed its evaluation of Southwick High School in April of 1984. This followed a year and a half of vigorous self-evaluation by the Southwick High School faculty. I am glad to report that the High School received full accreditation again as a comprehensive high school.

High Schools are evaluated in ten year cycles. This is the third time that Southwick High School has been evaluated in its history as a high school. On each occasion the High School has received a ten-year or maximum accreditation.

Parents will be interested to know also that Southwick High School has perhaps the lowest drop out rate in the state, it being two (2) percent for the past school year. This is striking evidence of a curriculum and programs which meet the needs of a wide range of our population.

The educational advantages to being part of the Southwick School system are immeasurable. Full value is acheived only by the effort off the students and their active participation in school activities.

I offer my congratulations to the many students who are doing well in Southwick. I give my thanks to the many people of Granville and to the Granville School Committee for their interest and support.

Assertive Discipline Workshop

Granville teachers participated in a one-day workshop in October, 1984 on Assertive Discipline. The purposes of this program were to reaffirm the established discipline program, to help students to behave in an appropriate and positive manner and to take responsibility for their actions. The general consensus was that this workshop was a very worthwhile venture and of value to all members of the staff and administration.

The workshop was presented on one of the teachers professional days and was funded by the School Committee's Inservice account.

Eighth Grade Orientation for High School

A considerable amount of time, energy and talent have been expended by the School Committee, Superintendent's office and high school administration investigating some parents' concerns about the secondary educational program. A positive result of this discussion has been an improvement in the transition process for eighth grade students at Granville Village School who plan to attend Southwick High School.

This transition process involves a visit by the eighth grade to Southwick High School in January to tour the facilities. At an assembly later in January with Southwick eighth graders, there will be a presentation of the various curricula offerings and extra-curricular activities.

Another meeting with the parents of Granville eight graders (as well as the students) is planned to be held in the evening at the Village School. At that time the Southwick High School Guidance Department will discuss scheduling courses, careers and activities at the high school.

A final visit to the Village School will be held at the end of January by the Guidance Department. At that time assistance will be given in developing the courses and class schedule for the students on an individual basis.

This whole process, as described, should improve the transition process for Granville eighth graders planning to attend Southwick High School.

New Staff

We have been pleased to welcome Peter Azar, new Principal of the Granville Schools, Sharon Billings as the part-time Art teacher and Sandra Griffin as part-time Science teacher and computer consultant.

Mr. Azar, with a B.S. from Southeastern Mass. University, and a Masters from Northeastern University, has thirteen years of experience in Massachusetts. For the past six years he taught at the Driscoll School in Brookline, four of these years as Assistant Principal. He comes well prepared to serve as Principal of the Granville Schools.

Mrs. Billings is a graduate of Westfield State College and has substituted extensively in the Southwick and Granville Schools. Mrs. Griffin is a graduate of Westfield State College. She has experience teaching in Westfield and at Springfield Cathedral High School as well as having working with computers in private industry.

End of an Era

I cannot conclude this report without some reference to Everett Rockwell's retirement. "Rocky" devoted 19 years to the process of educating the youth of Granville. I think we all recognize that the community was especially fortunate to have had such an individual as its educational leader. Although his techniques and procedures were sometimes unorthodox, his sole aim was truly the total development of the whole child.

We shall miss him greatly. He touched many lives and we are all better for it.

Summary

The reports which follow are part of this report. You are urged to read them and if you have questions, the persons who wrote them will be glad to discuss the report with you.

I would like to extend my thanks and appreciation to the members of the School Committee, Kenneth Johnson, Everett Rockwell, Peter Azar, staff members, parents and the Union 39 staff who help the school system function so effectively. Without the work and concern of all of these people the job of educating the young people of Granville could not be accomplished.

Special thanks also to Sheridan Moore who retired in 1984 after serving on the School Committee for seven years, two as chairperson. Mrs. Moore always had the best interests of all Granville students as her first concern.

Respectfully submitted,
Dr. Louis S. Josselyn
Superintendent of Schools.

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I hereby submit my first report as Principal of the Granville Public Schools.

Personnel

In addition to myself the new members of the staff include; Mrs. Sandra Griffin who teaches science in the junior high school and is the school's computer resource person, and Mrs. Debra Christie, our noon aide and crossing guard.

Programs

With the acquisition of Mrs. Griffin there has been an obvious focus of computer education and computer literacy. To date a committee comprised of Mr. Robert Thompson, Mrs. Andrea Scully, Mrs. Sandra Griffin and myself have had meetings to conduct a needs assessment, identify a computer philosophy, review the state of the art in educational hardware and software and determine the direction of computer use in the schools.

The Kindergarten Pilot Program is in it's second year and is thriving. Ms. Linda Dickinson, our kindergarten teacher, and I have attended several meetings at the regional office in West Boylston. These meetings have brought together other teachers and administrators involved in this project and have been a good source of information to us. The meetings have also provided us with a better opportunity to exchange ideas and techniques with our counterparts in Sandisfield, who are also involved in the project.

A five year plan to review and revise the curriculum has been initiated this year. The goal of this plan is to systematically review the curriculum, so that, a comprehensive and continuous series of programs is offered to our students. This plan does not imply that our present system is poor but rather that all systems, regardless of how good they are, need a regular review to maintain high standards.

I'd be remiss if I didn't make two acknowledgements. First, the warmth and sincerity shown at Everett's retirement festivities were the best introduction to the town I could have received any in many ways set the tone for my initial weeks as principal. Second, the dedication of the staff to their work is outstanding. They constantly make an extra effort to support and instruct the children, both in and out of the classroom. The beneficial effect this has on the school climate is direct and an obvious bonus.

Respectfully submitted,

Peter J. Azar

REPORT OF THE SCHOOL NURSE

I hereby submit my seventh annual report as School Nurse for the Granville Public Schools.

The Spring immunization clinics continue to provide all students with the opportunity to stay up-to-date with their immunization needs.

In March '84, the film "Naturally . . . A Girl" was shown to 4th & 5th grade girls. The filmstrips "Theres a New You Coming . . . for Girls" and one "for Boys" were shown to the 6th grade girls & boys.

In April '84, four 8th graders & I attended an all day workshop for peer educators. The topic was "Alcohol Awareness". The 8th graders studied all the materials & then presented the information to the 4th through 8th grades. It was a good learning experience for all.

In May '84 postural screening was done on all 5th through 8th grade students, in compliance with Chapter 7s Section 57 of the Massachusetts General Laws.

Dr. Beattie did physical examinations on those students in K, 4th & 7th who requested them.

Vision & Hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physicians.

I have made home visits to those parents whose children are undergoing full 766 Special Needs evaluations.

In the Fall of '84, a weekly Fluroide Mouthrinse Program was started. I am very pleased with the 85% participation.

I continue to enjoy my work with the children of Granville. I wish to thank Mr. Azar, all parents & staff for their continuing cooperation in meeting the health needs of all students.

Respectfully submitted,

Linda Duval, R.N.

REPORT OF THE CAFETERIA MANAGER

To the Superintendent of Schools:

This is my twenty-third Annual Report as the Manager of the Cafeteria of the Granville Public School System.

The lunch program is proceeding about the same as other years in that our participation fluctuates with menu changes. We try to satisify as many steady customers as possible and encourage some new ones. We are limited somewhat by our budget as food costs are not stable. We have just one distributor that delivers in town. The U.S.D.A. is continuing to furnish us with commodity products, such as flour, cheese, butter, some meats, etc.

Joan Miller is the assistant at the Village School for her tenth year and Linda Jensen is serving at West Granville.

We want to thank all who have helped with our program this year.

Respectfully,

Arlene B. King

GRANVILLE PUBLIC LIBRARY

To the citizens of the Town of Granville;

The year 1984 was a very productive one for the Library. The first 6 months were spent weeding the main room and the childrens room. This is very time consuming because each book has to be examined. Titles that do not circulate, are in need of repair, or are outdated, were offered for sale.

The Childrens room was reorganized. The new format is simplified and easier to use. A new collection of books and cassettes have been added.

A new rug has been given by the Library Club. The main room had to be emptied so we took advantage of this. The center stacks have been arranged to make the Library spacious. We now have a place for Children to do homework. The 1985 Scientific American Encyclopedia has been added.

Mrs. Donna Roberts is my new assistant. In just a few months she has helped us improve services. Also, many thanks to Laura Horlor.

Yours Truly,
Dena Cosmus
Librarian

WESTFIELD AREA MENTAL HEALTH AND RETARDATION BOARD

1983

(January 1–December 31)

SERVICES TO RESIDENTS OF: GRANVILLE

The 21 citizen representatives of the Westfield Area Mental Health and Retardation Board are responsible for ensuring that quality services are available to *all* residents in need from the eleven communities comprising the Greater Westfield Area: Agawam, Blandford, Chester, Granville, Huntington, Montgomery, Russell, Southwick, Tolland, Westfield, West Springfield.

Service recipients include children, men and women from all backgrounds and circumstances, each with unique abilities and needs. Some may require one-time, minimal assistance with a stressful situation, while others may require intensive, long-term support. Residential, vocational, educational, treatment and support services are available to meet individual needs.

The Westfield Area Mental Health and Retardation Board is committed to providing opportunities for *all* persons who live with mental retardation or experience mental illness to overcome the effects of their disabilities, to achieve as much independence as possible, and to live fulfilling lives within their community.

REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE

The Hampden County Extension Service is a unique partnership of local, county, state, and federal governments established to provide continuing education programs to all residents of Hampden County. Essentially, it is an extension of the University of Massachusetts with the special mission of introducing the results of research and improved knowledge for practical application. Areas of special focus include child development and family relations, 4-H youth development, human nutrition, clothing and textiles, food and fiber production, preservation, marketing and utilization, horticulture as it affects the home and community, and community resource development.

In accordance with the General Laws of the Commonwealth—Chapter 128, the Trustees for County Cooperative Extension Service are empowered to receive money appropriated by any town to support programs. Such funds are generally used to support activities of and by volunteers as they work in their communities in the many programs of extension.

Because of changes in the administrative structure of the Extension Service in the past year, expenditures from the town accounts were delayed. We anticipate this account to be quite active during the coming year.

The following Financial Summary is current:

Account January 31, 1984	$245.49
Account Balance January 31, 1985	$245.49

Sincerely,
Judith S. Glaser
Regional Extension Administrator

REPORT OF THE HIGHWAY DEPARTMENT

To the Selectmen of the Town of Granville

Gentlemen:

Usual spring work was done, cleaning up winter sand, cleaning catch basins and patching. All dirt roads were graded.

This year we were fortunate to purchase a tractor on rubber with mower, for mowing the road side. This was purchased from government surplus for the sum of $750.00. This tractor is in excellent condition and I would say, would be worth $4,500 in a dealers yard.

With it we were able to mow all road sides in town. This has not been done in the last few years because of the old equipment being worn out.

We made our own winter sand this year. The amount we made was 9,000 thousand yards, which should last at least two winters. Rental of the plant for one month, $4,850.00; rental of additional loader one month $3,000.00; fuel for equipment $1,150.00. Total $9,000.00 dollars for 9000 yards of sand. A neighboring town is paying $7.00 per yard for sand delivered to them.

Our system of getting our winter sand is a big saving to the Town of Granville.

Respectfully submitted
Arthur Sheets
Highway Superintendent

REPORT OF THE INSPECTOR OF BUILDINGS

Reports for 1984

Julius Holl of Southwick is the Plumbing Inspector and Alan Daigneau, South Lane #1 is the Electrical Inspector.

Permits issued:

Homes—9	Garages—5	Sheds—2	Additions—4

Total Cost of Construction—$495,700.00

Respectfully Submitted
Joseph W. LeClair, Jr.
Inspector of Buildings

REPORT OF THE GRANVILLE PLANNING BOARD

As many of you have noticed, Granville is growing. A major portion of our time was spent evaluating plot plans submitted for approval. You have probably noticed the results of these actions in the increased number of home constructions underway in town.

We have also been involved in By Law discussions regarding amendments to the By Laws. It is unfortunate that the By Laws will not be rewritten this year. A major rewriting will require legal assistance which will be costly. We are getting to the point where legal costs to defend our By Laws as they exist will exceed the cost of a major rewrite of those laws. The town will soon be forced to spend money for a rewrite to save money for legal defense of our existing By Laws.

Again, please be aware that the Planning Board meets on the first and third Mondays of each month at 8:00 pm at the Town Hall. The active members of the Planning Board are Al Benham, Chairman Chick Goneau, Delly Benham, and Harlon Hansen.

GRANVILLE VOLUNTEER FIRE DEPARTMENT

To the Residents of Granville:

The Emergency Services System and the dedicated individuals involved continue to provide the Town with high quality service. We have made some changes in our systems in an attempt to upgrade and improve our service. First, we've changed our water delivery system for major fires. We now use the portable tank system which improves our ability to engage a working fire and utilize our tank trucks to their maximum capability. We have completed work on our 4 wheel drive forest fire truck. With the help of many volunteer hours, we fabricated, from an army surplus truck, a first rate off-road fire truck. This unit is completely operable by one man and has already proven its effectiveness. This addition adds a long overdue capability to the service that we are able to perform. We have brought tanker one up to operating standards. We are presently in the process of rebuilding tanker two with a new power plant. This will give us enough water on trucks to safely and effectively engage a major fire.

We have also upgraded our communication system through the Gloria Falcetti Memorial Fund and subsequent donations. The Falcetti Family has made possible the acquisition of a paging system. This will ultimately put all of the emergency personnel in immediate contact with you via the dispatch system.

Our ambulance service continues to provide exceptional — second to none service. Under the careful direction of Ambulance Administrator's Al Stone and Kathy Girard. Great advances have been made in the areas of in service training and record keeping for state mandated specifications. The ambulance service is stronger than ever. I would like to recognize the EMT's of this Town who make such great personal sacrifices to provide quality service. They are appreciated by myself, and by the people of Granville.

As Fire Chief, I've been able to witness some of the great strengths of our community. The commitment of the volunteers, the cooperation between all departments for the common good, the Ladies Auxillary's never ending and total support for emergency services, and all the individual residents who have shown their support for the Fire Department in various ways, the Board of Selectmen with their careful, thorough guidance of our Town. Their experience has been very rewarding to me and renews my sense of the high quality of life we enjoy in Granville.

Even though we have made some important advances in our emergency services this year much remains to be done. We should incorporate a master long term plan for the acquisition of apparatus so that major expenses are done in a financially prudent way and acquisitions are made that fit our specific needs. I also propose that we adopt a plan to install over the next 10 years 10 dry hydrants to make water available on a year round basis for firefighting, the first of which should go in West Granville.

In closing, I would like to pay special tribute to an individual whose dedication and professionalism is the standard for all our members to aspire to. In her capacity as dispatch, Ruth Boucher has time and time again turned a caotic emergency situation into an organized and successful operation. Rarely receiving the thank yous from family and those involved but always contributing significantly to each emergency operation. She manages our disptach service with a degree of professionalism that is second to none. Thank you Ruth.

Chief,
Douglas Roberts

TOWN REPORT
AMBULANCE SERVICE

We have had a very busy year with training. From January to April 1984 we put on a EMT training course that met twice a week. From April to November there was inservice training classes, and a few continuing education classes.

As of December 31, 1984 the ambulance answered 90 calls, averaging over 7 calls a month. We see this as an indication that the ambulance and its personnel will be needed even more each year. We are taking steps to keep up with this so there will always be an ambulance and trained personnel available.

Our Fire Department ambulance operates on the donations received through the year and by a few fund raisers. We cannot express enough how much the money we receive is needed and appreciated. We would like to thank you for thinking of the ambulance fund in your time of sorrow and after your time of need.

In the past year we have received many donations in memory of towns people that have passed away. This money is spent on many things needed to keep the ambulance supplied with equipment to keep it up to state regulations and provide our patients with the best care possible. Some of the equipment purchased this year were a pediatric bag mask, resusitator with oxygen accumulator and an oxygen accumulator for the adult bag mask resusitator already on the ambulance. Another complete oxygen unit was purchased to outfit another jump responder. Two portable radios and one mobil radio were also purchased. All these things are very costly, but are needed to provide the best and efficient care to the sick and injured.

We now have a number of jump responders in West Granville, in the center of town and in the east side of town. In the event of a serious illness or injury, a jump responder can be dispatched to the scene even before the ambulance crew on duty can get the ambulance on the road. Each jump responder has a full medical jump kit and oxygen along with a portable radio. This jump responder system has proven to have made the difference between life and death and between a quick recovery and a long stay in the hospital.

Again we thank you for your support, and don't forget that help is only a call away. We have EMT personnel on duty 24 hours a day 7 days a week.

Thank you
Alan L. Stone
Ambulance Administrator
Granville Vol. Fire Dept.

GRANVILLE VOLUNTEER FIRE DEPARTMENT LADIES AUXILIARY

Last year was a good year for the Granville Volunteer Fire Dept. Ladies Auxiliary.

We had a food booth at the Columbus Day Harvest Fair which was a great success.

We also ran our weekly Bingo on Monday night in the Firehouse Hall and between these two activities we were able to purchase the following items:

1.	3 two way Motorola radios	$3,095.00
2.	Two new metal doors	
3.	Four panic bars (break away handles)	2,105.50
4.	A new bingo light up board for the downstairs non smoking area, two speakers, and a wireless mike	752.31
5.	A new refrigerator	538.00

6. Contributions to the following:

a. Crime Watch Signs	74.42
b. Granville Country Caller	15.00
c. Senior Citizens	50.00
d. Scholarship Fund	25.00
e. Scholarship Fund In Mr. Rockwells name	500.00
f. Little League (Youth Sports)	100.00
g. School Year Book	10.00
h. Drug Abuse Program	25.00
i. Historical Society	– 50.00
	$7,340.23

Our goal for this year is to have an overhang built at the end of the firehouse with a sidewalk and a ramp to help the Senior citizens and the handicapped to gain easy access to the firehouse.

With out our Bingo and the other activities we would not be able to accomplish our goals and to help others in our town.

Our Bingo gave away in prizes last year $24,902.25 which is amazing because we are such a small bingo, but we are able to accomplish a lot of things.

We are looking forward to the continued support of our activities, Remember without you we can not do these things. Most of which would have to come out of your taxes.

On behalf of the Ladies Auxiliary we are proud to announce that our annual blood drive was a success. We collected 42 pints and I want to say a special thank you to all of you who took out a little bit of time to give life's most precious gift. Please look for us again in September at the town hall. Keep an eye on the Country Caller for further information. We will be taking reservations and all walk ins will be welcome.

A thank you to the Granville Ladies Aid for their help and a very special thank you to Mr. and Mrs. Brown for their help.

Respectfully Submitted,
Dorothy L. Schlosser (President)

REPORT OF THE POLICE DEPARTMENT

Calls to the Department	485
Domestic Complaints	8
Auto Thefts	4
Larceny	3
Breaking & Entering	16
Value of Stolen Property	$99,854
Arrests	5
Malicious Destruction of Property	11
Traffic Citations	
Arrests	7
Complaints	83
Warnings	74
Equipment Violations	39
Accidents	
Reported	26
Unreported	5

Last year's report started with "discussing increases in crime activity in our Town." This year it is the same. We have suffered better than 400% increase in the value of stolen property from our Town over last year. Some of this property was recovered and 5 persons were arrested with the help of our Granville Officers. These facts do not help the personal loss resulting from a theft. Any mental or physical loss to persons resulting from crime is too much. We must all be more observant and better able to help our neighbors and your police to bring this increase to a stop. The Ladies Auxiliary is helping in this effort. We again thank them for donating the "Crime Watch" signs displayed on entry to Granville. They should help as a deterent to crime.

Our thanks go out to our Board of Selectmen for their diligence in securing our police liability insurance. Unfortunately, their hard work did not hit pay dirt until after the summer which is our busiest time. This year we plan to spend as much time as possible in the public eye to assist as a crime deterent.

The best police force can not do it all. If you leave your house door open or unlocked while you are away or if you leave your keys in your car even in your driveway . . . you are asking for trouble. Help yourself! If you are going away, call our dispatcher and let her know so we can keep an eye on things. But . . . what ever you do . . . lock it up and pocket your keys!

Paul Holcomb
Police Chief

VETERAN'S SERVICE REPORT
1984

As Director and Agent for the Western Hampden District Veterans Service, I am pleased to submit my Annual Report to the Town of Granville for 1984.

The District Office is located in the Annex, rear of the Town Hall, Agawam. Telephone number is 786-0400, Ext. 236 or 237. Business hours are from 8:30 A.M. to 12:00 noon and 1:00 P.M. to 4:30 P.M., Monday through Friday, except holidays. In addition to Granville, Veteran Services are provided for the other three towns in our district including Agawam, Southwick and Tolland. For your convenience, we suggest that you call ahead for an appointment.

Within the next few months, we will relocate to the Pierce School on Springfield Street, Feeding Hills. The school will house the Agawam Police Department and several other town offices. However, our telephone number will remain the same.

The Veteran Service Department is privileged to assist veterans and their dependents to obtain benefits to which they may be eligible on both the Federal and State level. We are pleased to report our Annual Award Summary of Federal Benefits processed for the Town of Granville through this office for 1984 totaled $23,959.50, with a total district sum of $138,664.20.

Approved federal claims result in a direct savings to the town of residence in that if the veteran were not receiving the federal benefits, he would be eligible for Veteran Service assistance, the cost of which is shared by the Commonwealth and the town of residence. Federal Benefits include: service-connected compensation, non service-connected pension, widows pensions, death indemnity compensation for surviving spouse and children of a veteran who dies of a service-connected condition, educational and burial benefits.

In addition to processing claims for federal benefits for veterans, this office provided assistance for community veterans under Chapter 115, M.G.L. This state mandated Veteran Service Program provides financial assistance to honorably discharged wartime veterans in time of need. The Commonwealth of Massachusetts reimburses the Town of Granville 50% of all money spent on this program. In 1984, this office provided Ordinary Benefits — $1,607.50; Fuel — $136.50; Dental — $416.00, for a total of $2,160.00

Effective July 1, 1984, veteran benefits were increased by .05%. This was the first increase in benefits in approximately four years. However, also effective July 1, 1984, due to a level funding increase for fiscal 1984–1985 only, the cities and towns of the Commonwealth will receive 75% of the cost of veteran benefits instead of the previous 50%. This applies to fiscal year 1984–1985 only. Commissioner, John Halachis will request the 75/25 ratio of payment for 1985–1986. Whether it will be approved or not is uncertain, but for 1984–1985 Granville will realize a substantial savings on veteran benefits.

I urge all veterans to register a copy of their discharge (DD 214) with this office and I look forward to assisting veterans and their dependents on behalf of the Town of Granville during 1985.

Respectfully submitted,
Ruth A. Bitzas
Director of Veterans' Services

REPORT OF THE BOARD OF SELECTMEN

This year brought an unusual number of problems to our office and the following represents a brief review.

Probably the most significant event was the visit by Hurricane "Gloria." Not enough can be said in praise of the Highway crew under Arthur Sheets leaderships, the Fire Department under Charlie O'Connell, the Police Department under Paul Holcomb and the ever ready Ambulance EMT's under Kathy Girard. Round the clock protection of citizens and property were afforded us by these departments. They are, obviously, crisis ready — most reassuring. Nor can enough praise be given to Ruth Boucher, on the job 24 hours a day — 6½ days a week. Without her dedication, ability and "cool" all of us would be "in risk" and none of the departments above could operate. Ann Martin, her backup, serves uncompensated with the same dedication and efficiency. During Gloria, when our system was in serious disarray, she provided the critical link between services.

Thru Civil Defense and Federal Agencies, the Selectmen were able to procure a disaster declaration from President Reagan for Granville and after several meetings and inspections, Federal and State monies were made available to partially defray our costs of road repair, Town radio damages and salary and equipment use. We hope for these funds to be paid shortly.

A new Building Inspector was appointed who is knowledgeable and competent. His strict adherence to the laws gives security to home buildings, townspeople and in these days of heavy law suits, to this office.

The Degano home was removed and needed additional parking space made available for the town hall-fire house area. It is hoped that this can be paved in the future.

The reorganization of the Fire Department, giving more autonomy to the Ambulance branch has been most successful and with the growth of trained personnel, projected equipment update, and the present dedicated leadership, we will be in good shape.

On October 6th an extremely fine inter-town event, the Cobble Mountain Rescue Training session was held — organized and directed most efficiently by our Barry Rosenfield. He deserves great credit.

One of the most gratifying events has been our ability to procure full insurance for the town itself, town buildings, all elected and appointed officials including EMT's and Police at a time other towns and cities are in a crisis state in this regard. Our ability to do this at a most reasonable cost resulted from the hiring of Mr. Robert Pratt of Westfield who has acted as our expert agent, seeking out the best coverage for us. We have been supremely fortunate to obtain the services of this gentleman. This board would still be searching without him.

The Highway Department has now a badly needed new loader and sander to work with and has done its job well. Operating short in help it has kept our winter roads clear through a most difficult winter. The stretch of repaved Old Westfield Road has stopped the potential breakup of our busiest way. We could not attack the roads which need actual reconstruction due to money constraints. We hope to obtain State funds under the STRAPS program for some planned reconstruction.

The Police Department has had an extremely busy year as noted in their report. Partly due to budget and partly as an experiment in response to some citizenry feeling that radar patrol was unnecessary, from July on there were almost no speeding watches, the money instead being used for patrol and response to Gloria, domestic complaints and accidents. The result was very clear, the one car accident rate especially in the West went way up. It is fortunate that in the cars turned over, over the bank and smashed into trees, no one died. Speed control should be resumed.

The Dump cost is huge and the cost of each open top has doubled. Every citizen can help by crushing or breaking up large pieces before putting them into the open top. Lumber from demolished structures, large car frames and the like should not be disposed of at the dump. Each time bulky, unsmashed furniture, etc., fills the open top, $200.00 more is spent. Courtesy and thoughtfulness is the key. Don't forget recycle that paper.

The Town Hall committee will make its report at Town Meeting on projected short and long term plans and needs. Both the Town Hall and the Fire House need immediate paint to prevent further damage to the structure.

As the Town continues to grow the rate of expenses for the necessary and basic services for the health and safety of the citizens continues to outpace the increase in revenues permitted under "2½". The constraints put upon expenditures in all phases of General Government over the past five years or so, while keeping the taxes within reasonable bounds, have taken their hidden tolls and we are now at the point where "the results of these "economies" must be faced. Upkeep of various sorts can be delayed just so long — then they must be faced. During this and the next coming years, we will have to address the following problems: 1. The costly deterioration of our Town Hall closed for past winters. A long range plan is being developed and immediate first step remedies will be proposed. 2. The repainting of the fire house delayed as long as possible before real damage occurs. 3. The need for replacement of Highway trucks following the past discontinuance of rotating replacement as we did pre "2½". 4. The serious breakdown of several of our roads because we have been unable to do a bit each year. This situation has been brought about because the Town has paid salaries out of State Chapter money in order to keep the amount raised by the Town down.

This reduced available monies for necessary road repair and upkeep. Over a year or so the results of this "economy" lie unnoticed but we now find the cumulative effect is most serious. We have reached the point where salary monies must now be appropriated by the Town and the Chapter funds devoted to actual road work.

These and other problems can and will be solved if and when we realize that increased and unavoidable costs for the same services which we have become used to cannot be met — and General Government funds available do not keep pace. Problems and needs can be ducked just so long.

We have been pleased to serve and hope to maintain and improve the quality of life for all the citizens of our Town.

Respectfully submitted,
Henry C. Turner, Chairman
Edwin A. Beckwith
Peter C. Batayte

FINANCE COMMITTEE REPORT

At the 1985 Annual Town Meeting a budget of $1,054,246.74 was approved by the town for year ending June 30, 1986. The following will show the breakdown by department.

	1984	1985	1986
General Government	3.9%	3.8%	3.9%
Highway Department	13.4%	12.8%	13.5%
Public Safety	4.5%	4.9%	4.9%
Health & Sanitation	2.6%	2.7%	2.7%
Public Library	1.2%	1.2%	1.1%
School Department	61.6%	61.3%	60.3%
Assessors	1.7%	2.1%	3.4%
Unclassified	8.3%	8.4%	8.7%
Stabilization	2.8%	2.8%	1.5%

Due to the co-operation of all town departments the finance committee has been able to see that we were able to stay within the constraints of proposition 2½. We hope to continue to serve the town of Granville and its citizens to the best of our abilities.

GRANVILLE FINANCE COMMITTEE:

Richard Woodger, Chairman
Tom Monteith
Walter Pflumn
James Roberts
Mary Stosick—Secretary

REPORT OF THE BOARD OF APPEALS

The Board of Appeals was involved in the following decisions:

Fred C. Hansen was denied a permit to change a two family dwelling to a four family dwelling.

Leon and Joyce Ripley were granted a permit for a CROSS COUNTRY SKI AREA with structures customarily incidental there to.

Paul J. Rieker was denied a permit for a 100 feet variance of the frontage requirement for an interior lot to be granted to an associate.

Karen and Robert Laptew were granted two building lots, if area is increased to a minimum of 44,000 sq. feet and a frontage of 188 feet on the way for each two building lots. The Board stipulates that a separate parcel of land 50′X167′ belonging to Robert Laptew, located common to Guy Hansen and Robert Laptew will be deeded for access to back acreage.

Sandra Henderson was granted a building lot with a frontage of 50 feet on Sodom St. to access a minimum of two acrea lot in back. Stipulation: Sodom St. access not to be used for any other purpose than access to the building lot itself.

Clift Martin was granted a permit to live in a trailer while building his home. Permit expires Dec. 31, 1985.

David and Donna Franklin were granted a variance for 118 feet frontage on Cross Rd. increase total square footage to be not less than 4 acres.

Mark Clendenin withdrew his petition for a variance.

William Frederick was denied a permit to build a single family dwelling on a 50 feet right-of-way — depth of 300′ opening to a 200′X210′lot.

The Granville Selectmen were granted a permit to build a ramp for the elderly on the easterly side of the Granville Firehouse with less than the required footage from the abutter's land.

We thank Millard Eller, who retired in July, for his many years of dedicated service on the Board.

Karen Mroz—Chairman
Millard Eller—Vice Chairman
Marilyn Hiers—Secretary
Harold Lovelace—Member
Peter Batayte—Member
Craig Simi—Member
Carolyn Donatini—Member
Ralph Dickinson—Alternate Member

THE ANNUAL REPORT ON THE COUNCIL ON AGING

We were greatly saddened by the death of two of our members this year, Russell Avery and Roland Overson. They will be greatly missed.

We welcome Martha Emerson and Serena Clary to the board.

We have purchased a new copy machine with the support and donations from private parties and organizations, for which we are grateful. This machine will help us to bring the Country Caller to you each month.

The Senior Citizens worked very hard for the Harvest Fair this past fall to raise funds to continue their lunches and activities for the next year.

The Senior Citizens and the C.O.A. members put together a very successful cookbook for sale at the Harvest Fair. They are still available if anyone is interested.

We are looking forward to another successful year.

Respectfully, The C.O.A.
Karen Laptew
Connie Egerton
Martha Emerson
Mae Dickenson
Serena Clary
Dot Schlosser

Article 44. To see if the Town will request the passage of a special act of the General Court to validate the Town annual election held on April 15, 1985.

Article 45. To see if the Town will vote to amend the Zoning By-Laws by deleting the third sentence of Section iii 3-1 (b) in its entirety as follows: "Any permit granted in the above section shall lapse no later than two (2) years after the granting of such permit."

Article 46. To see if the Town will vote to dispose of a 1972 Chevrolet School Bus.

Article 47. To see if the Town will vote to accept the provisions of section thirteen of chapter two hundred and fifty-eight of the General Laws which provides that the town shall indemnify and save harmless municipal officers, elected or appointed, from personal financial loss and expenses including reasonable legal fees and costs, if any, in an amount not to exceed one million dollars, arising out of any claim, demand, suit or judgement by reason of any act or omission except an intentional violation of civil rights of any person under any law, if the official at the time of such act or omission was acting within the scope of his official duties or employment.

Article 48. To see if the Town will vote to indemnify municipal officers, elected or appointed, from personal financial loss and expenses, including reasonable legal fees and costs, if any, in an amount not to exceed one million dollars, arising out of any claim, action, award, compromise, settlement, or judgment by reason of any alleged intentional tort, or by reason of any alleged act or omission which constitutes a violation of the civil rights of any person under any federal or state law, if the official at the time of such act or omission was acting within the scope of his official duties or employment; provided, however, that no such official shall be indemnified for any such alleged intentional tort or for violation of any such civil rights if he acted in a grossly negligent, willful or malicious manner?

Article 49. To see if the Town will approve revised tax abatements for the elderly as provided in Chapter 653, Clause 41B which increases the income limits to $10,000.00 for a single person or $12,000.00 for a married couple. Under Clause 41 B the minimum social security amounts will continue to be excluded from total income. These amounts are currently $2,806.10 for a single person or $4,209.15 for a couple. If income guidelines are met, a couple's total estate cannot be worth more than $23,000.00. An elderly person's assessed property valuation would not be included in the value of his/her estate.

Article 50. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1985 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year in accordance with General Laws, Chapter 44, Section 17.

Article 51. To see if the Town will vote to transfer from Free Cash the sum not to exceed $10,000.00 to be used to reduce the tax rate for Fiscal 1986.

Article 52. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 21st day of May, 1985.

Richard N. Kirsche, Chairman
Henry C. Turner
Edwin A. Beckwith
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Paul Holcomb, Constable

Article 44. Voted to request the passage of a special act of the General Court to validate the Town annual election held on April 15, 1985.

Article 45. Planning Board required this article be stricken from the warrant and passed over.

Article 46. Voted to dispose of a 1972 Chevrolet School Bus.

Article 47. Voted to accept the provisions of section thirteen of chapter two hundred and fifty-eight of the General Laws which provides that the Town shall indemnify and save harmless municipal officers, elected or appointed, from personal financial loss and expense including reasonable legal fees and costs, if any, in an amount not to exceed one million dollars, arising out of any claim, demand, suit or judgement by reason of any act or omission except an intentional violation of civil rights of any person under any law, if the official at the time of such act or omission was acting within the scope of his official duties or employment.

Article 48. Voted to indemnify municipal officers, elected or appointed, from personal financial loss and expenses, including reasonable legal fees and costs, if any, in an amount not to exceed one million dollars, arising out of any claim, action, award, compromise, settlement, or judgement by reason of any alleged act or omission which constitutes a violation of the civil rights of any person under any federal or state law, if the official at the time of such act or omission was acting within the scope of his official duties or employment; provided, however, that no such official shall be indemnified for any such alleged intentional tort or for violation of any such civil rights if he acted in a grossly negligent, willful or malicious manner.

Article 49. Voted to approve revised tax abatements for the elderly as provided in Chapter 653, Clause 41B which increases the income limits to $10,000.00 for a single person or $12,000.00 for a married couple. Under Clause 41B the minimum social security amounts will continue to be excluded from total income. These amounts are currently $2,806.10 for a single person or $4,209.15 for a couple. If income guidelines are met, a single elderly person's total estate value cannot exceed $20,000.00, and a Couple's total estate cannot be worth more than $23,000.00. An elderly person's assessed property valuation would not be included in the value of his/her estate.

Article 50. Voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1985 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the General Laws, Chapter 44, Section 17.

Article 51. Amended to $33,000.00. Amendment accepted. Voted to transfer from Free Cash the sum not to exceed $33,000.00 to be used to reduce the tax rate for Fiscal 1986.

Article 52. The report of the Study Committee of Housing Authority (Art. 46 of 1984) was heard. Voted to continue this committee.

The report of the Town Hall Study Committee was heard. Voted to continue this committee for another year.

Meeting adjourned at 9:20 P.M.

Attest: Bonnie A. King
Town Clerk

NOTICE OF SPECIAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on April 29, 1985 at 8:00 P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to transfer the sum of $516.40 from the EMT Training Account to the Town Insurance Account.

Article 2. To see if the Town will vote to transfer the sum of $3,000.00 from the Highway Holiday and Vacation Account to the Law Department Account.

Article 3. To see if the Town will vote to transfer the sum of $500.00 from the EMT Training Account to the Building Inspector Account.

Article 4. To see if the Town will vote to transfer the sum of $3,000.00 from surplus for the purchase of a used truck for the Fire Department.

Article 5. To see if the Town will vote to transfer the sum of $1,575.00 from Surplus for the purchase of Liability Insurance for Elected and Appointed Officials.

Article 6. To see if the Town will vote to transfer the sum of $7,500.00 from surplus to the School Budget.

Article 7. To see if the Town will vote to amend the Granville Zoning By-Laws by adding the following permitted use:

> "That Section III 3-1 of the Zoning By-Laws of the Town of Granville entitled "Permitted Uses" be amended by adding at the end thereof the following new Permitted Use:
>
> (5) The construction, maintenance, and operation of a Meat Packing and Processing Facility; provided, however, that the construction, maintenance and operation of any such facility be in compliance with all state and federal laws, rules and regulations, including but not limited to the rules and regulations promulgated from time to time by the United States Department of Agriculture."

Article 8. To see if the Town will vote to amend the Granville Zoning By-Laws to read as follows:

> "That Section III 3-1-B of the Zoning By-Laws of the Town of Granville entitled "Permitted Uses on Special Authorization" be amended by adding at the end thereof the following new Permitted Use:
>
> (10) The use of one or more rooms in a dwelling or other structure as the office of a physician, surgeon, dentist, attorney or veterinarian. In such uses a professional sign of not more than six square feet in area attached to the dwelling or structure may be used."

Article 9. To see if the Town will vote to sell a used Military Truck and Engines.

Article 10. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 15th day of April 1985.

Richard N. Kirsche, Chairman
Edward A. Beckwith
Henry C. Turner
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Paul Holcomb, Constable
April 15, 1985

SPECIAL TOWN MEETING April 29, 1985

The Moderator declared a quorum present and called the meeting to order at 8:05 P.M. at the Granville Town Hall.

Article 1. Amended to "To see if the Town will vote to transfer the sum of $516.40 from Surplus to the Town Insurance Account" by the Finance Committee from the floor. Voted to accept the amendment.

Article 2. Voted to transfer the sum of $516.40 from Surplus to the Town Insurance Account.

Article 3. Voted to transfer the sum of $3,000.00 from the Highway Holiday and Vacation Account to the Law Department Account.

Article 4. Voted to transfer the sum of $500.00 from the EMT Training Account to the Building Inspector Account.

Article 5. Voted to transfer the sum of $3,000.00 from Surplus for the purchase of a used truck for the Fire Department.

Article 6. Voted to transfer the sum of $1,575.00 from Surplus for the purchase of Liability Insurance for Elected and Appointed Officials.

Article 7. Voted to transfer the sum of $7,500.00 from Surplus to the School Budget.

Article 8. Planning Board amended from the floor to read: To see if the Town will vote to amend the Granville Zoning By-Laws by adding the following permitted use.

> "That Section III 3-1B of the Zoning By-Laws of the Town of Granville entitled "Permitted Uses On Special Authorization" be amended by adding at the end thereof the following new Permitted Use:
>
> (9) The construction, maintenance, and operation of a Meat Packing and Processing Facility; provided, however, that the construction, maintenance and operation of any such facility be in compliance with all state and federal laws, rules and regulations, including but not limited to the rules and regulations promulgated from time to time by the United States Department of Agriculture."

It was a unanimous vote to accept the amendment.

Article 9. Voted to amend the Granville Zoning By-Laws by adding the following permitted use.

> "That Section III 3-1B of the Zoning By-Laws of the Town of Granville entitled "Permitted Uses on Special Authorization" be amended by adding at the end thereof the following new Permitted Use:
>
> (9) The construction, maintenance, and operation of a Meat Packing and Processing Facility; provided, however that the construction, maintenance and operation of any such facility be in compliance, with all state and federal laws, rules and regulations, including but not limited to the rules and regulations promulgated from time to time by the United States Department of Agriculture."

Ballot Vote Taken — 67 YES, 12 NO (passed with required 2/3 vote).

Article 10. Voted to amend the Granville Zoning By-Laws to read as follows.

> "That Section III 3-1B of the Zoning By-Laws of the Town of Granville entitled "Permitted Uses on Special Authorization" be amended by adding at the end thereof the following new Permitted Use:
>
> (10) The Use of one or more rooms in a dwelling or other structure as the office of a physician, surgeon, dentist, attorney or veterinarian. In such uses a professional sign of not more than six square feet in area attached to the dwelling or structure may be used."

Ballot Vote Taken — 78 YES, 2 NO (passed with required 2/3 vote).

Article 11. Voted to sell a used Military Truck and Engines.

Article 12. No further business.

Meeting adjourned at 9:12 P.M.

Bonnie A. King
Town Clerk

TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in Said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on November 25, 1985 at 8:00 P.M. to vote upon the articles which follow:

1. To see if the Town of Granville will vote to accept a professional development grant of approximately $8,867.00 payable on February 15, 1986, August 15, 1986, and a grant of approximately $6139.00 payable in a separate account on February 15, 1987 and August 15, 1987 for the purpose of supplementing teacher compensation under the provisions of section 13 of Chapter 188 of the Acts of 1985.
2. To see if the Town of Granville will vote to accept an equal educational opportunity grant for fiscal year 1986 in the amount of $2,113.00 under the provisions of G.L. Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be placed in a separate account and shall be expended by the school committee for direct service expenditures.
3. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 9th day of November 1985.

Henry C. Turner
Edwin A. Beckwith
Peter C. Batayte
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Dr. Louis S. Josselyn	Superintendent of Schools
Kenneth L. Johnson	Director of School Business Services

Superintendent's Office (School Union No. 39)

Address: 63 Feeding Hills Road
Southwick, MA. 01077

Telephone: (413) 569-5391
or 569-5392

Hours: School Days - 8:00 to 4:00 Non-School Days - 8:00 to 3:30

The office is open daily Monday through Friday except legal holidays. Appointments to see the Superintendent may be made by calling his office.

Office Staff (Union No. 39 Office)

Barbara Stromgren	Secretary-Receptionist
Barbara Watson	Senior Financial Clerk
June Kennedy	Junior Financial Clerk

Meetings

Regular meetings are held the second Monday of each month from September through July and such special meetings as necessary.

All meetings are open to the public. Meetings are called to order at 7:30 P.M. Opportunity for public comment is offered at the beginning of each meeting.

The October and May meetings are held in West Granville. All other meetings are held at the Village School.

No School

The NO SCHOOL SIGNAL will be broadcast on stations WTIC-1080, WHYN-560 and WLDM-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as to whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

Work Permits

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from the Village School office or from the Superintendent of Schools in Southwick.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my ninth annual report as Superintendent of Schools for the Berkshire-Hampden Southwest Union (Massachusetts School Supervisory Union #39), it being the eighty-fourth of such reports.

Educational Reform Legislation — The Public School Improvement Act — Chapter 188

By far the most significant activity in education in Massachusetts and Granville in 1985 has involved the Public School Improvement Act which Governor Michael Dukakis signed into law in July. This is a significant piece of legislation because of the programs generated and the ramifications for increased state control of local education. Chapter 188 does offer school districts new *opportunities* but also places on them new *responsibilities* for the steady improvement of education for all children in the Commonwealth and particularly for those in poorer districts.

Consistent with the Massachusetts tradition of local autonomy, the law encourages and supports a local initiative and accountability. At the same time it provides a framework for creative collaboration between state and local governance structure for the benefit of children in the Commonwealth.

There have been some understandable problems in instituting the law. The law passed in late July and many sections became effective at the beginning of September. Many of the regulations, guidelines and deadlines for carrying out the law were hastily constructed which created some confusion and lack of understanding. At the present time, however, these problems seem to have been eliminated and a clearer analysis and understanding of the complete law is now available.

Most important, however, is that the Public School Improvement Act speaks to those educational issues of major concern both nationally and in Massachusetts: educational finance, teacher quality, testing, basic skills remediation, drop-out prevention and early childhood education.

Financial assistance to the Granville Public Schools is being received through several avenues. The bulk of this aid is funneled through several formula grants. The most important of these is the Equal Educational Opportunity (EEO) Grants. In the current (1985–86) school year Granville is receiving $2113 which must be used in areas relating to *Direct Service* to students. Eligibility is based on the fact that Granville's Per Pupil Expenditures are below 85% of the state average. This EEO grant was approved by the School Committee and a Special Town Meeting on November 25, 1985.

The granting of EEO funds is the attempt of the state to assist all communities to reach 85% of the state average or higher. A district which accepts the grant must maintain its direct per pupil expenditure from year to year by expending either a proportionate share of its increase in school aid and additional tax levies for direct service or by one third of the difference between the district's per pupil cost and the 85% norm.

It should be noted that Granville has already met the qualifications for EEO funds for Fiscal 1987. We expect the funds will be the same in Fiscal 1987.

We have also been made aware that Chapter 70, Section 7 of the Mass. General Laws stipulates that all communities in the state MUST be at 85% of the state average for Per Pupil expenditures by 1989. Those communities which do not utilize EEO funds will be mandated by state law to use local funds to do so.

The Granville School Committee and the Special Town Meeting also approved the acceptance of *Professional Development Funds* for staff members. This takes the form of $1,100 per teacher to be distributed in four installments over three school years.

Every individual school in the Commonwealth is also eligible for *School Improvement Council* funds at the rate of $10 per pupil. A *School Improvement Council* composed of the principal, three teachers and three parents comprise the Council and are authorized to expend these funds on items related to direct instructional funds on items related to direct instructional costs in the school. $1560 was available for Grades K-6 this year and next year $2050 will be available for K-8.

The Granville School Committee did not recommend the adoption of the *$18,000 Minimum Salary* which was an option available through the Education Reform Act.

Each school district in 1986–87 may also apply for Horace Mann Grants. Each district is eligible for a total grant equal to $120 per teacher. In Granville there will be $1272 available to the system. The grant will increase the compensation of certain teachers by a maximum of $2,500. These teachers will have expanded responsibilities for training, curriculum development, drop-out prevention and inservice instruction.

In the *Discretionary Grant* category of Chapter 188 there are sections devoted to funding for improvement of Essential Skills, Early Childhood education, Instructional Materials, a Teacher Learning Corps, an Educational Technology Trust Fund, Dissemination of Exemplary Programs (Lucretia Crocker fund) Leadership Training for Principals and Supervisors, and Teacher Training Incentives.

A major portion of the new legislation involves the improvement of student performance. The current Basic Skills Improvement Testing program will be replaced in 1986–87 by a state *Assessment* program. There will also be curriculum assessments in selected major curriculum areas every two years.

Every school and district will also submit annually for evaluation information in seven categories (curriculum outline and graduation requirements; pupil/teacher ratios and class size policy; statistics, policies, etc. relative to suspensions and expulsions; per cent of school age children attending; and racial composition).

In addition eight program descriptions will be submitted for evaluation; art and music programs; programs for Gifted and Talented; adult education; library and media facilities; condition of instructional materials; types of computers and software; basic skills and remediation programs; and drug and alcohol abuse programs.

Hopefully, the previously mentioned material gives some insight as to the comprehensiveness and complexity of the new Educational Reform legislation. Much more will be heard about this in the months and years to come.

Kindergarten

The Department of Education has granted a waiver to Granville for the past two years (1984–85 and 1985–86) to conduct full day Kindergarten. There was some earlier concern that the waiver would not be granted for 1986–87. I am pleased to report at this time, however, that the waiver was granted at the February meeting of the Mass. Board of Education to continue three full days of Kindergarten through the 1986–87 school year. What happens to the present Kindergarten plan after June 1987 remains questionable, however.

Grant Program

The Granville faculty continues to work diligently on inservice and professional development. During the course of the past and current years several state grants have been written as well as a great deal of participation in the computer education programs developed through the Westfield State College Collaborative.

The Commonwealth Inservice Instructional grants are as follows:

Title	Amount	Program Convener
Early Prevention of School Failure	$977.00	Linda Dickinson
Computer as a Tool	$750.00	Andrea Scully

Budget

A tentative copy of the proposed School Committee budget for 1986–87 follows this report. Although every effort has been made to hold the budget to the lowest possible figure it has been impossible to avoid an increase. The major portion of the increase is based on increased numbers of tuition pupils at Southwick and Westfield High Schools, a tuition increase of $150 per pupil and increases in the negotiated salary accounts.

Retirees:

Special mention should be made of Ruth Lessard and Marge Bloomberg. Ruth taught in the Granville Schools from 1963–1985 while Marge has provided transportation in one capacity or another since 1958 and served as a regular bus driver from 1976 until her retirement in 1985.

Ruth and Marge have served the children and the community well.

Summary

We are fortunate to work with so many fine staff, school committee, students, community members, and School Union #39 staff who help the school system function so effectively.

I am especially appreciative of the efforts, energy and talent which so many devote to the Granville children. Without everyone's help the school system would not function very effectively.

The reports which follow are part of this report with you. You are urged to read them and if you have any questions, the person who wrote them will be glad to discuss the report with you.

Respectfully submitted,
Dr. Louis S. Josselyn
Superintendent of Schools

REPORT OF THE PRINCIPAL

I respectfully submit my second report as principal of the Granville School.

The addition of new programs; review of curricula; growth of parent involvement; renewed attention in education both nationally and locally; and, above all, the changes in and involvements of the school staff have continued to make the school an active and vital place.

During the summer the School Improvement Act, Chapter 188 was signed into law. The implementation of this law involved the formation of a School Improvement Council consisting of 3 teachers, 3 parents and myself. The job of this group was to recommend to the School Committee how to spend the $1560 ($10 per child in grades K-6) available to us in the School Improvement Funds. This find and other phases of Chapter 188's implementation are under discussion.

The Computer Literacy Program was supported by the School Committee with the purchase of three computers, monitors; disk drives plus adding additional teacher time. This program is at the beginning of its implementation and focuses on the use of software in math, English, logic and word processing. Future instruction plans include use of LOGO, a programming language and other software to support our present curriculum. Software and staff instruction has come to us via the Westfield Computer Collaborative and teacher written grants. These involvements have provided us with approximately $1000 in software as well as teacher inservice and instruction.

Presently we are in the first year of our curriculum review. This year our focus is language arts. The goal of this review is to insure our curriculum offerings continue to be comprehensive and continuous as well as to incorporate current ideas into our offerings where appropriate. It has also provided us with a forum to discuss how we present the curriculum.

Parents are becoming more involved in the school on many levels. This past year has involved them as school volunteers, room parents, organizers of social events, members on committees and, in general, advocates for their children and the school. These connections are just beginning to grow. There has been a great deal of discussion to establish a parent group which would support school projects as well as bring speakers and other programs to school.

Staff members have continued to seek current information on curriculum, instruction and related issues. Staff members have attended a variety of workshops and meetings and have visited other schools to seek out new ideas and fine tune and review old ones. The result of this has been a personal and school review of our offerings as well as a curriculum which fits the needs of our students.

The staff has also experienced a major turn-over both during the summer and in the first half of the school year due to retirements, new jobs and new directions in life. The following people have not returned to the school community or resigned in the first half of the school year:

Ron Albee, Custodian
Marge Bloomberg, bus driver
Mary James, 3rd grade teacher
Ruth Lessard, 4th grade teacher
Sandra Griffin, science and computer teacher
Suzie Michnovez, bus driver
Linda Monstur, aide
Norma Turcotte, music teacher

I'd like to thank them all for their time, energy and effort on behalf of the children. Transferring within the school was Mrs. Sharon Billings from art to 3rd grade teacher; Mrs. Karen MacIver from English to science teacher; and Mrs. Debby Christie from crossing guard/lunch monitor to bus driver.

New members of our staff include:

Bernadette Case, bus driver
Elizabeth Daglio, art teacher
MaryPat Fredericksen, music teacher
Amy Gabriel, 4th grade teacher
Jeanette Martin, lunch monitor/crossing guard
Debra McCarthy, English teacher/computer teacher
Charlie O'Connell, custodian

I'd like to welcome them to the staff and wish them well.

I'd like once again to thank you for your support and cooperation and welcome you to join us in the education of our youth.

Respectfully submitted,

Peter J. Azar, Principal
Granville Public Schools

GRANVILLE SCHOOL COMMITTEE REPORT

The Granville School Committee has accepted with regret the following resignations:

Mary James	— Grade 3
Ruth Lessard (Retired)	— Grade 4
Sandra Griffin	— JHS Science and Computers
Gerard Bergeron	— JHS Literature, Algebra, French
Norma Turcotte	— Music
Linda Monstur	— Special Needs Aide
Susan Michnovez	— Bus Driver
Ronald Albee	— Custodian
Arlene King (Retired)	— Lunch Program

The Committee and the Town of Granville acted on and accepted the Professional Development Grant and the Equal Educational Opportunity Grant of Chapter 188 of the Acts of 1985.

The committee has spent a considerable amount of time reviewing School Committee Policy. One policy of particular interest to high school students this year states that a pupil may attend the public high school of their choice within the state providing the tuition does not exceed that which is being currently paid and that he provides his own transportation.

Our major costs remain in the areas of teachers salaries 31% tuition costs 29%, Chapter 766 Special Needs programs 15%, Administration 10%, Physical Facility, Equipment and Supplies 10% and Transportation 5%.

A major problem the committee will face in the future as the school population increases is the pupil teacher ratio and physical facility limitations. We expect to devote more attention to the physical facility and the replacement of worn out equipment.

The committee would like to thank all of the staff as well as the many members of the community who have contributed to make the year successful.

Respectfully submitted,
Daniel L. Stosick, Chairman
Karen Ball
Denise M. Czapracki
Christopher Mastropieri
Christine Schultz

REPORT OF THE SCHOOL NURSE

I hereby submit my eighth annual report as School Nurse for the Granville Public Schools.

In March 85, the film "Growing Up on Broadway" was shown & discussed with the 4th, 5th & 6th grade girls. Also, "The New You Coming — for Girls" was shown to the 5th, 6th grade girls. At the same time, the 5th & 6th grade boys viewed the film strip "The New You Coming — for Boys."

The Spring immunization clinics continue to provide all students with the opportunity to stay up-to-date with immunization needs.

In May '85, postural screening was done on all 5th through 8th grade students, in compliance with Chapter 71 Section 57 of the Massachusetts General Laws. Some students were referred to their family physicians for further observation.

Vision & Hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physician.

In Dec. '85 Dr. Beattie did physical examinations on 32 students in Kindergarten 4th and 7th grades. The remaining 35 students from these grades were seen by their private physicians.

The weekly Fluoride Mouthrinse program has an 85% participation. With the help of dedicated volunteers this program is successful. This program is funded by the Mass. Dept of Public Health, Division of Dental Health.

I have made home visits to those parents whose children are undergoing full 766 Special Needs evaluations.

I continue to enjoy my work with the students of Granville. I wish to thank Mr. Azar, all parents and staff for their continuing co-operation in meeting the health needs of all students.

Respectfully submitted,

Linda Duval, R.N.

REPORT OF THE CAFETERIA MANAGER

To the Superintendent of Schools:

I hereby submit my twenty-fourth and final report as Manager of the Granville School Cafeteria. I have enjoyed working in our school system serving the children of Granville for two generations.

Our Lunch Program is rather inconsistent as our customers' tastes are not completely the same. We try to keep our menus in line with the times as much as possible. We are serving pizza, grilled cheese, hamburger, tacos, hot dogs, chili, etc.

Because of high food costs, our budget is quite similar to home. We are able to serve Type A lunches with the help of our U.S.D.A. commodities.

It has been a pleasure working with the School Staff over these many years, especially the girls who have worked in the kitchen with me. I want to thank each of them at this time.

Respectfully,

Arlene B. King

GRANVILLE PUBLIC LIBRARY

To the citizens of the Town of Granville;

Thank you for your support and encouragement. Those kind words are very much appreciated by Mrs. Roberts and myself. Please feel free to make comments good and bad. Sometimes there are things we just don't see.

Our catalogue project for non fiction was completed in 1985. This was a a big job but makes the card catalogue a better tool for patrons. In 1986 we would like to work on the fiction catalogue and weed the fiction.

We had a very successful children's program in 1986. Mrs. Clendenin had a good attendance, and the children had a rewarding time.

Mrs. Roberts has made the children's room a delightful place. We have added a section for very very young patrons. This has brought 2 and 3 year olds in as our youngest patrons. Paperback collections were brought for young adult and junior high sections.

In 1985 Mrs. Clary, Mrs. Emerson, Mr. and Mrs. Marshall, Jane Pollard and Ann Marie Clendenin volunteered their time to the Granville Public Library. We thank you very much. Everyone is welcome!

A very special thank you to Donna Roberts. Not just for a job well done but for all the extras.

Yours Truly,
Dena Cosmus
Librarian

REPORT OF THE HIGHWAY DEPARTMENT

To the Selectmen of the Town of Granville

Gentlemen:

Our winter this year required the use of twice as much sand and salt as last year.

The purchase of a new John Deere loader and a new in-body sander were a big help to the Highway Department in keeping up with winter roads.

We had considerable more ice on the roads this winter and colder temperatures which means more sanding.

Usual spring work, cleaning of catch basin, cleaning up winter sand and grading dirt roads.

September 27th a heavy rain storm came in and washed some of our dirt roads out beyond the point of being able to fix them before winter, these roads will be first on the list as soon as the ground settles.

We are supposed to receive aid from federal or state or both for this work.

We overlayed approximately one mile on the old Westfield road from Route 57 north with type I. This portion of the road was cracked and in poor condition.

We rebuilt approximately one mile of the Tom Haynes road because of a building lot sold & someone starting a home in that location. This is one of the roads that the storm destroyed.

Respectfully submitted
Arthur Sheets
Highway Superintendent

REPORT OF THE GRANVILLE PLANNING BOARD

The Planning Board has had a busy year this year. For the first time in years, we have had a fully active board with a compliment of 5 members.

As you may be aware, our town is growing. Over the year, we have seen a potential growth of over 10% when the number of plot plans presented to the board are counted.

A majority of our time has been spent checking plot plans for compliance with our By Laws. In the time remaining, we have begun the task of a major rewrite of our By Laws.

We expect this rewrite process to continue through the year to come. Expect to see notices regarding this process and please express your views during our usual meetings on the first and third Mondays of each month at the town hall.

Al Benham
Chairman

REPORT OF THE INSPECTOR OF BUILDINGS

Reports for 1985

For the period of March 19 to December 31, 1985 Menio Benetti, Building Inspector, issued 39 Building Permits

		Valuation
14	Single Family Dwellings	$ 881,241.00
9	Additions and Remodelings	72,953.00
1	Garage	3,500.00
2	Inground Pools	25,995.00
6	Woodstoves	1,495.00
5	Solar Hotwater Panels	34,565.00
2	Miscellaneous	2,720.00
Total 39 permits		**$ 1,022,469.00**

6 — Migrant Worker Camp Occupancy Certificates
25 — Electrical Permits
15 — Plumbling Permits

I thank you for the privilege of serving you and the tremendous cooperation you have given me in order to enforce the State Building Code. Mr. Daigneau and Mr. Holl appreciate your cooperation. Also Thank You All.

Respectfully Submitted
Menio E. Benetti, Building Inspector
Julius Holl, Plumbing Inspector
Alan Daigneau, Electrical Inspector

GRANVILLE VOLUNTEER FIRE DEPARTMENT

To the Residents of Granville:

As the Fire Chief of Granville, I have had the pleasure of serving the town and serving with the many dedicated people involved with the fire and ambulance service. I greatly appreciate the help and support from all department heads, the Selectmen and the Town government in general.

I would also like to see more involvement and interest in the Department. Remember, the Fire Department belongs to the people of this Town. It can't work without your support.

The Fire Department is in the process of modernizing which is necessary for the safety of the Town. At present, both of our engines are almost 30 years old and unreliable. We have spent much money and time improving their performance to meet the immediate need. We have reevaluated the entire department and have proposed the replacement of both engines with one modern piece that is easy to drive, maintain and operate. I cannot recommend spending any more money, which could be considerable, on these two old engines. I feel that this would be unwise and unsafe for the public and the volunteers.

The recruitment of volunteers is and always has been a problem. However, this year we have noticed a considerable improvement. Many people have come forward to serve, not just men but women, and I greatly appreciate their dedication and effort.

Many people may not realize that the average firefighter is required to train 12 hours per month and this does not include fire school and first aid training and working on trucks until midnight on old trucks. It can be really frustrating for everybody involved, and I greatly appreciate their efforts.

In closing, I would like to say the morale of the department is excellent. This department is on the move and our Town has an excellent fire and ambulance service. You can look forward to many solid and real, as well as cost effective, improvements in the future to meet our Town's growing needs.

Respectfully submitted,
Charles O'Connell
Fire Chief, Town of Granville

TOWN REPORT
AMBULANCE SERVICE

We have had a very busy year. The ambulance has responded to 145 calls averaging 12 calls a month. As you can see the calls are increasing every year making the ambulance service needed more now than ever.

We have had in service training sessions from April to November and held a continuing education class at Cobble Mountain Reservoir last October on air rescue and repelling. In service training and continuing education classes must be attended by all EMTs to recertify. We also ran two First Responder courses.

The ambulance service relys mainly on donations and fundraisers. Thank you for your generous donations throughout the year which helped purchase much needed equipment to meet state regulations and provide the best emergency care possible. As a fundraiser we had a fried dough booth at the October Harvest Fair and we hope to do the same next year.

I'd like to thank all the EMTs and First Responders for volunteering their time and service to the Town of Granville. They are constantly learning new techniques in emergency care to provide the best and most efficient care possible. Special thanks to Ruth Boucher, our Dispatcher, for all her help and understanding. She is a true professional. Thank you, Ruth.

In closing I would like to inform you that we will continue to offer the townspeople EMT and First Responder courses along with Advanced First Aid and CPR. Remember — don't hesitate to call the ambulance service at any time. We have EMT personnel on duty 24 hours a day, 7 days a week. If needed, a jump responder fully equipped with medical supplies can be dispatched to the scene immediately. Thank you.

Respectfully submitted,
Kathy Girard
Ambulance Administrator
Granville Vol. Fire Dept.

REPORT OF THE POLICE DEPARTMENT

Calls to the Department	693
Domestic Complaints	29
Auto Thefts	1
Larceny	2
Breaking & Entering	4
Value of Stolen Property	$1,426.00
Arrests	12
Malicious Destruction of Property	2
Traffic Citations	
Arrests	5
Complaints	60
Warnings	103
Equipment Violations	21
Accidents	
Reported	46
Unreported	5

Training activity within the police department has greatly increased during 1985. Training activity included a state mandated course in police procedures from a Granville police department officer who graduated as a police procedure instructor from the Criminal Justice Academy. Additional courses were taught by officers from surrounding area police agencys including radar certification, recreational vehicles policy, and arrest procedures.

There has been a significant increase in the number of calls to the police department and many of the calls have become more serious in nature. Many domestic complaints involving firearms were responded to and an extensive search was conducted for an escaped convict.

The number of automobile accidents increased from 25 in 1984 to 46 in 1985. There will be increased traffic patrol activities during 1986. Arrests increased to 17 during 1985 compared to 12 in 1984. It is apparent that as our town grows so do the police related problems.

During 1985 the number of house breaks were down. The police department urges Granville citizens to maintain the cautions advised last year. In summary they were, lock your house while you are away, do not leave keys in your motor vehicle, and notify dispatch if you intend to be away from your house for an extended period of time.

Paul Holcomb
Police Chief

VETERAN'S SERVICE REPORT
1985

The Western Hampden District Department of Veteran Services is a one stop center for veterans and their dependents for both benefits and services based on eligibility. The district office services veterans of Agawam, Southwick, Granville and Tolland and has been in existence since 1955.

Our office is located in the Annex, rear of the Town Hall, Agawam. Telephone number is 786-0400, Ext. 236 or 237. Business hours are from 8:30 A.M. until 12:00 noon and 1:00 P.M. until 4:30 P.M., Monday through Friday except holidays. If possible, please call ahead for an appointment. Being a district office, I am required to make regular home investigations regarding each case for all towns as well as hospital visits and periodic trips to Boston Veterans Service Department and conferences.

Benefits relate to food, shelter, financial and medical assistance in time of need. Eligibility requirements include honorable discharge, verification of necessary wartime dates and of course *need* must be established.

The district was able to save approximately $36,000 this year by assisting disabled recipients onto the Supplemental Security Income Program. This is a federal program providing financial and medical assistance to the permanently disabled, blind and persons over 65 meeting their eligibility requirements.

Services relate to processing federal claims for veterans and their dependents. These include compensation, V.A. pensions (service and non-service connected), rehabilitation, V.A. hospital admissions, educational allowance for dependents of deceased veterans and widows pensions.

We also serve as an information and referral agency for Social Security benefits, Supplemental Security Income and other agencies providing services not available through this department.

By signing a V.A. "Power of Attorney" the veteran empowers me to act as liaison between himself and the V.A. regarding any V.A. problems he may be experiencing. During 1985 Federal Benefits processed through this department for veterans in the Town of Granville amounted to $3,804, with a total district sum of $183,112, which is a direct savings to the towns in that were these veterans not assisted in receiving federal benefits many of them would most likely be eligible for Veteran Service benefits which would be a substantial cost to both town and state.

Eligibility Verification Reports are now replacing the old Income Questionnaire cards required to be submitted in December of each year by veterans and dependents in receipt of pension. These report forms are now being issued on a staggered basis. We are here to help anyone wishing assistance with their report and we do keep a copy for our file. If you complete your form yourself and mail directly to Boston, I would like to emphasize that you *xerox a copy for your file* as we are already receiving complaints from veterans that the V.A. claim they haven't completed their form and their pension may be suspended. *Please keep a copy of anything you send to the V.A.*

Benefits and services described above are available to all wartime veterans who meet eligibility requirements through this department. In addition, the state has funded a Vietnam Veterans Outreach Center which is located on Main Street in Springfield. Services included there are counseling groups for veterans and their wives, rap groups and a A.A. Silver Vet Group. I do recommend that Vietnam Veterans take advantage of these services.

I would also like to suggest that all veterans take the time to sit down and discuss with their spouse and family the benefits they may be entitled to after the veterans death. It is particularly important that the veterans survivors know the location of important documents such as military discharge papers, marriage and birth certificates and other important papers. All veterans are urged to have their military discharge papers recorded in this office.

Western Hampden District Veteran Services is a one stop center for all veterans benefit programs, but remember, you are not entitled to any benefits unless you apply for them. WE CAN HELP — WE WANT TO HELP — WE WILL HELP all veterans and their dependents who meet the requirements.

Respectfully submitted,
Ruth A. Bitzas
Director of Veterans' Services

REPORT OF THE BOARD OF SELECTMEN

This year was a big year for equipment. The Granville Fire Department received its new truck in August; the Highway Department bought two new sanders and sold two Oshkosh snow fighter trucks and the old fire truck to partially offset the costs of the new purchases.

The state awarded the town a grant to build a salt shed behind the town barn and we received a $150,000 grant under the Small Town Road Assistance Program to repair North Lane 2. The selectmen also applied for state funds to repair two bridges, one on the road through the State Forest, the other Ripley Bridge on Water Street.

Dump costs have soared this year as they have for towns all over our area. The selectmen are moving to institute a recycling program to try to hold these expenses back.

Selectman Henry Turner resigned for personal reasons and received praise for his years of service to the town. This year was the last for our veteran Highway Superintendent Art Sheets. Art served the town as the superintendent for over 20 years, and there are probably very few people in Granville who haven't been helped by Art at one time or another.

Art's replacement, Bill Hooper, has already received high marks for his work directing the highway crew to keep the winter roads passable.

Our appreciation goes to all the town officials with whom we have worked for the fine job they are doing.

Respectfully submitted,
Edwin A. Beckwith
Peter C. Batayte

FINANCE COMMITTEE REPORT

The town must face a series of major problems, three of which quickly come to mind.

1. Population pressure on our school facilities.
2. Escalation of cost of garbage disposal.
3. Lack of adequate office facilities for town functions.

The above problems requires financial resources in excess of those that can be anticipated with the natural growth under proposition 2 1/2.

We feel that improved management of town spending may be achieved through the use of a circuit rider.

Improved management would be achieved by increased effort in requesting grant funding, and awareness of what other Pioneer Valley towns are doing to reduce operating cost.

In 1987 it is our intent to fully investigate the circuit rider concept and identify the magnitude, both short term and long term, of the major problems outlined above.

Respectfully,
The Finance Committee
Richard Woodger
Walter Pflumn
Mary Stosick
Thomas Monteith
James Roberts

REPORT OF THE BOARD OF APPEALS

The Board of Appeals was involved in the following decisions:

Mr. and Mrs. Stanley Kasilkowski were denied a permit to construct a garage in a side yard, 15 to 18 feet from their border.

Thomas L. and Margaret Anderson were granted a permit to use a trailer as a dwelling while building their house.

The Beech Hill Game Preserve was granted a permit for Commercial Recreation as provided for in Section 3-1-B (7) A with provisions.

Karen Mroz, Chairman
Harold Lovelace, Vice Chairman
Marilyn Hiers, Secretary
Carolyn Donatini, Member
Phyllis Falcetti, Member
Ralph Dickinson, Alternate Member

THE ANNUAL REPORT ON THE COUNCIL ON AGING

The year of 1986 had two very important projects put into operation:

1. The Senior Citizens Companion program was initiated. This program is to help Senior Citizens in their homes, errands etc. For details call any Council on Aging member. We are in need of people to make this program a success.

2. We have also put into effect the meals on wheels program again. Anyone wishing to receive meals or help deliver them can contact a council member.

The Council purchased a new typewriter to help get the Country Caller out to you every month.

Once again the Senior Citizens had a booth at the Harvest Fair. We wish to thank all those who helped make it a success.

(continued)

Council on Aging report, (continued)

The Council had a Christmas party for the Senior Luncheon.

We are in need of 2 new members. We would like to have a gentleman or two to represent the male point of view.

We are looking forward to a successful 1987.

The Council On Aging
Karen Laptew—Chairman
Connie Egerton
May Dickinson
Serena Clary
Martha Emerson
Dot Schlosser—Secretary

REPORT OF THE TOWN CLERK

Commonwealth of Massachusetts

NOTICE OF ANNUAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on May 12, 1986 at 7:00 P.M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen, Tax Collector, Treasurer, Assessors, School Committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming months, Fiscal 1987.

Article 3. To see if the Town will vote to use Revenue Sharing Funds as follows: Town Dump, $18,500.00, Fire House Maintenance, $6,500.00, Fire and Police Fuel, $3,000.00

Article 4. To see if the Town will vote to carry over the balance in the Planning Board account.

Article 5. To see if the Town will vote to carry over the balance in the Assessor's Tax Mapping account.

Article 6. To see if the Town will vote to carry over the balance in the Assessor's Legal account.

Article 7. To see what sums the Town will appropriate for General Government.

Article 8. To see what sums the Town will appropriate for General Highway purposes.

Article 9. To see if the Town will vote to raise and appropriate the sum of $25,000.00 for the Road Machinery account.

Article 10. To see if the Town will vote to raise and appropriate the sum of $33,417.00, or such other amount made available by the State to be used for highway purposes. These funds to be expended in anticipation of reimbursement from the State under Chapter 825.

Article 11. To see if the Town will vote to raise and appropriate the sum of $24,296.00 or such other amount the State may provide for the construction of town roads under the provisions of Chapter 577, Section 8 (1980).

Article 12. To see if the Town will allow the transfer from State receipts for Hurricane Gloria to the Highway Department the sum of $77,000.00 as received.

Article 13. To see if the Town will vote to raise and appropriate the sum of $3,500.00 for the Street Lights Account.

Article 14. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 15. To see what sums the Town will appropriate for Health and Sanitation.

Article 16. To see if the Town will vote to raise and appropriate the sum of $3,230.29 to Veterans Administration.

Article 17. To see if the Town will vote to carry over the balance in the Veteran's Benefits account.

Article 18. To see if the Town will vote to raise and appropriate the sum of $306.00 for the Westfield Mental Health and Retardation under the provisions of Chapter 735 of the Acts of 1966 as amended.

Article 19. To see what sums the Town will vote to raise and appropriate for Town Library.

Article 20. To see if the Town will vote to transfer from surplus the sum of $1,250.00 for the Library in anticipation of being reimbursed by the State.

Article 21. To see if the Town will vote to transfer from surplus the sum of $349.00 for the Library in anticipation of being reimbursed by the State.

Article 22. To see what sums the Town will appropriate for Educational purposes.

Article 23. To see what sums the Town will appropriate for Unclassified Departments.

Article 24. To see if the Town will vote to carry over the unused balance in the Unemployment Compensation Fund.

Article 25. To see if the Town will vote to raise and appropriate the sum of $200.00 for the Conservation Commission maintenance.

Article 26. To see if the Town will vote to raise and appropriate the sum of $500.00 for the Conservation Fund.

Article 27. To see if the Town will vote to raise and appropriate the sum of $750.00 for the Recreation Committee.

Article 28. To see if the Town will vote to raise and appropriate the sum of $1.00 for Interest & Certifying.

Article 29. To see if the Town will vote to raise and appropriate the sum of $1.00 for the Workmen's Liability Fund.

Article 30. To see if the Town will vote to raise and appropriate the sum of $200.00 for the Woodland Cemetery, $1.00 Old Westfield Road Cemetery, $1.00 Beech Hill Road Monument, $200.00 Center Cemetery, and $300.00 West Granville.

Article 31. To see if the Town will vote to raise and appropriate the sum of $1.00 to be expended in the Town by the Hampden County Trustees for County Cooperative Extension in accordance with the provisions of the General laws of Massachusetts, Chapter 128, Section 42.

Article 32. To see if the Town will vote to raise and appropriate the sum of $26,664.00 for the Hampden County Retirement.

Article 33. To see if the Town will vote to raise and appropriate the sum of $2000.00 for the Town Inspector of Buildings.

Article 34. To see if the Town will vote to raise and appropriate the sum of $100.00 for the Town Inspector of Building's Maintenance Fund.

Article 35. To see if the Town will vote to raise and appropriate the sum of $500.00 for the Council on Aging.

Article 36. To see if the Town will vote to raise and appropriate the sum of $1,000.00 for the Town News Letter.

Article 37. To see if the Town will vote to raise and appropriate the sum of $1.00 for the Historical Commission Building Maintenance.

Article 38. To see if the Town will vote to transfer the sum of $10,000.00 from Overlay Reserve to the Reserve Fund.

Article 38A. To see if the Town will vote to raise and appropriate the sum of $500.00 for house inspections by the Granville Volunteer Fire Department to be reimbursed by the title holder.

Article 39. To see if the Town will vote to raise and appropriate $7,500.00 for the Town audit.

Article 40. To see if the Town will vote to raise and appropriate $2,500.00 to be used for paint and repairs on the Town Hall and paint on the Fire House.

Article 41. To see if the Town will vote to transfer from Surplus the amount of $30,000.00 to purchase a fire truck or take what other action is necessary.

Article 42. To see if the Town will vote to exempt $25,000.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal 1987.

Article 43. To see if the Town will vote to transfer the sum of $39,359.00 from free cash to reduce the tax rate for fiscal 1987.

Article 44. To see if the Town will vote to sell from the Highway Department 2 used surplus Oshkosh snow removal trucks, from the Fire Department 1 Ward LaFrance fire truck and from the School Department 1 used trampoline.

Article 45. To see if the Town of Granville will vote to accept Equal Educational Opportunity grant for Fiscal Year 1987 in the amount of $2,113.00 or whatever amount the state provides, under the provisions of Massachusetts General laws Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be placed in a separate account and shall be expended by the School Committee for direct service expenditures.

Article 46. To see if the Town of Granville will authorize the appointment of a housing authority in Granville.

Article 47. To see whether the Town will authorize the treasurer to enter into a compensating balance agreement or agreements for fiscal year 1986 pursuant to Chapter 44 Section 53F of the General Laws.

Article 48. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1986 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 49. To see if the Town will ammend Article IV, Section 3 of the Granville Town By Laws which presently reads, "The Selectmen shall have authority to make parking rules and set speed limits" to read:

The Selectmen shall have authority to make parking rules and set speed limits.

The Selectmen shall be empowered to issue permits for all tag or garage sales, craft sales, fairs, vendors, or other public sale events held in the Town and deemed by them not in conflict with the public good.

The Selectmen shall set fees for all permits and licenses issued by the Town and fines not to exceed $25.00 per day per occurance for failure to obtain such permits and licenses before beginning the unauthorized operation.

Article 50. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 4TH DAY OF MAY, 1986

Henry C. Turner, Chairman
Edwin A. Beckwith
Peter C. Batayte
Board of Selectmen

I have served this warrant by posting true and attested copies thereof in each of the usual places in Town for posting such notices.

Albert A. Benham, Constable

Article 31. Voted to raise and appropriate the sum of $1.00 to be expended in the Town by the Hampden County Trustees for County Cooperative Extension in accordance with the provisions of the General Laws of Massachusetts, Chapter 128, Section 42.

Article 32. Voted to raise and appropriate the sum of $26,664.00 for the Hampden County Retirement.

Article 33. Voted to raise and appropriate the sum of $2,000.00 for the Town Inspector of Buildings.

Article 34. Voted to raise and appropriate the sum of $100.00 for the Town Inspector of Building's Maintenance Fund.

Article 35. Voted to raise and appropriate the sum of $500.00 for the Council on Aging.

Article 36. Voted to raise and appropriate the sum of $1,000.00 for the Town News Letter.

Article 37. Voted to raise and appropriate the sum of $1.00 for the Historical Commission Building Maintenance.

Article 38. Voted to transfer the sum of $10,000.00 from Overlay Reserve to the Reserve Fund.

Article 38A. Voted to raise and appropriate the sum of $500.00 for house inspections by the Granville Volunteer Fire Department to be reimbursed by the title holder.

Article 39. Voted to raise and appropriate the $7,500.00 for the Town audit.

Article 40. Voted to raise and appropriate the sum of $2,500.00 to be used for paint and repairs on the Town Hall and paint on the Fire House.

Article 41. Article amended by Edwin Beckwith, Selectman to read:

I move that the Town appropriate the sum of $72,000.00 for the purchase and equiping of the fire truck. To meet said appropriation transfer from free cash the sum of $30,000.00 and authorize the treasurer with the approval of the board of Selectmen to borrow the sum of $42,000.00 under Chapter 44, Section 7 for a period of not longer than five years. And further authorize the Board of Selectmen to apply for, to accept and expend any federal and state grants of gifts, said amount to reduce the amount to be borrowed.
Amendment accepted 55 yes, 2 no.

Voted to appropriate the sum of $72,000.00 for the purchase and equipping of the fire truck. To meet said appropriation transfer from free cash the sum of $30,000.00 and authorize the Treasurer with the approval of the Board of Selectmen to borrow the sum of $42,000.00 under Chapter 44, Section 7 for a period of not longer than five years. And further authorize the Board of Selectmen to apply for, to accept and expend and federal and state grants of gifts, said amount to reduce the amount to be borrowed.
Paper ballot 2 blank, 13 no, and 60 yes.

Article 42. Voted to exempt $25,000.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal 1987.

Article 43. Amended from the floor to $9,359.00.

Article 43A. Voted to transfer the sum of $9,359.00 from free cash to reduce the tax rate for fiscal 1987.

Article 44. Voted to sell from the Highway Department 2 used surplus Oshkosh snow removal trucks, from the Fire Department 1 Ward LaFrance fire truck and from the School Department 1 used trampoline.

Article 45. Voted to accept an Equal Educational Opportunity grant for Fiscal Year 1987 in the amount of $2,113.00 or whatever amount the state provides, under the provisions of Massachusetts General Laws Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be placed in a separate account and shall be expended by the School Committee for direct service expenditures.

Article 46. Voted to authorize the appointment of a housing authority in Granville.

Article 47. Voted to authorize the Treasurer to enter into a compensating balance agreement or agreements for Fiscal Year 1986 pursuant to Chapter 44 Section 53F of the General Laws.

Article 48. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1986 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 49. NOT VOTED to amend Article IV, Section 3 of the Granville Town By Laws which presently reads, "The Selectmen shall have authority to make parking rules and set speed limits" to read:

The Selectmen shall have authority to make parking rules and set speed limits.

The Selectmen shall be empowered to issue permits for all tag or garage sales, craft sales, fairs, vendors, or other public events held in the Town and deemed by them not in conflict with the public good.

The Selectmen shall set fees for all permits and licenses issued by the Town and fines not to exceed $25.00 per day per occurance for failure to obtain such permits and licenses before beginning the unauthorized operation.

Article 50. Motion made and seconded to adjourn to a time certain the 23rd of June 1986 at 8 P.M.

Meeting adjourned at 10:25 P.M.

Attest: Bonnie A. King
Town Clerk

NOTICE OF SPECIAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on May 12, 1986 at 8:00 P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to transfer the sum of $10,731.85 to the Town Insurance Account from the following accounts: $4,000.00 from Health Insurance, $1,000.00 from Law Department and $5,731.85 from Free Cash.

Article 2. To see if the Town will vote to transfer the sum of $911.00 for the Oak Hill School for a rate adjustment for the year 1983 from Free Cash.

Article 3. To see if the Town will vote to transfer the sum of $17,000.00 to the School Account from Free Cash.

Article 4. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 21st day of April, 1986

Henry C. Turner, Chairman
Edwin A. Beckwith
Peter C. Batayte
Board of Selectmen

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Albert A. Benham
Constable

SPECIAL TOWN MEETING May 12, 1986

The Moderator called the meeting to order 8:20 at P.M. at the Town Hall and declared a quorum present.
The warrant was read.

Article 1. Finance Committee recommendation to amend the article to read $4,000.00 from Health Insurance and $6,731.85 from Free Cash made and seconded.

Voted to transfer the sum of $10,731.85 to the Town Insurance Account from the following accounts: $4,000.00 from Health Insurance and $6,731.85 from Free Cash.

Article 2. Voted to transfer the sum of $911.00 for the Oak Hill School for a rate adjustment for the year 1983 from Free Cash.

Article 3. School Committee recommendation to amend the article to read $10,000.00 made and seconded.

Voted to transfer the sum of $10,000.00 to the School Account from Free Cash.

Meeting adjourned at 8:25 P.M.

Attest: Bonnie A. King
Town Clerk

CONTINUATION OF ANNUAL TOWN MEETING
JUNE 23, 1986

The Annual Town Meeting was reconvened at 8:04 P.M. on June 23, 1986 at the Town Hall in Granville Center. The Moderator declared a quorum present.

Leon Ripley of the Board of Assessors explained New Growth Figures. The Town of Granville received the Commissioner's Certification of the amount of property tax base growth between Fiscal Years 1983–1986 in the total amount of $87,022.00. This amount of growth will increase our levy limit for Fiscal 1987. The Assessor's recommended the Town accept. A vote was not needed.

Recommendation by the Finance Committee to reconsider Article 7.

Voted to reconsider.

Motion made to increase Election and Registration figure from $600.00 to $950.00.

Voted to increase the Election and Registration figure from $600.00 to $950.00

Recommendation by the Finance Committee to reconsider Article 40.

Voted to reconsider.

Motion made to increase the amount from $2,500.00 to $3,300.00 the amount to be raised and appropriated for paint and repairs on the Town Hall and paint on the Fire House.

Voted to raise and appropriate the sum of $3,300.00 for paint and repairs on the Town Hall and paint on the Fire House.

Recommendation by the Finance Committee to reconsider Article 43.

Voted to reconsider.

Motion made to transfer the sum of zero (0) from free cash to reduce the tax rate for Fiscal 1987.

Voted to transfer the sum of zero (0) from free cash to reduce the tax rate for Fiscal 1987.

Recommendation by the Finance Committee to reconsider article 41.

Voted to reconsider.

Dorothy L. Schlosser, President of the Ladies Auxiliary of the Granville Volunteer Fire Department announced their donation of a gift of $15,000.00 to the Town over a period of three years beginning in Fiscal Year 1987 to be used for the new Fire Truck.

Motion made to change Article 41 to read:

I move that the Town appropriate the sum of $72,000.00 for the purchase and equipping of the fire truck. To meet said appropriation, raise and appropriate $42,000.00, transfer from free cash the sum of $30,000.00 and authorize the Board of Selectmen to apply for and accept and expand any federal and state grants or gifts, said amount to reduce amount withdrawn from free cash. Furthermore, the Town of Granville hereby accepts a gift of $15,000.00 from the Ladies Auxiliary of the Granville Volunteer Fire Department of the Town of Granville to be paid in three equal installments beginning in Fiscal 1987.

Voted to raise and appropriate the sum of $47,000.00 for the purchase and equipping of the fire truck. To meet said appropriation, raise and appropriate $42,000.00, transfer from free cash the sum of $30,000.00, and authorize the Board of Selectmen to apply for and accept and expend any federal and state grants or gifts, said amount to reduce amount drawn from free cash. Furthermore, the Town of Granville accepts a gift of $15,000.00 from the Ladies Auxiliary of the Granville Volunteer Fire Department of the town of Granville to be paid in three equal installments beginning in Fiscal 1987. Unanimous vote.

Leon Ripley of the Board of Assessors mentioned at the end of the meeting that Tenneco has several Appelate Tax Board cases pending. He wanted the Towns-people to be aware of the situation and the possible abatements in the future.

Motion made to adjourn, seconded, meeting adjourned at 9:20 P.M.

Attest: Bonnie A. King
Town Clerk

NOTICE OF SPECIAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on September 8, 1986 at 8:00 P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to transfer from surplus the sum of $3,500.00 to the Historical Commission to be used as follows:
- a. Complete the historic building survey
- b. Apply for National Register status for those buildings which appear appropriate
- c. Formulate a Historic District plan for Granville

Article 2. To see if the Town will vote to sell the 1958 Fire Truck or take what action thereof.

Article 3. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 18th day of August 1986.

I have served this warrant by posting true and attested copies thereof, in each of the usual places in Town for posting such notices.

Albert A. Benham, Constable

SPECIAL TOWN MEETING
September 8, 1986

The Moderator called the meeting to order at 8:05 P.M. at the Town Hall and declared a quorum present.
The warrant was read.

Article 1. The Finance Board made no recommendation as it is not a financial issue. Thomas Jones representing the Historical Commission explained the article.

The Finance Board amended the article to read "From Free Cash" instead of from surplus. The amendment was seconded.

Voted to accept the amendment.

Voted to transfer from Free Cash the sum of $3,500.00 to the Historical Commission to be used as follows:
- a. Complete the historic building survey
- b. Apply for National Register status for those buildings which appear appropriate.
- c. Formulate a Historic District plan for Granville

44 Yes, 2 No

Article 2. Selectmen made and seconded a motion to pass over.

Article 3. Selectman Edwin Beckwith suggested establishing an Ambulance Fund. Henry Turner commended our emergency services. Motion made and seconded that a New Ambulance Fund be set up with the Treasurer.

Voted that a New Ambulance Fund be set up with the Treasurer.

Meeting adjourned at 9:05 P.M.

Attest: Bonnie A. King

Meetings

Regular meetings are held the second Monday of each month from September through July and such special meetings as necessary.

All meetings are open to the public. Meetings are called to order at 7:30 P.M. Opportunity for public comment is offered at the beginning of each meeting.

The October and May meetings are held in West Granville. All other meetings are held at the Village School.

No School

The NO SCHOOL SIGNAL will be broadcast on stations WTIC-1080, WHYN-560 and WLDM-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as to whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

Work Permits

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from the Village School office or from the Superintendent of Schools in Southwick.

Dr. Harold T. Beattie		Resigned

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my tenth annual report as Superintendent of Schools for the Berkshire-Hampden Southwest Union (Massachusetts School Supervisory Union #39), it being the eighty-fifth of such reports.

BUDGET

A copy of the proposed budget for the 1987–88 school year follows this report. Although every effort has been made to hold the budget to the lowest possible figure it has been impossible to avoid an increase. The major areas of increase are based on higher tuition costs (there are more students and higher tuition charges in both Southwick and Westfield) and an increase in the salary account. This latter increase can be largely attributed to the requirements mandated in recommendations from the Mass. Dept. of Ed. Special Needs Compliance Review. This report indicated that additional special needs staff was sorely needed in the school system and called for steps to be taken to correct this deficiency.

It should be noted that the School Committee and Granville Teachers Association are presently negotiating a new contract. The present contract expires in August of 1987. The settlement could impact further on the budget.

KINDERGARTEN

The appearance of thirty (30) kindergarten students at West Granville in September 1986 necessitated some drastic steps. State law indicates a maximum of 25 pupils per class. A final solution has involved dividing the class in half with all pupils attending school for two and a half days per week. Some attend Mon.-Wed. and ½ day on Friday while the others attend on Tues.-Thurs. and a half day on Friday. The Dept. of Ed. gave a waiver to allow this to happen.

The Granville School Committee is indebted to the parents and staff members who thoughtfully presented a number of possible solutions and discussed the alternatives in a constructive manner.

ENROLLMENT

The Kindergarten enrollment rather vividly illustrates one aspect of a two-pronged problem in the Granville Schools: 1) Increased numbers. 2) Inadequate facilities. Both aspects are related and are impinging on the other.

The following enrollment figures for the past two years are interesting and illustrate the problem.

ENROLLMENT—As of October 1 (actual)

	1984	1985	1986
K	22	25	30
1	16	22	22
2	20	20	24
3	22	21	22
4	15	24	21
5	26	19	21
6	15	30	21
7	22	18	30
8	23	28	19
	205	203	210

Kindergarten growth has accelerated rapidly from 22 to 30 (36%) in two years. The first grade has grown from 16 pupils in 1984 to 22 pupils in 1986–87. Grade 4 in 1984 had 15 pupils. In 1986 that same class has increased in size in Grade 6 to 21 pupils (40% increase). In 1984 there were two grades with 15 pupils and one with 16 pupils. In 1986–87 the smallest grade (8) has 19 pupils. Since that class is graduating and the expected Kindergarten is approximately 26 pupils we can expect further growth in the schools.

Increased home construction can only serve to accentuate the school enrollment problem.

SCHOOL FACILITIES

The present numbers of students and predicted pupil increases as well as the need to provide adequate facilities for our Special Needs programs are placing increased pressures on facilities which are already strained beyond normal limits. The School Committee and administration over the past several years have attempted to address as many of the maintenance, upkeep and facility problems as was possible under the budgetary restraints imposed by Proposition 2½ and a general lack of funding for the physical plant. Much was done in the areas of energy saving, new gym ceiling, electricity management, doors, windows, etc.

Much remains to be done, however. The appointment of a Planning Committee at a November Special Town Meeting which is directed to focus on long term and major projects is an important and necessary step. This Planning Committee is presently hard at work attempting to sort out the many issues and factors involved with improving our school facilities. This is a difficult problem in an era of fiscal restraint, increasing school population and deteriorating facilities. Specific recommendations will be forthcoming in the near and distant future.

COMMUNITY PARTICIPATION

The Granville School Committee and administration functions under a policy of encouraging parental, staff, community participation. At the beginning of every School Committee meeting there is an opportunity for public comment. Parent, community and staff are solicited to serve on screening committees for the selection of new staff members. Parents, staff and community have also been involved in the development of a new student handbook. The School Planning Committee is composed of a broad-based community population.

We think this provides for a healthy involvement of the total community. Individuals are encouraged to use these procedures to provide positive feedback to the School Committee, administration and staff.

SCHOOL LUNCH

It is worthwhile to note that we are experiencing increased participation in the school lunch program. During several weeks in this past fall our participation was at a higher level than at any time in the past several years. The lunch program is reviewed periodically by the Dept. of Education Bureau of Nutrition. We are attempting to implement those procedures recommended by the Bureau which will improve the lunch program.

CHAPTER 188 PUBLIC SCHOOL IMPROVEMENT ACT

Chapter 188 has provided substantial educational benefits to many communities. It does not seem however, that Granville has profited as much comparatively. In Fiscal 87 the schools received $2,113 in *Equal Educational Opportunity (EEO)* funds and expects to receive the same amount in Fiscal 88. *EEO funds* must be used only on direct aid to education. Eligibility is based on the fact that Granville's Per Pupil Expenditures are below 85% of the state average. The granting of EEO funds is the attempt of the state to assist all communities to reach 85% of the state average or higher.

School Improvement Council funds, at the rate of $10 per pupil were received for the present year for a total of approximately $2,050 dollars. The same amount is expected for 1987–88. The expenditure of these funds is solely for direct aid to education and must be approved by the School Improvement Council and the School Committee.

Horace Mann funds of approximately $1,272 have been allocated to Granville teachers for expanded responsibilities in training, curriculum development and inservice training.

Professional Development Funds for Fiscal 87 and Fiscal 88 are in the process of being distributed to members of the professional staff. Approximately $1,100 in funds will have been allocated to individual staff members in four payments.

SUMMARY

Many thanks and appreciation go to the School Committee, Mr. Azar and his very competent staff, the Union 39 office staff and to the great number of parents and citizens of Granville who contribute so much in so many ways to the education and life of Granville students. The work and concern of all of these people help to make education for Granville young people a very special affair, both in school and in the community.

The reports which follow are part of this report. You are urged to read them and discuss them with the authors if you have any questions.

Respectfully submitted,

Louis S. Josselyn
Superintendent of Schools

REPORT OF THE PRINCIPAL

TOWN REPORT

I submit my third report as Principal of the Granville Public Schools.

The school staff continues to review the curricula, facilities and related materials to provide the highest quality education possible within the existing situation and to make recommendations to meet newly identified needs. This report will outline those efforts, as well as indicate our future direction.

STAFF: RETIREMENTS AND RESIGNATIONS

Within the last year there have been several staff changes. Retirements and resignations have resulted in the absence of several familiar faces. Arlene King, Rita Sandman, Gerard Bergeron and Christina Barrett devoted a great deal of their time, energy, effort and talent to support the school and, more importantly, benefit the children. I would like to thank them and wish them well in the future.

PROGRAMS

Special Education

In the fall of 1985 a discussion among the special education staff centered on our programs, personnel and space needs for the 1986–87 School Year. These discussions produced recommendations for additional staff, reorganization of the use of existing space, renovations of existing facilities and a review of future needs. These findings were later supported by the Department of Education via its regular review of our program.

Based on this input, the following actions were taken. First, the part time positions of program coordinator and school social worker were added and we increased the amount of time for our special education teacher. Marie Cheney, David Pryzbylowski and Mayme LaJoie were hired to fill those positions. Second, teaching stations at West Granville were created on the stage and in one section of the addition. Third, the Resource Room at the Village School, as part of our annual maintenance program was painted and new carpet was installed. Fourth, discussions have continued to review the impact of our efforts and to make further recommendations for the 1987–88 School Year.

Curriculum Review

During the 1985–86 School Year we began an assessment of our curriculum to identify strengths, duplications, omissions, lack of continuity or any other positive or negative aspects of our offerings. The reason for this review was to fine tune an already strong curriculum;

provide a forum to review teaching materials and methods; purchase new books where necessary; prevent staff from being in competition with each other for the limited money available for texts and supplies; and to record our curriculum goals and objectives. In a series of meetings we outlined the need for this review and identified the process to be used. Part of the process called for the formation of a committee to identify the sequence of subjects to be reviewed. This sequence focused on what the staff felt to be most critically in need of attention.

The process of review and sequence of subjects is as follows. In consecutive years we focus our efforts on a needs assessment; a curriculum design, which includes planning and development; implementation; and finally, a period of monitoring and evaluation of our offerings. Each of these areas is more specifically broken down to focus on appropriate resources, people and tasks. This system was then adapted to our schools resources and needs. Special attention was given to available money and teacher time since both are in short supply. This was achieved by identifying a sequence spread out over a five year period which would include a simultaneous review of major and minor subjects The first year we identified language arts (including reading, spelling and the process of writing), health and penmanship as the subjects on which we would focus our attention and resources. In the first year we also conducted a needs assessment in these areas. In this our second year, we are in the curriculum design phase of our review and have centered on planning, development and some implementation of curriculum.

Concurrently, we have begun a needs assessment of our mathematics, music and foreign language courses. The third year focus will be on social studies, art and physical education; the fourth year on science; and the fifth on computers, which we implemented in the year prior to our language arts review.

Due to the nature of our school and staff, two major groups were established. One group consisted of teachers in grades K–5 and the other of teachers from grades 6–8. The curriculum review became quite different for each group. The early elementary group focused on basal programs and support materials. The junior high group focused on their curriculum needs in much the same way they always had, the difference being that more effort was focused on a progression with the earlier grades.

To date the review has been successful. We have reviewed materials and begun the implementation of a basal series we feel is consistent with our philosophy. In addition, we have identified supplementary materials and have begun training for appropriate staff. Our difficulty is there are many things we see we would like to address immediately but realize that some must wait until we discuss those subject areas.

Report Card Review

The review of our report cards has continued. The result of our efforts so far has been a new reporting system presently used in the primary grades. Another card for the junior high is nearly completed and will hopefully be ready for use in the 1987–88 School Year.

The School Facility

There have been many questions and concerns about the condition of our schools. A committee was appointed at the Special Town Meeting in December 1986 to ". . . Investigate the physical remodeling of the schools to accommodate present and future programs. . ." This committee's work is centered on long term and major projects. In the interim the systematic maintenance and repair of the buildings begun in the spring of 1986 will continue. The painting of both the interior and exterior of the building, the repair and replacement of equipment throughout the school and the replacement of furniture has been and will continue to be a priority in the budget proposal.

Respectfully submitted,

Peter J. Azar, Principal
Granville Public Schools

REPORT OF THE SCHOOL NURSE

I hereby submit my ninth annual report as School Nurse for the Granville Public Schools. In March '86, the film "Growing Up On Broadway" was shown and discussed with the

4th, 5th & 6th grade girls. At the same time, the 5th & 6th grade boys viewed and discussed the film strip "The New You Coming — for Boys".

The Spring Immunization clinics continue to provide all students with the opportunity to stay up-to-date with immunization needs.

In May '86, postural screening was done on all 5th through 8th grade students, in compliance with Chapter 71 Section 57 of the Mass. General Laws. Some students were referred to their family physicians for further observation.

Vision and Hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physicians.

In October '86, Dr. Bagamary, our newly hired school physician, did physical examinations on 30 students in Kindergarten, 4th & 7th grades. The remaining 51 students from these grades were seen by their private physicians.

The weekly Fluoride Mouthrinse program has 83% participation. With the help of dedicated volunteers this program is successful. This program is funded by the Mass. Dept. of Public Health, Division of Dental Health.

I have made home visits to those parents whose children are undergoing full 766 Special Needs evaluations.

I continue to enjoy my work with the students of Granville. I wish to thank Mr. Azar, all parents and staff for their continuing cooperation in meeting the health needs of all Granville students.

Respectfully submitted,

Linda Duval, R.N.

REPORT OF THE SCHOOL CAFETERIA MANAGER

This is my first Annual Report as the Manager of the Cafeteria of the Granville Public School System.

We have made some changes in the lunch program, hoping to increase participation, which still fluctuates with menu changes. We are trying to satisfy our steady customers and encourage new ones. Our budget is still limited as food costs are not stable. The U.S.D.A. is continuing to furnish us with products such as flour, cheese, butter, some meat and vegetables, etc.

Lynn Emerson is the Assistant at the Village School, and Jane Tarnauskas is serving at West Granville.

We wish to thank everyone who has helped with our lunch program this year.

Respectfully,

Joan E. Miller

REPORT OF THE HIGHWAY DEPARTMENT

To the Selectmen of the Town of Granville

Gentlemen:

The work of this department has been the upkeep of our roads and bridges.

We had extensive damage on some of our dirt roads from Hurricane "Gloria" which include Hayes Rd., Beech Hill Rd., Farnham Rd., and sections of North Lane 2, Phelon Rd., and Borden Brook Rd. These roads were repaired with new culverts and gravel was drawn in and graded.

Sections of North Lane 2, Phelon Rd., Borden Brook Rd., and Beech Hill Rd. had Type I put on by Lane Construction.

The dirt section of North Lane 2 had to be made wider and ditched. Gravel was drawn in and graded to accommodate two new houses. This also adds to our plowing and sanding.

We swept up the winter sand and cleaned all the catch basins.

The road sides were mowed and the lawns at the Village Green, the Town Hall and the Old Westfield Rd. Cemetery were also mowed.

We made 6,000 yds. of winter sand at a cost of $4,300; a large savings for the town.

The plowing and sanding of all our roads, the school yard, both firehouse yards, the library and the dump were done.

This has been a hard winter on our equipment and budget.

If funds are available we would like to put Type I on sections of Main Rd. and Cross Rd. and we would like to continue work on North Lane 2. Also, if funds are available, we would like to paint our lines on the main roads.

The purchase of a large hydraulic sander and a 2 yd. mini sander helped make our job easier and more efficient.

Respectfully submitted

William Hooper
Highway Superintendent

REPORT OF THE GRANVILLE PLANNING BOARD CALENDAR YEAR 1986

Despite a heavy turnover on the planning board this year, the board has been proceeding steadily toward its goal of rewriting the town zoning by-laws and subdivision regulations, which the board hopes to have done by the end of 1987.

In the early part of the year, residents were sent a questionnaire to determine attitudes toward zoning alternatives. About 15 percent of Granville households responded to the questionnaire, indicating a high interest in the subject. The results of the questionnaire will help the board formulate the early drafts of the planning guidelines. The drafts will be submitted to the town for comment.

During the summer the board held two open meetings where citizens voiced their concerns about the direction of the by-law rewrite.

In December, the board contacted the Center for Rural Massachusetts and the Pioneer Valley Planning Commission looking for professional advice on the by-law rewrite. These contacts lead to meetings later in the winter.

In October Al Benham, Adele Benham and Chick Goneau resigned from the board and Vin Lafleur, Ray Carlson and Maggie Livingston Townsend were appointed to fill their position until the 1987 election.

Board files show that 29 plot plans were approved for 1986. This indicates that 1987 will probably be the biggest year for new construction in a long time.

Respectfully submitted,

Vin Lafleur, Chairman

REPORT OF THE INSPECTOR OF BUILDINGS

Reports for 1986

For the period of January 1 to December 31, 1986. Menio Benetti, Building Inspector, issued 45 permits, 6 more than last year.

		Valuation
13	Single Family Dwellings	$ 971,000.00
8	Additions and Remodeling	72,750.00
6	Garages and Barns	40,650.00
1	Inground Pool	4,500.00
12	Woodstoves	6,750.00
	Miscellaneous	1,200.00
Total 40 permits		**$1,096,850.00**

6 — Migrant Worker Camp Occupancy Certificates
17 — Plumbling Permits
27 — Electrical Permits
2 — Gas Inspections

Thank you for the cooperation you have given me in order to enforce the State Building Code and once again for the privilege of serving you. Many thanks to Mr. Daigneau and Mr. Holl.

Respectfully Submitted
Menio E. Benetti, Building Inspector
Julius Holl, Plumbing Inspector
Alan Daigneau, Electrical Inspector

REPORT OF THE FIRE DEPARTMENT

To the Residents of Granville:

Last year I stated that we were going to try to modernize the fire department. I am pleased to say that we have made great strides. As you may remember, in 1985 the equipment of the fire department was becoming obsolete and unreliable. Today we have a new pumper at the Center Firehouse and a fast response tanker pumper at the West Granville station.

The tanker pumper at West Granville was given to the Town at no charge by the state of Massachusetts. It was formerly a Navy tank truck when we received it. It had less than 7,000 miles on it. The volunteers refitted and modified this truck for firefighting at no expense to the Town. It carries 500 gallons of water and has a pto driven fire pump. This truck is easy to drive and operate and is reasonably fast over the road.

The new pumper at Center is a 1986 Carmay Class A fire truck. This truck has a diesel engine and it too is reasonably fast over the road. This truck carries 750 gallons of water and has a 1000 gallon per minute pump. It is easy to drive and operate. All these things add up to better morale in the department and most importantly they improve the protection of the Town.

Also, this year we saw some major changes in the way we cover the Town. We now have firefighters on call at both stations from 6 p.m. until 6 a.m. every night. We have also bought more pagers at no expense to the Town so all the firefighters know at an instant when they are needed. This has greatly improved response time of the service.

This year we are planning the refitting of an additional tanker which will give us two. We now have one tanker with a 2,000 gallons on board. The other tanker, when completed, will carry 2,500 gallons of water. When you add what is on both pumpers at the Center and West, we will have 6,250 gallons of water ready for an emergency.

I would also like to mention that the department is always short of volunteers. Remember this is your Town and your Department, and the Department needs your help.

In closing, I would like to thank the Board of Selectmen, the Granville Volunteer Ambulance, the Granville Fire Association, the Granville Volunteer Fire Department Ladies Auxilliary and most importantly the people of the town for their support and trust. I am looking forward to the next year for I am sure there will be many more improvements in the service which add up to one thing—a safer Granville.

Respectfully,
Charles O'Connell
Fire Chief, Granville Volunteer Fire Department

REPORT OF THE FIRE DEPT./AMBULANCE

To the Residents of Granville:

The Granville Ambulance organization has been more than occupied during the last year. We have sponsored a 110 hour EMT course, CPR courses, First Aid and First Responder Course. Our EMTs have also responded to 105 Emergency calls.

As Granville continues to grow, so does the need for Emergency Services. We take pride in the quality of the EMT primary education, along with EMT continuing education we offer our EMTs and First Responders, which is a direct result in quality care given to you, the townspersons of Granville.

However, Granville is falling victim to a substantial loss of EMTs in the past few years. We are not alone in this recent trend, however. Many small towns within the state are facing the same realities. What's happening is that volunteers are becoming volunteered out! The State's increasing demands on primary and continuing education, coupled with small towns relying on volunteers to provide ambulance services, as their budgets will not allow salaries for their EMTs, has been the leading factor in a decrease in the number of EMTs. It takes approximately 4 months (2 nights per week) of classroom time (110 hours) plus a state certification exam, just to become an EMT. Then they must be willing to volunteer 48 hours within a 2 year period to receive continuing education. We haven't even mentioned the time they volunteer to be on a duty roster, ready and available to respond.

Daytime coverage has always been difficult to provide, and with the number of EMTs dwindling it is even more difficult to provide now more than ever. We have four EMTs that are somewhat available during the weekdays. The reason we say 'somewhat' is because they may work full or part-time, are Mom's and have small children, or they may have committments from time to time. The State requires TWO EMTs be on board before the ambulance may transport to an Emergency facility. However, chances are increasing that there could be a time when two EMTs are not in town when sudden illness or injury strikes. We do our very best to provide daytime coverage; but we cannot guarantee there will always be an EMT available to respond. (We take pride that we have not missed one yet, — but. . . .). We do, however, have a minimum of 2 EMTs on duty every night from 6 PM to 6 AM available and ready to respond at any minute during that time frame all year long.

Granville EMTs, we believe are some of the very best. They offer professional care and are there to help because they choose to be. We need more people to come forward and take the EMT course, so they too may help friends and neighbors in a time when they may need it most.

We are pleased to be part of those who volunteer in the Granville Emergency Services, and we thank those who have volunteered in the past.

We also thank those who have donated to the Ambulance Fund and recognize the need for their donation dollars. It is through these donations that we are able to purchase needed equipment and supplies, which enable us to give proper and efficient care along with a faster response time.

We believe all emergency services are vital to the community & shall continue to be in the future.

Respectfully submitted,
Adele Benham,
Karen Ball,
Granville Ambulance Administration

THE GRANVILLE VOLUNTEER FIRE DEPARTMENT LADIES AUXILIARY

The Granville V.F.D. Ladies Auxiliary had a very busy year last year between our Monday night bingo and our food booth during the Quilt show in the fall.

We are proud to announce that during 1986 our bingo gave away $28,638.75 in cash prizes to our bingo players and we made the following donations:

Senior citizens	$50.00
Scholarship Fund	25.00
Country Caller	15.00
Denny's Sporting Goods (youth sports uniforms)	143.00
Firehouse repairs	666.89
Beechill Construction (panelling for downstairs at firehouse)	962.00
Paint	184.62
McCarthy Tile (slate floor for downstairs at firehouse)	2511.28
Burger Indian Tanks (for the firemen)	650.00
Lebanon Fire Equipment (coats, hats, boots for FIREMEN)	2840.00

TOWN OF GRANVILLE FOR NEW FIRE TRUCK $15,000.00 TO BE PAID IN 3 INSTALLMENTS OF $5,000.00 EACH	5,000.00
FOR A TOTAL OF	13,047.79

Which makes a grand total of $41,686.54 given to donations from our bingo and food booth proceeds.

It is at this time that we wish to thank everyone for their continued support and without you we would not be able to continue our support to our town and the different organizations as well as the fire department.

We wish to give a special thank you to Connie Egerton and the Ladies Aide for their help with our annual Blood drive. We were able to collect 27 pints which went out to help 95 people. We also thank all of the towns people who took out a little bit of time to donate their blood THANK YOU.

We also wish to send a special thank you to Steve Lazar and the campers at Sunledge for their support and donations to our town and the Fire Dept.

Again we thank all of you for your support and for making it possible for us to be able to do our very best for our town and its citizens.

Respectfully Submitted,
Dorothy Schlosser
President

Hit & Run	3
Rec. Motor Vehicle	1

Your police department is dealing with the same kinds of problems or crimes which occur in larger communities, the police department offers a 24 hour a day continuous service. It is manned by a Chief, a Sargeant, and six officers. It is also manned by a dispatcher, who works 24 hours a day, 7 days a week, 52 weeks a year. Each week there are two officers on duty on an "on call" basis from the time they get home from their regular jobs until the time they go to work the next morning. They are also "on call" the entire weekend. The state police provides backup when required. The State Police, Russell Barracks have 3 cruisers which cover approximately 13 towns and cities. Using a system as this we answer more than 95% of calls without involving the State Police. We also work with the State Police involving crimes of a more serious nature. We maintain an excellent working relationship with all of the surrounding departments.

Training programs for the department continued to grow in 1986. These programs are State mandated and all officers must be trained and certified. All officers on the department must be qualified with a firearm. They must also be certified in CPR, first aid, radar, police procedure, and suicide prevention.

This year has been a very busy year. There were 2,676 calls to the department. Last year there were 693 calls. This has been an approximate 350% increase in calls to the department.

This increase is attributed to two facts. The town is growing at a very fast rate, and the citizens are calling in when they see something out of the ordinary. The police department is very happy to see the Crime Watch System being implemented. Answering the calls to the department is depleting a great deal of the budget. This leaves very little monies for follow-up investigations and patrols. Operating with just answering complaints and not patrolling is inviting crime to Granville. We believe that the increased number of breaking and enterings and malicious destruction of property have resulted from lack of a regular patrol. Malicious destruction of property has increased from 2 in 1985 to 14 in 1986. Breaking and entering has increased from 4 in 1985 to 16 in 1986.

During 1986 the number of traffic violations were down due to our Radar being inoperative. We now have a new radar and intend (pending budgetary restrictions) to run increased radar patrols and detection of drivers operating under the influence.

In closing we would like to remind you that your neighbor is your best protection, let them know when you are gone and ask them to watch your house in your absence. Also, notify the dispatcher if you plan to go on a vacation. We also urge you to lock your house while you are away and do not leave keys in your motor vehicle.

GRANVILLE CONSERVATION COMMISSION

The Granville Conservation Commission was established to protect the town's natural resources in a regulatory and advisory manner. The Commission is responsible for environmental planning, accepting gifts of land and money for conservation purposes, acquiring grant money for town acquisition of open space, advising other town boards on environmental concerns, and administering the Massachusetts Wetland Protection Act (Massachusetts General Law Chapter 131, section 40).

Essentially, the Wetland Protection Act covers any wet area where the groundwater level is at or near the surface of the ground for a long enough period during the year to support a community of wetland-type vegetation. Wet areas include any salt or fresh-water marsh, meadow, swamp, or bog. These are the classic wetlands described in the Massachusetts Department of Environmental Quality Engineering (D.E.Q.E.) regulations as "Bordering Vegetated Wetlands." To be protected under the Act, these wet areas must border any one of a list of water bodies: lakes, creeks, streams, rivers, ponds, estuaries, or the ocean.

Areas subject to protection under the Act cover much more than land where you might get your feet wet. Also included are all related areas such as banks, dunes, beaches and flats. All of these protected areas are called Resource Areas. Resource Areas are also protected by a surrounding 100-foot Buffer Zone in which work involving any alterations to this existing area is regulated.

The Act also covers work on Land Subject to Flooding as well as Land Subject to Coastal Storm Flowage. Generally, the regulations apply to two types of floodplain: those lands bordering directly on bodies of water, and those lands subject to flooding, called "Isolated Land Subject to Flooding," which do not border bodies of water.

WESTFIELD AREA MENTAL HEALTH & RETARDATION BOARD
1986
(January 1–December 31)

SERVICES TO RESIDENTS OF GRANVILLE

The 21 citizen representatives of the Westfield Area Mental Health and Retardation Board are responsible for ensuring that quality services are available to all residents in need from the eleven communities comprising the Greater Westfield Area: Agawam, Blandford, Chester, Granville, Huntington, Montgomery, Russell, Southwick, Tolland, Westfield, West Springfield.

Service recipients include children, men and women from all backgrounds and circumstances, each with unique strengths and needs. Some may require one-time, minimal assistance with a stressful situation, while others may require intensive, long-term support. Residential, vocational, education, treatment and support services are available to meet individual needs.

The Westfield Area Mental Health and Retardation Board is committed to providing opportunities for all persons who live with mental retardation or experience mental illness to realize their full potential, to achieve as much independence as possible, and to live fulfilling lives within their community.

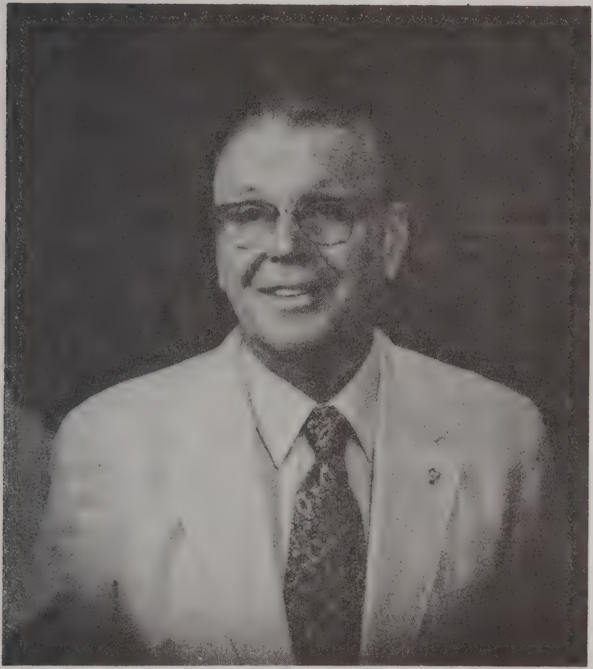
TOWN OF GRANVILLE, MASS.
INCORPORATED JAN. 25, 1754

1987
ANNUAL REPORT
Granville, Massachusetts

1987
ANNUAL REPORT
Granville, Massachusetts

The 1987 Town Report is respectfully dedicated to Frederic Silas Wackerbarth for his many years of service to his town.



1918-1988

Ted served a life-time in the local church. For 30 years he was a member of the Rotary International, receiving the prestigious Paul Harris Fellowship Award. He was a bank corporator, cemetery treasurer and served for 25 years on the Granville Finance Board.

He was, however, best known for the many years he served as Granville Boy Scout Master. Many boys over the past 40 years knew his caring leadership.

Frederic Silas Wackerbarth left his mark on Granville.

REPORT OF THE BOARD OF SELECTMEN

1987 was an extraordinarily active year for town government. Much of the activity had to do with preparing Granville for the onslaught of growth that is rapidly spreading to rural communities in our region. At a meeting January 5 town planners were told by a representative of the Center for Rural Massachusetts that "Granville is one of the best kept secrets in this area, but it probably won't stay that way for long." Town officials took the warning seriously and began an ambitious program to ready Granville for the rush of legal and other problems that invariably accompany the pressure for growth. The overall policy agreed upon by officials and expressed by citizens in various town meetings during the year was to take whatever actions are necessary and lawful to control growth and maintain the rural character of our town. Officials agreed that in doing this we should try to impose as few regulations as possible, since a cherished part of our Yankee heritage is the rugged individual freedom to do what we want with our own lives and property. Keeping to this ideal has turned out to be a rather subtle and difficult matter, because developers and others coming from the outside don't necessarily see our town as we do and tend to take advantage of loosely conceived regulation. It has become increasingly clear that unless regulations are written carefully, with lawyers in mind, the town will become vulnerable, an "open" town. Trying to maintain the balance between governance based on small town neighborliness, faith, trust and good will and governance based on the letter of the laws has been only one of the many philosophical dilemmas faced by our various boards and comissions this year.

At the January meeting the town was urged to rejoin the Pioneer Valley Planning Commission (PVPC) in order to obtain technical help with planning issues such as zoning bylaws and solid waste. The town subsequently voted to rejoin the regional planning organization and in the spring the Planning Board hired PVPC as the consultant to help rewrite of the town's zoning regulations. By the end of the year the board had finished the first draft of 60-page document and held an informational hearing to acquaint citizens with the proposed new regulations. A vote on the new bylaws was slated for the spring of 1988. Meanwhile, in July 1987 the planning board voted to adopt a 47-page set of subdivision regulations. These were aimed at regulating developments of several houses, setting out standards for roads and emergency service access, protecting the town by requiring performance bonds and the payment by the developer of consultants the town may need to hire to insure that the project is built properly.

In November the planning board, conservation commission, housing committee and board of appeals joined with boards and comissions from Blandford and Tolland in a Planning Workshop funded by a $2,775 grant from the state Executive Office of Communities and Development.

Landuse lawyer Alexandra Dawson lead the workshop in consideration of several critical land-use and growth-control issues. The boards of Selectmen from the three towns had applied for the grant not only to give the boards and commissions some needed training, but also to promote joint planning among the three towns. The Selectmen feel that a number of issues, including solid waste disposal and elderly housing, can best be resolved through joint planning. It's easier for small towns to be heard if they band together. Everyone agreed that the workshop was an encouraging first step to joint planning.

One of the topics at the Planning Workshop was housing for the elderly. By the end of the year a number of citizens had voluneered to form a housing committee, slated to have its first meeting in 1988. The goal of the committee will be to explore the elderly and affordable housing needs in Granville and possibly to join forces with Blandford and Tolland to solve these needs. The committee will consider activating the Housing Authority which was voted in by the town in 1986. An emergency services committee was also formed and a first meeting was scheduled for 1988. This committee will be charged with recommending a long-range plan for the emergency services and with informing the town of the real costs—both in terms of money and volunteer personpower—for these services. As the police and ambulance reports indicate, the increases in the use of these services this past year has been dramatic, if not frightening. Our services are among the finest in the state for small towns, but our volunteers are being burned out. A preliminary report of this committee is expected for the 1988 annual town meeting.

In April the Board of Health issued a new set of regulations designed to insure the new home builders don't install inadequate septic systems or build in inappropriate areas. The new regulations took into account the general poor quality of drainage in the town and instituted some of the toughest requirements in the state to make sure we don't have a sewage pollution problem that would require drastic solutions in the future. Along with the perking regulations, the Board of Selectmen established a Building Guide so that new homebuilders can find their way through the various procedures. The guide was developed in cooperation with all the boards, commissions and inspectors involved in reviewing new building projects. The guide includes a checklist which makes it easier for the Selectmen to keep track of building projects and to verify that procedures are being properly followed. Mike Kornely was appointed Board of Health Administrator to oversee the Building Guide and help people through it. He was also put in charge of arranging for town witnesses at perk test and disposal works installations. It is hard to say what we would have done without him this year. His help has been invaluable. On the advice of state planners, the perking season is now limited to March 15 through May 15. In the 1987 season 38 perk tests were performed, of which 18 passed.

The most dramatic growth-related issue to come before the town was its decision to purchase 125 acres of orchard land on South Lane. The town was given the right of first refusal to the property because it had been under Chapters 61 and 61A, a special tax category for farm and forest land. On September 14 citizens voted 171 to 37 to buy the property with the understanding that it would be resold after the imposition of conservation restrictions. The restrictions would prevent development of the land and obviate any impact on the schools and services, and would ensure that it forever remains farm and forest land. The town voted to borrow up to $400,000 to cover the purchase price of $325,000 and legal expenses. Immediately several parties expressed an interest in buying the land from the town with the conservation retrictions. A few days before closing, however, Granville and the seller were hit with a lawsuit that required town counsel to request from the court in Springfield a summary judgment on our right to purchase the land. As of the end of the year we were waiting out the legal manoeuvers. Land use experts told the town that a legal challenge to the town's attempt to exercise it's right of first refusal on the property was unfortunate but probably to have been expected. The influence of the developers in state government is strong and few of them would like to see towns given any power to control growth and conserve land. A number of communities are anxiously awaiting the outcome of our experiment which goes to the heart of the land conservation and local control movement. The ups and downs of this transaction have been stressful but Selectmen and the many other town officials involved in the attempt to buy the property have been heartened by the positive attitude of citizens. At the meeting which voted to purchase residents expressed the feeling that extraordinary effort is warranted to save the special character of the town.

At the annual town meeting in May citizens voted to participate in a state grant program to hire an administrative assistant to the Selectmen and town boards. The assistant would act as a town planner and researcher to investigate options on solid waste, housing, computers and other matters. The assistant would also write grant proposals, a task which has by and large been beyond the time constraints of town officials. Selectmen asked for an assistant to be shared with Tolland under what is called the state Circuit Rider program. The town approved the request on this basis. However, Tolland voted down the proposal, making it impossible for Selectmen to put an assistant in place by the beginning of the fiscal year. It was not until fall that Selectmen could return to the town to ask that the $3,600 appropriated in May be used to hire someone part time. By the end of the year we had interviewed three excellent candidates for the part-time job and had decided that we would return to the town in 1988 to try again for a full-time position under the auspices of a different state grant which would allow us to fund the position solely for Granville. This grant will require a slightly larger town share in the salary for the assistant than the Circuit rider program does.

The town's headache over the dump swelled in 1987 and is a major reason for our needing to hire an administrative assistant. Solid waste is a problem all over the country and the state is appropriating research and development money. We need someone to keep us in touch with these programs and write grants so that we can start recycling here. In April, it was necessary to call a special town meeting to transfer $15,000 into the dump account. The dump was closed for a week in February while we scrambled to find a new place to haul trash after the closing of the Partyka landfill. Selectmen arranged for Vicon in Pittsfield to take our refuse on a temporary basis. By spring Partyka was back in business but our tipping fees exploded. At this point we are at the mercy of the landfill and trash haulers. New dump rules were instituted asking citizens to hold their metal and appliances for cleanup days in the spring and fall. As the year ended Selectmen were considering imposition of "user" fees as one way to farily spread the soaring costs of trash removal.

In general, our budget seemed to blow up in our face from costs beyond our control. Insurance premiums soared and the litigious nature of our society affected the bottom line in our legal department. It becomes increasingly difficult to make any decisions these days without consulting a lawyer. Granville budgets in past years have been kept within proposition 2 1/2 without overrides, however, by midyear Finance Board Chairman Richard Woodger was warning that we would have to "reassess what the allocation to the departments should be." It's clear that the time is fast approaching when the town will have to make serious changes in how it finances and organizes its services. Selectmen had warned in the 1986 annual report that "The constraints put upon expenditures in all phases of General Government over the past five years or so, while keeping the taxes within reasonable bounds, have taken their hidden tolls and we are now at the point where the results of these economies must be faced." The report cited as an example of this problem, paying the salaries of the highway crew out of State Chapter money. The result of this practice is that the roads themselves are not repaved and repaired. The practice has continued and may be reaching the breaking point. Selectmen hope that most of the $150,000 STRAPS grant money awarded in 1987 can be put toward blacktop in North Lane 2 rather than being expended as highway crew salaries.

In addition to this large STRAPS grant, the town received approval of state revenues to rebuild four of its bridges. Difficulties came, however, when the state ran out of money. A good part of the year was spent wrestling with Boston over obtaining the funding we were promised. The issue remained unresolved by year's end.

Other grant money did materialize. In the spring the town received word it had been approved for a $3,000 energy grant in 1987 to do energy audits of the Town Hall, Library and Village School. Under the terms of the grant, $25,000 in followup money will be made available to actually do some of the work recommended by the audits. High on the priority list will be replacement of one furnace in the Town Hall. By December, the furnace was failing on a regular basis and the cold air in the Selectmen's office was cutting down on the Monday night traffic. The energy grants will require the town to repay 30 percent of the grant money over 10 years.

Granville apple growers were also looking for outside relief money after the devastating hail storm June 13 that wiped out 80–100 percent of the crop, damaging upwards of 150,000 bushels. Selectmen voted to help the growers seek aid on two fronts: from the U.S. Department of Agriculture and from the state legislature. Teams of inspectors were called out to assess the damage and letters and phone calls followed in the effort to activate the relevant bureaucracies. With the help of officials in the state Department of Food and Agriculture a disaster declaration was issued by Gov. Dukakis and it appeared the way was cleared to get the farmers federal low-interest loans. After promising the loans, however, the fed backed out claiming a technicality that made the growers ineligible. It was a bitter experience for everyone and appeared to confirm the perception that in Washington they are more concerned with keeping bureaucrats in their jobs than with helping farmers, particularly small farmers. As the year ended, one avenue for relief remained. State Rep. Michael Walsh filed a bill requesting low-interest loans from the state. Action on the bill would take place in the spring of 1988.

The hail did damage to Granville, but the Town Hall Restoration Committee brought the town some modicum of repair. On the weekend of July fourth, the committee held a chicken barbeque to help finance the repainting of the Town Hall. A college student worked all summer on the painting project following color schemes laid out by Rudolph Hendric and George Sattler. The results, everyone agreed, were impressive. Next up will be renovation of the inside of the building.

The chicken barbeque was only one of a number of events held on the fourth weekend. The high point was indubitably the fireworks display donated by Carol Phelon. Several hundred people attended.

Many problems remained unresolved as 1987 came to a close. One particularly significant one was locating town offices for the assessors. At present the assessor's records are housed in the home of the assessor's clerk, Mary Woodger; this is a clear and hazardous violation of state statutes. Currently, assessors must meet at the Woodgers which makes it inconvenient for citizens wishing to transact business at the Town Hall. It also puts the assessors out of touch with the other boards. The situation must be corrected immediately, but finding space at the Town Hall has proved a virtually insoluble problem without spending money. Selectmen decided to propose various alternatives to the town at the 1988 annual town meeting.

1987 saw numerous resignations by town officials. In February Henry Turner resigned as Selectman and John Briggs was elected in April to fill out his term. Stan Kaslikowski resigned as Chairman of the Conservation Commission and was replaced by Daniel Oleksak, and there were several resignations and new appointments to the Planning Board, Board of Appeals and police department. Though the communication between and among boards, commissions and departments has never been better than this year, it is clear that the volunteers who are running the town government and staffing its services are feeling heavy pressure. Everyone leads a busy life these days, our town volunteers no less so than others. We need more people to work for the town so we can spread the workload around. The alternative is to pay a high price for full-time service and to lose the precious opportunity each of us now enjoys to directly affect what happens in Granville. The high quality of our life here has a great deal to do with the part-time, volunteer nature of our government. To preserve that, everyone must get involved. Everyone is busy, but most of us can spare at least a little time to help out. Perhaps "Spare a Little Time" should be our new year's resolution.

Respectfully submitted
Edwin A. Beckwith
Peter C. Batayte
John Briggs

FINANCE COMMITTEE REPORT

The year 1987 was by far the year of overruns. The growth pressures on Granville are being felt dramatically and it seems to be only the beginning.

The major expenditures being addressed include the school project, law department, and the dump.

The costs required to run the town and keep up with growth are more than the resources available.

We strongly recommend instituting "user fees," for town services ie: Ambulance, Fire Dept, Police and Dump. Recycling will be mandatory in the very near future for solid waste disposal.

If the present rate of spending continues, we will be forced into overriding proposition 2½.

The town has enjoyed the luxury of being debt free for many years, however if the current trend continues we will be entering the age of deficit spending.

We urge everyone to become involved with the decision making process and become aware of your future!

Respectfully,
The Finance Committee
Richard Woodger
Walter Pflumn
Mary Stosick
Thomas Monteith
James Roberts

REPORT OF THE BOARD OF APPEALS

The Board of Appeals was involved in the following decisions:

Ray Nestrovich was granted a permit to use a Mobile home to house agricultural employees for a term of May 1st through November 15, 1987 in compliance with all Board of Health requirements.

Milton Hansen was granted a permit to use a trailer as a kitchen.

At his hearing, John Tarnaukas withdrew his petition.

Several meetings were held by the members pertaining to the new Zoning By Laws. They also attended meetings held by the Planning Board.

Karen Mroz, Chairman
Harold Lovelace, Co-chairman
Marilyn Hiers, Secretary
Carolyn Donatini, Member
Marilyn Tkaczuk, Member
Ralph Dickinson, Alternate Member

REPORT OF THE TOWN CLERK

SPECIAL TOWN MEETING

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs to meet at the Town Hall in Granville Center on March 9, 1987 at 8:00 P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to transfer the sum of $15,000.00 from free cash to the Town Dump Account.

Article 2. To see if the Town will vote to become a member of the Pioneer Valley Planning Commission under the provisions of Chapter 40D of Massachusetts General Laws.

Article 3. To see if the Town will vote to transfer from free cash the sum of $180.60 as the Towns local assessment fee for the year 1987, for the Pioneer Valley Planning Commission.

Article 4. To see if the Town will vote to accept and expend the sum of $1,500.00 (maximum) or such other sum or sums of money which may be made available through the Executive Office of Energy Resources, Commonwealth of Massachusetts; said sum to be used to conduct technical audits on the Town Hall realizing that the terms of the grant require that the Town must pay back $450.00 (maximum) or 30% of the grant payable in equal installments over a eight year period. Said repayment installments shall be deducted from the "Lottery Distribution" or other local aid distribution, grant or appropriation due to the Town from the Commonwealth as determined by the Commissioner of the Massachusetts Department of Revenue, commencing in FY 89 and ending in FY 97.

Article 5. To see if the Town will vote to transfer the sum of $10,000.00 from free cash to the Insurance Account.

Article 6. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days atleast before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 23rd day of February 1987.

Edwin A. Beckwith, Chairman
Peter C. Batayte
Board of Selectman

I have served this warrant by posting true and attested copies in each of the usual places in Town for posting such notices.

Wilfred A. Goneau, Jr.
Constable

SPECIAL TOWN MEETING
March 9, 1987

The Moderator declared a Quorum present and called the meeting to order at 8:05 P.M. at the Granville Town Hall.
The warrant was read.

Article 1. Voted to transfer the sum of $15,000.00 from free cash to the Town Dump Account.

Article 2. Voted to become a member of the Pioneer Valley Planning Commission under the provisions of Chapter 40D of Massachusetts General Laws.

Article 3. Voted to transfer from free cash the sum of $180.60 as the Towns local assessment fee for the year 1987, for the Pioneer Valley Planning Commission.

Article 4. Voted to accept and expend the sum of $1,500.00 (maximum) or such other sum or sums of money which may be made available through the Executive Office of Energy Resources, Commonwealth of Massachusetts; said sum to be used to conduct technical audits on the Town Hall realizing that the terms of this grant require that the Town must pay back $450.00 (maximum) or 30% of the grant payable in equal installments over a eight year period. Said repayments installments shall be deducted from the "Lottery Distribution" or other local aid distribution, grant or appropriation due to the Town from the Commonwealth as determined by the Commissioner of the Massachusetts Department of Revenue, commencing in FY 89 and ending in FY 97.

Article 5. Voted to transfer the sum of $10,000.00 from free cash to the Insurance Account.

Article 6. a. Richard C. woodger of the Finance Committee made a presentation on estimated revenue for Fiscal Year 1988.

b. Selectman Edwin A. Beckwith announced that we have been recently approved $150,000.00 under a STRAPS program for repairing North Lane #2.

c. John Briggs explained the Shared Administrative Assistant program (circuit rider) briefly.

Meeting adjourned at 8:55 P.M.

Attest: Bonnie A. King
Town Clerk

NOTICE OF ANNUAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on May 11, 1987 at 7:00 P.M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen, Tax Collector, Treasurer, Assessors, School committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming months, Fiscal 1988.

Article 3. To see what sums the Town will vote for General Government.

Article 4. To see if the Town will vote to raise and appropriate $3,360.00 to provide this money as the Town's share of the Shared Administrative Assistant's Program, to accept any other funds as may be available to support said program during Fiscal Year 1988, and to authorize the Selectmen to enter into a cooperative agreement as prescribed by MA General Laws, Chapter 40, Section 4A for the program's administration and management, subject to approval of funding from other entities involved, or pass any vote or votes in relation thereto.

Article 5. To see if the Town will vote to carry the balance in the Planning Board account.

Article 6. To see if the Town will vote to carry over the balance in the Tax Map account.

Article 7. To see if the Town will vote to carry over the balance in the Assessor's Legal account.

Article 8. To see what sums the Town will appropriate for General Highway.

Article 9. To see if the Town will vote to raise and appropriate the sum of $25,000.00 for the Road Machinery Account.

Article 10. To see if the town will vote to raise and appropriate the sum of $33,417.00 or such other amount made available by the State to be used for highway purposes. These funds to be expended in anticipation of reimbursement from the State under Chapter 825.

Article 11. To see if the Town will vote to raise and appropriate the sum of $29,123.00 or such other amount the State may provide for the construction of town roads under the provisions of Chapter 577, Section 8 (1980).

Article 12. To see if the Town will vote to carry over the balance in the Hurricane Gloria receipts to the Highway Department accounts.

Article 13. To see if the Town will vote to transfer from free cash the sum of $51,450.00 to purchase a heavy duty highway truck and to authorize the Board of Selectmen to take action on the used Diamond Reo truck.

Article 14. To see if the Town will vote to transfer from free cash the sum of $19,400.00 for the purchase of a lightweight duty highway truck.

Article 15. To see if the Town will vote to raise and appropriate the sum of $4,000.00 for the Street Lights account.

Article 16. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 17. To see what sums the Town will vote to appropriate for Health and Sanitation.

Article 18. To see if the Town will vote to raise and appropriate the sum of $3,205.00 to Veterans Administration.

Article 19. To see if the Town will vote to carryover the balance in the Veteran's Benefits account.

Article 20. To see if the Town will vote to raise and appropriate the sum of $306.00 for the Westfield Mental Health and Retardation under the provisions of Chapter 735 of the Acts of 1966 as amended.

Article 21. To see what sums the Town will vote to raise and appropriate for the Town Library.

Article 22. To see if the Town will vote to transfer from surplus the sum of $1,250.00 for the Library in anticipation of being reimbursed by the State.

Article 23. To see what sums the Town will appropriate for Educational purposes.

Article 24. To see if the Town will vote to accept the report of the Granville School Planning Committee.

Article 25. To see if the Town will vote to raise and appropriate the sum of $25,000.00 for the purpose of hiring an architectual firm selected by the Granville School Planning committee to develop preliminary plans for the renovation and addition to the Granville School.

Article 26. To see if the Town will vote to authorize the Town Moderator to form a joint regionalization study committee with Tolland to review the advantages and disadvantages of elementary regionalization with Tolland.

Article 27. To see if the Town will vote to accept and equal educational opportunity grant for fiscal 1988 in the amount of approximately $2,172.00 under the provisions of GL Ch 70A S.5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be expended by the School Committee for direct service expenditures.

Article 28. To see what sums the Town will appropriate for Unclassified Departments.

Article 29. To see if the Town will vote to carry over the unused balance in the Unemployment Compensation Fund.

Article 30. To see if the town will vote to raise and appropriate the sum of $200.00 for the Conservation Commission maintenance.

Article 31. To see if the Town will vote to raise and appropriate the sum of $500.00 for the Conservation Fund.

Article 32. To see if the Town will vote to raise and appropriate the sum of $1,000.00 for the Recreation Committee.

Article 33. To see if the Town will vote to raise and appropriate the sum of $1.00 for Interest & Certifying.

Article 34. To see if the Town will vote to raise and appropriate the sum of $1.00 for the Workmen's Liability Fund.

Article 35. To see if the Town will vote to raise and appropriate the sum of $200.00 for the Woodland Cemetary, $1.00 Old Westfield Road Cemetary, $1.00 Beech Hill Road Monument, $200.00 Center Cemetary, and $300.00 West Granville.

Article 36. To see if the Town will vote to raise and appropriate the sum of $28,911.00 for the Hampden County Retirement.

Article 37. To see if the Town will vote to raise and appropriate the sum of $3,000.00 for the Town Inspector of Buildings.

Article 38. To see if the Town will vote to raise and appropriate the sum of $100.00 for the Town Inspector of Building's Maintenance Fund.

Article 39. To see if the Town will vote to raise and appropriate the sum of $500.00 for the Council of Aging.

Article 40. To see if the Town will vote to raise and appropriate the sum of $1,500.00 for the Town Newsletter.

Article 41. To see if the Town will vote to carry over the balance in the Historical Commission account.

Article 42. To see if the Town will vote to raise and appropriate the sum of $3,200.00 for the Historical Commission.

Article 43. To see if the Town will vote to transfer the sum of $10,000.00 from Overlay Reserve to the Reserve Fund.

Article 44. To see if the Town will vote to carryover the $7,500.00 in the Town audit account.

Article 45. To see if the Town will vote to raise and appropriate the sum of $100.00 for house inspections by the Granville Volunteer Fire Department to be reimbursed by the title holder.

Article 46. To see if the Town will vote to carry over the balance in the account for repairs and painting on the Town Hall and the Firehouse.

Article 47. To see if the Town will vote to raise and appropriate the sum of $2,500.00 for repairs and painting on the Town Hall and the Firehouse.

Article 48. To see if the Town will vote to transfer from free cash the sum of $5,000.00 to the Capital Stabalization Fund.

Article 49. To see if the Town will vote to transfer from free cash the sum of $6,000.00 to be used to reduce the property tax for fiscal 1988.

Article 50. To see if the Town will vote to sell one used Army surplus jeep.

Article 51. To see if the Town will vote to approve tax exemptions for the elderly as provided in Chapter 73, Clause 41C, which increases the income limits to $13,000.00 for a single person or $15,000.00 for a married couple. If income guidelines are met, the whole estate may not exceed $28,000.00 if single or $30,000.00 if married. An elderly person's assessed property valuation would be excluded.

Article 52. To see whether the Town will authorize the treasurer to enter into compensating balance agreement or agreements for fiscal year 1988 pursuant to Chapter 44 Section 53F of the General Laws.

Article 53. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1987 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 54. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 1ST DAY OF MAY, 1987

Edwin A. Beckwith, Chairman
Peter C. Batayte
John Briggs
Board of Selectmen

I have served this warrant by posting true and attested copies thereof in each of the usual places in Town for posting such notices.

Albert A. Benham, Constable

SPECIAL TOWN MEETING
July 13, 1987

The Moserator declared a Quorum present and called the meeting to order at 8:10 P.M. at the Granville Town Hall.

The warrant was read.

Article 1. Voted to transfer from Police and Fire Fuel Account the sum of $1,000.00 to the Police Salary Account.

Article 2. Finance Committee recomended to amend the article to read $12,000.00 from the Educational Account.

Voted to transfer the sum of $12,000.00 from the Educational Account and to transfer the sum of $400.00 from the House Inspection Account to the Reserve Account.

Article 3. Selectman John Briggs reminded Towns people of the Hearing on Subdivision Regulations July 20, 1987 that will not require any vote.

The Board of Selectman are seeking assistance for the fruit growers for hail damage.

Meeting adjourned at 8:35 P.M.

Attest: Bonnie A. King
Town Clerk

NOTICE OF SPECIAL TOWN MEETING

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on September 14, 1987 at 8:00 P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to purchase a parcel or parcels of real estate with any improvements thereon, or any part thereof, said real estate being partly assessed and taxed as agricultural/horticultural land and forestry land, and being more particularly described in two deeds dated July 3, 1973 and November 15, 1976 and recorded in the Hampden County Registry of Deeds in book 3826, Page 439, and Book 4353, Page 366, respectively, all in accordance with Massachusetts General Laws, Chapter 61 and 61A, for a purchase price not to exceed $400,000.00. And to appropriate said sum by authorizing the treasurer with the approval of the Board of Selectmen to borrow under Chapter 44, Section 7, or Section 21A said sum for not more than 15 years or take any other action thereon.

Article 2. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 31st day of August 1987.

SPECIAL TOWN MEETING
September 14, 1987

The Moderator called the meeting to order at 8:07 P.M. at the Town Hall in Granville Center. A quorum was present. The warrant was read.

Article 1. Recommended by the Finance Board.

A motion was made and seconded to make all options for that land be made public to the Towns People before asking for a vote on it. The motion was defeated.

Voted to purchase a parcel or parcels of real estate with any improvements thereon, or any part thereof, said real estate being partly assessed and taxed as agricultural/horticultural land and forestry land, and being more particularly described in two deeds dated July 3, 1973 and November 15, 1976 and recorded in the Hampden County Registry of Deeds in Book 3826, Page 439, and Book 4353, Page 366, respectively, all in accordance with Massachusetts General Laws, Chapter 61 and 61A, for a purchase price not to exceed $400,000.00. And to appropriate said sum by authorizing the treasurer with the approval of the Board of Selectmen to borrow under Chapter 44, Section 7, or Section 21A said sum for not more than 15 years or take any other action thereon.
PAPER BALLOT 171 YES, 37 NO

Meeting adjourned 9:55 P.M.

Attest: Bonnie A. King
Town Clerk

NOTICE OF SPECIAL TOWN MEETING
TOWN WARRANT

Commonwealth of Massachusetts
Hampden, ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on November 23, 1987 at 8:00 P.M. to vote upon the articles which follow:

Article 1. To see if the Town will vote to authorize its Board of Selectmen to sell and convey to an individual or entity, subject to such terms and conditions and at such price not less than $325,000.00 as the Board of Selectmen of the Town may prescribe, a certain parcel or parcels of real estate in said Town as more particularly described in two deeds dated July 3, 1973 and November 15, 1976 and recorded in the Hampden County Registry of Deeds in Book 3826, Page 439, and Book 4353, Page 366, repsectively, being the same premises to be purchased by the Town in accordance with Massachusetts General Laws, Chapter 61 and 61A, subject to such agricultural preservation restrictions or other conservation restrictions in furtherance of the objectives of Massachusetts General Laws Chapters 184 and 132A as the Board of Selectmen may prescribe, or to take any other action relative thereto.

Article 2. To see if the Town will vote to transfer the sum of $911.00 for the Oak Hill School for a rate adjustment for the year 1983 from Free Cash.

Article 3. To see if the Town will vote to transfer $10,000.00 from free cash to the Law Department.

Article 4. To see if the Town will vote to transfer the sum of $8,015.00 which equals the amount received from the Spring Flood Money.

Article 5. To see if the Town will vote to transfer from free cash the sum of $1,086.00 to make the final payment for the new Mack Truck. (The sum was allocated for trade on used truck).

Article 6. To transact any other business that can legally come before this meeting.

And you are directed to serve this warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, fourteen days at least before the time and place of said meeting.

Constable Wilfred A. Goneau, Jr.

SPECIAL TOWN MEETING
November 23, 1987

The Moderator called the meeting to order at 8:05 P.M. at the Town Hall and declared a quorum present.

The warrant was read.

Article 1. To see if the Town will vote to authorize its Board of Selectmen to sell and convey to an individual or entity, subject to such terms and conditions and at such price not less than $325,000.00 as the Board of Selectmen of the Town may prescribe, a certain parcel or parcels of real estate in said Town as more particularly described in two deeds dated July 23, 1973 and November 15, 1976 and recorded in the Hampden County Registry of Deeds in Book 3826, page 439, and Book 4353, page 366, respectively, being the same premises to be purchases by the Town in accordance with Massachusetts General Laws, Chapter 61 and 61A, subject to such agricultural preservation restrictions or other conservation restrictions in furtherance of the objectives of Massachusetts General Laws Chapters 184 and 132A as the Board of Selectmen may prescribe, or to take any other action relative thereto.

Article amended from the floor to read: To see if the Town will vote to transfer to the Board of Selectmen for the purpose of selling and conveying to an individual or entity, subject to such terms and conditions and at such price not less than $325,000.00 as the Board of Selectmen of the Town may prescribe, a certain parcel or parcels of real estate in said Town as more particularly described in two deeds dated July 3, 1973 and November 15, 1976 and recorded in the Hampden County Registry of Deeds in Book 3826, page 439, and Book 4353, page 366, respectively, being the same premises to be purchased by the Town in accordance with Massachusetts General Laws, Chapter 61 and 61A, subject to such agricultural preservation restrictions or other conservation restrictions in furtherance of the objects of Massachusetts General Laws Chapter 184 and 132A as the Board of Selectmen may prescribe, or to take any other action relative thereto.

VOTED to accept the amendment 52 YES, 0 NO (majority required).

Article 1. VOTED to transfer to the Board of Selectmen for the purpose of selling and conveying to an individual or entity, subject to such terms and conditions and at such price not less than $325,000.00 as the Board of Selectmen of the Town may prescribe, a certain parcel or parcels of real estate in said Town as more particularly described in two deeds dated July 3, 1973 and November 15, 1976 and recorded in the Hampden County Registry of Deeds in Book 3826, page 439, and Book 4353, page 366, respectively, being the same premises to be purchased by the Town in accordance with Massachusetts General Laws, Chapter 61 and 61A, subject to such agricultural preservation restrictions or other conservation restrictions in furtherance of the objectives of Massachusetts General Laws Chapter 184 and 132A as the Board of Selectmen may prescribe, or to take any other action relative thereto.

Paper Ballot 58 YES, 7 NO (2/3 vote required).

Article 2. Recommended by Finance Board. VOTED to authorize the Board of Selectmen to use $3,360.00 appropriated as the Town's share of the Shared Administrative Assistant's Program to hire a part-time shared assistant for the balance of Fiscal Year 1988.

Article 3. Recommended by Finance Board. VOTED to transfer $10,000.00 from free cash to the Law Department.

Article 4. Recommended by Finance Board. VOTED to transfer the sum of $8,015.00 which equals the amount received from the Spring Flood Money.

Article 5. Recommended by Finance Board. VOTED to transfer from free cash the sum of $1,086.00 to make the final payment for the new mack Truck. (The sum was allocated for trade on used truck).

Article 6. Under any other business:

A. Land Transfer Tax—at an earlier meeting a sense of the meeting concerning a land transfer tax desired the Selectmen to further look into it. John Briggs said there is a bill currently before the State that will allow, if passed, Towns the options to assess such tax.

B. Emergency Services—Selectmen and representatives from emergency services to establish a long range planning committee.

C. Hit and Run victim—Chief of Police, Paul Holcomb would like to take up a collection that would offer a reward for information leading to the conviction of the person who struck down Phil King on the Old Westfield Rd, and fled. A non-binding sense of the meeting was taken and showed unanimous approval.

D. Growth Planning Workshop—John Briggs said the Town had recently received a grant from the Executive Office of Community Development for a workshop with Tolland on growth planning. Affordable/elderly housing is being looked into.

E. The FHA had promised loans to orchard people and they have withdrawn.

F. Vincent Lafleur of the Planning Board gave an update on the New Zoning By-Laws.

G. Open Hunting. Selectmen, Peter Batayte asked for a sense of the meeting concerning a By-Law restricting open hunting. The people wished the Selectmen to look into it further.

Meeting adjourned 9:50 P.M.

Attest: Bonnie A. King
Town Clerk

Meetings

Regular meetings are held the second Monday of each month from September through July and such special meetings as necessary.

All meetings are open to the public. Meetings are called to order at 7:30 P.M. Opportunity for public comment is offered at the beginning of each meeting.

The October and May meetings are held in West Granville. All other meetings are held at the Village School.

No School

The NO SCHOOL SIGNAL will be broadcast on stations WTIC-1080, WHYN-560 and WNNZ-1570. School is called off only if there are severe weather conditions, road conditions are hazardous or if there is an emergency. Parents should use their own judgment as to whether or not to send their child to school on inclement weather days.

Schools in Granville will automatically be called off when schools in Southwick are closed. In the event that Southwick delays school for an hour, high school students will be picked up at the same time as elementary students.

Work Permits

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time.

Those fourteen (14) and fifteen (15) must have physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from the Village School office or from the Superintendent of Schools in Southwick.

Jeanette Martin	Noon Aide at Village/Crossing Guard
Lynn Emerson	School Lunch Assistant

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my eleventh annual report as Superintendent of Schools for the Berkshire-Hampden Southwest School Union (Massachusetts School Supervisory Union #39), it being the eighty-sixth of such reports.

It may be of interest for some to know that School Union #39 was originally created in 1902 and consisted at that time of the Towns of Agawam, Southwick and Granville.

BASIC SKILLS TESTING

Students in Grades 3 and 6 were tested during this past year in the areas of reading, writing and mathematics. This testing program is designed to identify and assist students considered deficient in the mastery of basic skills. Your students continue to do well in comparison to the state average and to students in your KOC (Kind of Community). Since the small numbers of students do not lead to statistical validity we do not receive a detailed statistical analysis.

POLICY STUDY

Throughout the past year the School Committee has been involved in an on-going review of past & present policies. The purpose of this study has been to update current policies and to develop new policies which will assist the present and future school committees to deal more effectively with current and future issues.

SPECIAL NEEDS

It is easy to blame many of our financial problems on the increased costs of Special Education. Rather than do that I wish to point out that we in Massachusetts are probably doing more to meet our educational obligations in this field than at any time in our history. And probably doing it more effectively as well. For years this was a neglected responsibility.

The real problem lies in the fact that the state does not assume the proportionate financial responsibility for imposing mandatory state regulations in each school system.

Lest we feel that Special Needs costs in Granville are higher comparatively than the average, I wish to emphasize that the percentage of pupils involved in Special Needs programs in Granville is generally lower than or at the state average.

A year ago strong recommendations were made to the School Committee regarding adding to the staff as well as reorganization of the staff responsibilities. These recommendations were implemented and have assisted the school system to be able to better meet all of its obligations and responsibilities.

The major Special Needs problems now lie with a lack of adequate facilities for students, staff adjustment counselors, specialists and for private meetings, which require confidentiality. Hopefully, these problems will be addressed adequately with the construction of additional facilities.

SCHOOL FACILITIES

The Granville School Building Committee has moved swiftly to address the great need for more and more adequate school facilities. Numerous meetings have been held in the past year to move this project along. Department of Education officials have been consulted, architects interviewed, and Tessier Associates selected to submit preliminary plans. It is expected that the community will be asked to make a commitment at some time in the near future.

A major stumbling block has occurred at the state level with a cutback in School Building Assistance Bureau funds. It was anticipated that 21 million dollars would be available to over 30 communities for bonding purposes.

Unless the cutback in funding is rescinded we can anticipate some delays. There is some reason to believe, however, that there may be some reconsideration at the state level and additional funds may be released due to the fact there are so many communities in need of additions or new buildings.

REGIONALIZATION STUDIES

Investigations into possible regionalization arrangements are being conducted in all four communities which comprise School Union #39. Of particular immediate interest to Granville students is the study being made concerning a possible K-8 regional district consisting of Granville & Tolland. The advantages and disadvantages of such a district have been well discussed by representatives from both communities. There are certain to be public meetings and additional information on this possible arrangement in the coming months. At this time it should be emphasized that the Granville Study Committee was authorized only to investigate a possible Granville — Tolland district. It is anticipated that the scope of the study may be broadened at a later meeting.

Of additional interest is the regionalization study being conducted by a Southwick committee. The Southwick committee was authorized to investigate any possible regionalization arrangements. As a result their investigation has carried into a possible K-12 arrangement with Granville and Tolland; a possible 9-12 district with Granville and Tolland; and a possible K-12 arrangement with Tolland. Any one of these possible regional districts would have great financial benefits for all three communities with resulting educational benefits. There is no question in my mind that these educational benefits would do much to improve the quality of education in all three communities.

SUMMARY

We are fortunate to work with so many fine staff, school committee, students, community members and School Union #39 staff who help the school system function so effectively. Many thanks and special appreciation are extended to Mr. Azar and his very competent staff who have worked long, hard and diligently in addressing the many and varied needs of the Granville schools. Their conscientiousness, sensitivity and dedication to these tasks and concerns are commendable.

The reports which follow are part of this report. You are urged to read them and if you have any questions, the person who wrote them will be glad to discuss the report with you.

Respectfully submitted,

Louis S. Josselyn
Superintendent of Schools

REPORT OF THE PRINCIPAL

TOWN REPORT

I submit my fourth report as Principal of the Granville Public Schools.

The school staff continues to be involved in a review the curricula, implementation of new report cards and our new school handbook, while concurrently serving on committees to address short and long term needs at the schools. This report will outline those efforts, as well as, reflect on other pertinent topics.

STAFF CHANGES

At the end of the last school year Debby McCarthy, Martha Lott, David Przybylowski, Lynn Emerson and Jane Tarnauskas resigned their positions at the Schools. In the short time these staff members were with us they worked extremely hard at their jobs in support of children's needs in the school. I'd like to thank them for their efforts and wish them well in the future. Appointed to fill the vacant positions were: Connie Kuhlman, English, Spanish and computer teacher; Louis Albano, School Adjustment Counselor; Lynn Mocarsky, Chapter I Reading; Julie LeClair and Marie Alamed, Cafeteria Aides at the Village and West Granville Schools, respectively.

PROGRAMS

Curriculum Review

During the 1985–1986 School Year we began an assessment of our curriculum to fine tune an already strong curriculum; provide a forum to review teaching materials and methods; purchase new books where necessary; prevent staff from being in competition with each other for the limited money available for texts and supplies; and to record our curriculum goals and objectives. In a series of meetings we outlined the need for this review and identified the process to be used. Part of the process called for the formation of a committee to identify the sequence of subjects to be reviewed. This sequence focused on what the staff felt to be most critically in need of attention. At this point we have implemented new or revised programs in language arts (K-8), grade 8 math, foreign language (6-8), music (selected grades), drug education (K-6), and art.

Concurrently, needs assessments have begun in the areas of math (K-3), social studies (6-8), and music (selected grades).

To date our review and implementation efforts have been successful. Staff members have responded enthusiastically both to the new materials and to the students response to the materials. Future efforts will focus on math (3-5), social studies (K-5), science (K-8), health, physical education, and future school programs.

Project Charlie

Project Charlie, a drug abuse prevention program based on the acronym Chemical Abuse Resolution Lies in Education, will be used with all students in grades K-6.

The major objective of Project Charlie is to promote the social and emotional growth of children before they enter the drug experimenting years of adolescence. While many methods are used, the main focus of the program is in building positive self-esteem in students in a classroom and helping them build social competencies and life skills.

Our plan is to begin implementation of the program in March of this year and fully implement it in the 1988–89 School Year.

Parent and community involvement is essential to the success of this program. If you can give us two hours a week for 15 weeks contact us at school.

Report Card Review

The second phase of our report card review has resulted in the use of a new report card in grades 6 through 8 during the first two marking periods. Planned for the spring of this year is the distribution of a survey to gather input from parents on the use of this card. The survey and staff discussions will determine what our final recommendations to the School Committee will be on the use of this card.

Concurrently, our report card in Grades 3–5 is being reviewed with the hopes of it being ready for use in the 1988–89 School Year.

Special Education

The recommendations for staffing, space and renovation implemented in the 1986–87 school year met with great success. The efforts of our coordinator, counselor, teachers, and aids have resulted in a better match between student needs and services provided. In addition, in the 1987–88 School Year we have made several adjustments to better use available space and staff time. Some of the adjustments included changing teaching stations to provide more consistency in the programs and more planning time at the Village & West Granville Schools. A review of the program has also resulted in further recommendations to address the needs of our children.

Computer Literacy Program

Computer use is formally taught in Grades 3, 4, 5 and in the resource room. Computer based activities are also presented via English class in Grades 6–8 and with the purchase of an Apple Computer System from a State Technology Grant money is available to extend the program to social studies, problem solving, and class and school administrative needs.

Instruction is based on the concept of a computer being a classroom tool and is primarily used to promote writing via programs which allow children to easily illustrate their writing, eliminate some of the tedium of writing, and publish completed works. The software is presented cooperatively by the classroom teacher and our computer resource teacher and uses both in class and in lab settings.

School Handbook Implementation

The compilation and circulation of school practices and procedures has resulted in an increased understanding of how the school operates and has provided a reference for all members of the school community.

In the spring of this school year the Handbook Committee reconvened to review and edit the handbook with the hopes of having a reprint ready for the beginning of the 1988–89 School Year.

Parents in the School

Several groups either exist or are being developed to provide parents with formal vehicles to have input into developing school policies, to present programs for children and adults and to raise questions, concerns or provide support for specific school programs.

These groups include AD HOC committees, The School Improvement Council (SIC) and Parent Advisory Council (PAC).

Respectfully submitted,

Peter J. Azar, Principal
Granville Public Schools

REPORT OF THE SCHOOL NURSE

I hereby submit my eleventh annual report as School Nurse for the Granville Public Schools.

In March '87, the film "Growing Up On Broadway" and the filmstrip "The New You Coming — for Girls" was shown and discussed with the 5th & 6th grade girls. At the same time, the 5th & 6th grade boys viewed and discussed the film strip "The New You Coming — for Boys".

The Spring Immunization clinics continue to provide all students with the opportunity to stay up-to-date with immunization needs.

In May '87, postural screening was done on all 5th through 8th grade students, in compliance with Chapter 71 Section 57 of the Mass. General Laws. Some students were referred to their family physicians for further evaluation.

Vision and Hearing tests have been individually done on all students. Students failing either of these have been retested and those requiring further treatment were referred to their own physicians.

On October '87, Dr. Bagamary did required physical examinations on K 4th & 7th grade students who were not seen by their private physicians.

The weekly Fluoride Mouthrinse program has an 80% participation. With the help of dedicated volunteers this program is successful. This program is funded by the Mass. Dept. of Public Health, Division of Dental Health.

Under a Horace Mann Grant, I researched & selected a Drug & Alcohol Prevention Program to be used in grades K-6. The curriculum titled "Project Charlie" promotes social & emotional growth of children, before they enter the drug experimenting years of adolesence, by building self-esteem, social competencies & life skills.

I continue to enjoy my work with the students of Granville. I wish to thank Mr. Azar, all parents and staff for their continuing cooperation in meeting the health needs of all students.

Respectfully submitted,

Linda Duval, R.N.
School Nurse

REPORT OF THE SCHOOL CAFETERIA MANAGER

This is my second Annual Report as Cafeteria Manager of the Granville Public School System.

Participation has increased, but still fluctuates with the menu. It is a fast food generation and I find it difficult to serve meals such as pizza everyday.

We are still trying to satisfy our steady customers and encourage new ones.

Our budget is limited as food costs are still not stable. We did increase the price of lunches last April to .75¢ a lunch and .40¢ for a reduced lunch. We are just about breaking even now.

The U.S.D.A. continues to furnish us with products such as flour, butter, cheese, rice, canned fruit, a few meats and vegetables.

We continue to send lunches to the Senior Citizens every Tuesday.

Jane Tarnauskas is my Assistant at the Village School and Marie Alamed is serving lunches at West Granville.

I'd like to thank everyone who has helped make my first year a success.

Respectfully submitted,

Joan E. Miller,
Cafeteria Manager

GRANVILLE PUBLIC LIBRARY

To the citizens of the Town of Granville;

The year 1987 was a year of growth for our Library. 2,146 people checked out 8,476 books and magazines, 400 cassette tapes and books and 130 Inter Library Loan books. These are big increases over our statistics for the year 1986. We issued 280 Library cards.

Because our Inter Library Loan or ILL requests to Western Mass. Regional Library Systems have increased steadily, we are now on their weekly direct deliver route.

This year, due to requests in our suggestion box we changed our hours to include being open one morning a week and later on one evening a week. The new hours being Monday 2-7 pm, Wednesday 10-12am and 2-8 pm and Saturday 1-5 pm. We decided to close the Library on Saturdays during the summer months of July and August due to a lack of patrons during these slow months.

We began a storytelling hour on Wednesdays at 10:30 am for preschool children. Ed Bourassa has been our volunteer story teller and we have had a wonderful time. Through this program we have brought in new library families. We enjoyed a party at mid-year to boost the program, complete with clowns and balloons.

April 11th we celebrated National Library Week with an open house party and balloon launch. 30 children participated and 3 balloons were discovered near Worcester!

Our Summer Reading Program was a success with 29 children in grades 1 through 6 participating. The theme was monsters, friendly and ferocious and the children read 245 books. Ed Bourassa was our program director.

Several classes from West Granville and Village School visited us for a tour, book scavenger hunt and an opportunity to test their newly acquired library skill.

Our project this year was weeding out and replacing non-fiction books in the children's room. Many books in this room are worn out or outdated as reference material. As a result of the Village school not having a library, the children come to us, and many times we are unable to meet their needs.

Our community is growing and with growth comes needs. Happily, for our children and adults this includes books, sadly sometimes we cannot supply the need, due to budget restraints.

We purchased a new typewriter and began billing for lost or damaged books. $74 was collected for these books.

We say thank you to the Library Club for continuing to supply us with 28 magazine subscriptions and also for purchasing the new 1988 edition of the World Book Encyclopedia.

Thank you also to Ed Beckwith and Bill Hooper for assisting in the repair of our flag pole so once again we might fly our flag.

Six new bright yellow chairs were added to our childrens room as a result of the Catherine Carpenter fund. Thank you Amos & Karen Carpenter.

Donna Roberts, Library Director and Karen Carpenter Library Aide both attended several workshops at Western Mass. Regional Library Systems in Hatfield. These were for the purpose of completing requirements for certificate of Librarianship, to improve library skills and to make the needs of our growing community.

We continually receive compliments from the Bookmobile staff, vistors, new residents and the many visitors during the October Harvest Sale concerning our Library. Granville should have a sense of pride in her turn of the century building and willingness to keep up with the needs of her people.

Respectfully Submitted
Donna Roberts
Library Director

REPORT OF THE HIGHWAY DEPARTMENT

To the Selectmen of the Town of Granville

Gentlemen:

The purchase of our two new trucks made our job a lot easier and gave better service to the people of Granville. We have several narrow dirt roads to plow and sand now that people have built on them. These roads didn't have to be maintained before and our new little truck now takes care of them.

We made 2000 yards of winter sand this fall to be used on our highways.

The usual spring sweeping and cleaning of catch basins was done. The mowing of the lawns at the Town Hall, village green and Old Westfield Road Cemetery and the sides of all the roads were also done.

All our dirt roads were graded twice and fill was drawn in where needed. The brush was cut on the Gorge Road to maintain good visability. This was also done on some of the other roads.

Type I bitumuninous concrete 1 1/4″ thick was laid in place on Main Road from the school west to the bottom of Granville Hill. Route 189 was done to the post office bridge; and Sodom Street was completed from Dickinson Bridge for a distance of 2840 feet.

The project for this summer will be North Lane #2. At this time we don't know what other monies will be available for road work.

Respectfully submitted

William Hooper
Highway Superintendent

REPORT OF THE GRANVILLE PLANNING BOARD CALENDAR YEAR 1987

The calendar year of 1987 began with meetings with Pioneer Valley Planning Commission (PVPC) and the center for rural Massachusetts, resulting in the town renewing its membership in PVPC. This permitted the planning board to enter into a contract with PVPC to provide the necessary professional planning, technical, and research assisstance for the zoning bylaw rewrite. Draft of the bylaw was initiated mid-April and work continued until a complete draft was presented to an all-town boards meeting in December.

Recommendations and suggestions resulting from that meeting were incorporated into the present Draft offered at a public information meeting in January 1988.

As work progressed on the zoning bylaw draft, new subdivision rules and regulations were also being studied and were adopted in July and amended in November.

The Planning Board regretfully accepted the resignations of Ray Carlson in July and Tom Gates in October.

Rich Piece and Jay Jones were appointed to fill these vacancies until the 1988 elections.

In addition Bob Crochetiere defeated Harlon Hansen in the annual elections.

Throughout the year various members of the planning board have participated in other meetings, conferences and workshops held in the area dealing with growth issues, zoning laws, and related subjects. Planning board members have regularly attended PVPC meetings, school planning meetings and special meetings on comprehensive permits, open space, wetlands, and historical districts. They have also gone to numerous training sessions.

Respectfully submitted,

Vin Lafleur, Chairman

REPORT OF THE INSPECTOR OF BUILDINGS TOWN OF GRANVILLE

For the period of January 1 to December 31, 1987. Menio Benetti, Building Inspector

		Valuation
12	Single Family Dwellings	$1,096,500
11	Additions and Remodeling	187,600
4	Garages	24,700
6	Woodstoves	3,610
3	Demolitions	450
1	Inground Swimming Pools	25,000
1	Horse Barn	4,000
2	(1) Pole Barn (1) Regular Barn	17,000
1	Storage Shed	800
Total 41 permits		**$1,359,660**

6 — Migrant Worker Camp Occupancy Certificates	
19 — Plumbling Permits	$ 350.00
44 — Electrical Permits	1,700.00
3 — Gas Inspections	280.00

I would like to take this opportunity to thank you all for the cooperation you have given me in order to enforce the state building codes and once again for the privilege of serving the town of Granville. Also, my sincere thanks to Mr. Alan Daigneau, Electrical Inspector, and Mr. Holl, Plumbing Inspector.

Respectfully Submitted,
Menio E. Benetti, Building Inspector
Julius Holl, Plumbing Inspector
Alan Daigneau, Electrical Inspector

REPORT OF THE FIRE DEPARTMENT

To the Selectmen of the Town of Granville:

This is my third report to the Town of Granville, and I am pleased to report that this has been another year of progress. We have also been fortunate that it was a quieter year with about 15% fewer incidents than the year before. However, we have a serious need for volunteers. It has become difficult for the number of volunteers available to maintain adequate coverage during the day.

Our progress here has improved radio communications by buying more pagers so that at present most of the volunteers are equipped. This greatly increases the response time of the department. We have also begun to restructure the department. This will improve our ability to fight fires and to handle the day to day coverage of the town.

In closing, the Town is growing and so is the need for volunteers. It will become more difficult in years to come to meet the demands of the future, but with your help and support I am sure that the Department and the people of Granville will meet the challenge.

Respectfully,
Charles O'Connell
Fire Chief
Granville Volunteer Fire Department

REPORT OF THE FIRE DEPT./AMBULANCE

To the Residents of Granville:

Another busy year has passed. We have responded to 141 emergencies and we have been especially busy in the area of training; primary and continuing education—all in conjuction with state standards.

In the last year we have offered;

an EMT course (we are currently in the midst of another one)
CPR courses (plus recertifications for Ambulance, fire, & police)
2 First Responder courses
EMT refresher course

4 of our Emts completed a course & passed their state exam in MAST PANTS (a segment in advanced life support).

Granville Ambulance was the first ambulance service in the area to go on line with Noble Hospital in offering Mast Pants care.

A group of our Emts attended a seminar in Vermont in conjuction with Vermont Emergency Medical Services, on Pediatric Trauma/Emergencies.

Also, a group of our Emts attended the Massachusetts Assoc. of Emergency Medical Technicians conference last October, for the second year running.

We also coordinated with members of the Fire & Police Depts. & staged a swimming accident in the gorge (a popular, but potentially dangerous swimming hole) to familiarize ourselves with difficulties that may be expected when we get the call to go there.

Again, we coordinated our efforts with a member of the National Ski Patrol & Ripley's ski area to increase our knowledge & skills should we need to respond to a ski accident.

Even though we continue to offer EMT/FIRST RESPONDER training regularly — and are making great efforts to receive continuing education, our numbers continue to dwindle. This we directly attribute to volunteers finding it difficult to donate the time necessary to give the efficient & quality care all of us in Granville have come to know and expect.

Again, we thank all of those who have donated to the Ambulance Fund. It is through these donations we are able to purchase our much needed equipment. Some major purchases in the last year were;

4 pagers
1 mobile radio
1 basket stretcher
2 cpr manikans
1 set mast pants
new ambulance cot

Respectfully submitted,
Adele Benham,
Karen Ball,
Granville Ambulance Administration

REPORT OF THE POLICE DEPARTMENT: 1987

Calls to the Department	2,330
Calls Cruiser Answered	567
Domestic Complaints	4
Larceny	10
Breaking & Entering	11
Value of Stolen Property	$9,320.00
Malicious Destruction of Property	8
Homicide	2
Vacation House Checks	40
Arrests	1
Arrests on Warrants	7
Summons to Court	0
Motor Vehicle Auto Theft & Recovered	2/3
Assault & Battery with Weapon	1
Assault & Battery	2
Vandalism	1
Motor Vehicle Accidents: Reported	34
Unreported; Less than $1,000 damage	7
Hit & Run	2
Motor Vehicle Fatality	1
Traffic Citations: Warnings	0
Civil Infractions	0
Complaints	0
Arrests	5

The Granville dispatch system receives calls for emergency services (including police, fire and medical) on a 24 hour basis. The police department is manned by a chief, sargeant, and five officers. Police coverage is scheduled from 6:00 pm to 6:00 am on week days and 24 hour coverage is provided on weekends. Two of our officers are available for day duty most of the time. In the event Granville does not have an officer available or if the incident is very serious our dispatch will request the State Police to respond to provide coverage or needed expertise. The Granville police department has maintained its excellent working relationship with all of the surrounding departments. Granville has worked many cases jointly with the State Police and we routinely exchange case related information with the surrounding departments.

1987 has proved to be a very busy year with many very serious incidents. In addition to responding to 567 calls the Granville officers have completed all training courses required by the state. The following is a summary of the most serious events that occured in 1987:

2 Homicides (1 murder, 1 vehicular Homicide).

2 Hit & Runs (one has been solved and court action is pending. The second case which involved a very serious injury to a town resident is still open and is still under active investigation).

There was one Larceny in which over $5,000 was taken.

There has been *many* serious automobile accidents requiring careful and complete police investigations most of these investigations have resulted in citations being issued.

It is very apparent that as our town grows the demand on our emergency service departments will also grow. The success of our police department is very dependent upon the cooperation of its Granville citizens. In order to provide proper protection we request that you honor the following suggestions:

1) Promptly report suspicious activity.
2) Remove the keys from your vehicle.
3) Notify dispatch if you intend to leave your home unoccupied for a extended period. Also notify your neighbors to keep an eye on your property (neighborhood watch concept).
4) Lock your home.

There has been many requests for increased patrol activity in the Gorge, State Forest, and the water works properties. These request are the results of vandalism, accidents, and rowdy behavior. We also intend to increase traffic control patrols with an emphasis on speeders and drinking drivers.

Respectively Submitted
Paul Holcomb
Chief of Police

VETERAN'S SERVICE REPORT
1987

I herewith submit my annual report as Veterans Agent and Director of Agawam, Southwick, Granville and Tolland.

The Veterans' Service Department has had a very interesting and busy year with approximately 3,000 inquiries through personal contact and telephone calls. We continue to get busier each year due to the advanced age of our WW II veterans in need of medical assistance, and the constant flow of veterans and their families between communities.

Veteran Service Benefits are extended as mandated by Chapter 115 of the Mass. General Laws. Massachusetts is the only state to offer this comprehensive service to eligible veterans and their dependents. The program includes financial assistance, shelter and medical coverage. To qualify for this program three major requirements must be met. Verification of honorable wartime service, residence and need as this program is predicated on income.

According to a recent award summary, our office has acquired Federal Benefits for compensation, non-service connected disability, widows pensions and other related V.A. benefits for district veterans in the amount of $232,081.00 for calendar year 1987. These benefits are sent to the recipients direct from the U.S. Government. We also assist veterans needing help with V.A. mortgage and tax abatement entitlements and educational benefits as well as V.A. Hospital and out-patient care.

Our office also serves as an information and referral agency for Social Security, Supplemental Security Income and other agencies providing services not availalble through this department.

The office is located in the Annex, rear of the Town Hall, Agawam. Telephone number is 786-0400, Ext. 236 or 237. Hours are from 8:30 a.m. to 12:00 noon and 1:00 p.m. to 4:30 p.m., Monday through Friday except holidays. If possible, please call ahead for an appointment as I am required to make home investigations and hospital visits for the district towns as well as periodic trips to our Boston Office and attend conferences. If you are ill, elderly or handicapped arrangements can be made for a home visit.

All veterans are urged to have their discharge recorded in this office. It is important for the veterans family to be able to locate important documents in time of need. We are here to help, but remember, you are not entitled to any benefits unless you apply.

Respectfully submitted,

Ruth A. Bitzas
Director of Veterans' Services

GRANVILLE CONSERVATION COMMISSION

The Granville Conservation Commission was established to protect the town's natural resources in a regulatory and advisory manner. The Commission is responsible for environmental planning, accepting gifts of land and money for conservation purposes, acquiring grant money for town acquisition of open space, advising the other town boards on environmental concerns, and administering the Massachusetts Wetland Protection Act (Massachusetts General Law Chapter 131, section 40).

Essentially, the Wetland Protection Act covers any wet area where the groundwater level is at or near the surface of the ground for a long enough period during the year to support a community of wetland-type vegetation.

With the increase in new housing and contemplated developments, the demand on the Conservation Commission is escalating. In order to be responsive to requests from prospective builders and/or buyers and to be available for approvals as described in the town's new building guide, the Conservation Commission will meet on the third Thursday of every month at 7:30 PM in the town hall. We invite you to bring in your questions, plot plans, and building guide sign-off sheets to these meeting.

We will make every effort to meet your needs while protecting the environment that we all must line in.

Dan Oleksak
Ethel Brown
Malcolm Fuller
